INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 55 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts

The Public Accounts is produced in three volumes. **Volume I** presents a summary analysis of the financial transactions of the Government while **Volume III** contains an annual consolidated report on the businesses and activities of all parent Crown corporations together with a listing of all Crown corporations and other corporate interests of Canada.

Volume II is published in two parts. **Part I** presents the financial operations of the Government, segregated by ministry while **Part II** presents additional information and analyses.

Part I is designed to reflect as closely as possible the form and content of Part II of the Main Estimates. Most tables and statements in **Part I** display the source and disposition of spending authorities. The level of details provided for the source and disposition of authorities is explained below:

- **Source of Authorities**
  - *Available from previous years*
    Spending authorities allowed to be brought forward from the previous year. Includes only those authorities where there is a specified dollar limit on total spending, or on the accumulated outstanding balance of items where revenues and receipts are available for spending. Usually these items are either revolving funds or loans. These amounts are available for spending without further approval from Parliament.
  - *Main and Supplementary Estimates*
    Include:
    - spending authorities requested in Main and Supplementary Estimates and approved by Appropriation Acts;
    - forecasts included in Main and Supplementary Estimates of spending under authorities granted in various other statutes including Appropriation Acts of previous years.
  - *Adjustments and transfers*
    Include:
    - transfers from or to other ministries such as Treasury Board contingency votes or changes in ministry responsibility;
    - transfers within the ministry from one vote to another (under Parliamentary authority), or between activities, types of expenditures or transfer payments;
    - changes to statutory amounts due to adjustments of spending forecasts included in Main and Supplementary Estimates, due to cancellation or amendment to statutes or due to adjustments of Crown corporations borrowing authorities;
    - reserved allotments to cover over-expenditures of previous year's authorities.
  - *Total available for use*
    Authorities available for spending during the current year (net of forecasted revenues and receipts available for spending).
- **Disposition of Authorities**
  - *Used in the current year*
    Amounts spent in the current year (net of actual revenues and receipts available for spending).
  - *Lapsed (variance under)*
    Unused spending authorities which cannot be carried forward to a subsequent year.
  - *Overexpended (variance over)*
    Excess of spending over authorities granted.
  - *Available for use in subsequent years*
    Unused spending authorities which have not lapsed and which are carried forward to a subsequent year.

- *Used in the previous year*
  Amounts spent in the previous year (net of actual revenues and receipts available for spending). For authorities, activities or transfer payments that no longer exist in the current year, the related total net expenditure of the previous year is reported as a single amount in line with the notation "Appropriation (activities or items) not required for the current year".

The content of **Part I** is summarized as follows:

(a) Summary Tables (Section 1)

Section 1 includes the following tables which provide summaries of the financial operations contained in the ministerial sections:

Table 1	presents the source and disposition of budgetary authorities by ministry
Table 2	presents the source and disposition of non-budgetary authorities by ministry
Table 3	presents the source and disposition of budgetary and non-budgetary authorities by ministry and by type of authority (voted and statutory)
Table 4	presents expenditure by envelope for each ministry
Table 5	presents expenditure by standard object for each ministry
Table 6	presents revenue by main classification for each ministry

Section 1 also includes, as appendices, the full wording of all authorities granted in current year Appropriation Acts, of all authorities granted by Statutes other than Appropriation Acts, of all non-lapsing authorities granted in the current year, and of all authorities available from previous years.

(b) Ministerial Sections (Sections 2 to 29)

There is one section for each ministry. The programs for the departments and agencies for which a Minister is responsible to Parliament are grouped together to provide a total ministry presentation. Each ministerial section provides a statement of program objectives and activity descriptions. Each ministerial section also includes, where applicable, a uniform set of statements to present each ministry's financial operations. These statements are:

- *Ministry Summary*
  This statement displays by program the source and disposition of each budgetary and non-budgetary authority granted by Parliament in Appropriation Acts and other statutes.
- *Programs by Activity*
  This statement displays by program the source and disposition of authorities for each activity under each type of expenditure (operating, capital, transfer payments and non-budgetary).
- *Transfer Payments*
  This statement displays by program the source and disposition of authorities for each transfer payment.
- *Details of Amounts Credited to the Vote*
  This statement displays by program the nature of revenues and receipts which increase the amounts which may be spent from appropriations having net voting authority.
- *Revenue*
  This statement displays by program the nature of revenue collected for each main classification of revenue.

The statements in the ministerial sections are designed so that the relevant totals and sub-totals may be traced directly to a preceeding statement and then to the Summary Tables in Section 1. In this way:

- data in the *Transfer Payments* statement can be traced to the *Programs by Activity* statement which can in turn be traced to the *Ministry Summary* (of source and disposition of authorities) statement. Data in the *Ministry Summary* statement can be traced to the *Summary Tables* (Tables 1, 2 and 3) in Section 1.
- data in the *Details of Amounts Credited to the Vote* statement can be traced to the *Programs by Activity* statement and also to *Summary Table 5* in Section 1.
- data in the *Revenue* statement can be traced to *Summary Table 6* in Section 1.

TABLE 4

General Summary
Expenditure by Envelope

Table 4 presents expenditure by envelope for each ministry. Total net expenditure by envelope is segregated into expenditure with outside parties and expenditure internal to the Government. In addition, total expenditure with outside parties is presented on both a gross and net basis. The difference between gross an net expenditure with outside parties is revenue credited to appropriations from outside parties.

In this table, expenditure with outside parties represents expenditure incurred as a result of transactions with organizations and individuals outside the Government of Canada as an accounting entity while expenditure internal to the Government represents expenditure incurred as a result of transactions between organizations within the accounting entity. The Government of Canada as an accounting entity is defined in Note 1 to the audited financial statements in Section 2 of Volume I.

Revenue credited to appropriations represents revenue that has been credited to expenditure rather than to revenue where authority has been granted by Parliament.

The "Total" column of this table presents the total expenditure reported for each ministry in the ministerial sections of this volume.

The last part of this table reconciles total expenditure reported by ministries with expenditure reported in the audited Statement of Revenue and Expenditure and Accumulated Deficit in Section 2 of Volume I. The reconciling items include the expenditure of the consolidated specified purpose accounts, the provision for valuation, and the elimination of expenditure internal to the Government. "Total net expenditure" represents all budgetary expenditure recorded in the accounts of Canada in accordance with the accounting policies of the Government as set out in Note 1 to the audited financial statements of the Government in Section 2 of Volume I.

TABLE 5

General Summary
Expenditure by Standard Object

Table 5 presents expenditure by standard object for each ministry. The standard object presentation of expenditure is related to the goods and services acquired, and transfer payments made, by the Government. Total expenditure is presented on both a gross and net basis. The difference between gross and net expenditure is revenue credited to appropriations. The table also segregates expenditure with outside parties and expenditure internal to the Government.

In this table, expenditure with outside parties represents expenditure incurred as a result of transactions with organizations and individuals outside the Government of Canada as an accounting entity while expenditure internal to the Government represents expenditure incurred as a result of transactions between organizations within the accounting entity. The Government of Canada as an accounting entity is defined in Note 1 to the audited financial statements in Section 2 of Volume I.

Revenue credited to appropriations represents revenue that has been credited to expenditure rather than to revenue where authority has been granted by Parliament.

"Total gross expenditure" before consolidated specified purpose accounts and provision represents the total of expenditure charged to standard objects 1 to 12 inclusively. "Total net expenditure" represents the result of total gross expenditure less total revenue credited to appropriations as reported in the accounts of Canada. "Total net expenditure" before consolidated specified purpose accounts and provision discloses the total expenditure reported for each ministry in the ministerial sections of this volume.

The last part of this table reconciles total expenditure reported by ministries with expenditure reported in the audited Statement of Revenue and Expenditure and Accumulated Deficit in Section 2 of Volume I. The reconciling items include the expenditure of the consolidated specified purpose accounts, the provision for valuation, and the elimination of expenditure internal to the Government. "Total net expenditure" represents all budgetary expenditure recorded in the accounts of Canada in accordance with the accounting policies of the Government as set out in Note 1 to the audited financial statements of the Government in Section 2 of Volume I.

TABLE 6

General Summary
Revenue by Main Classification

Table 6 presents revenue by main classification for each ministry on both a gross and net basis. The difference between gross and net revenue is revenue credited to appropriations. The table also segregates revenue from outside parties and revenue internal to the Government.

In this table, revenue from outside parties represents revenue received from organizations and individuals outside the Government of Canada as an accounting entity while revenue internal to the Government represents revenue generated from transactions between organizations within the accounting entity. The Government of Canada as an accounting entity is defined in Note 1 to the audited financial statements in Section 2 of Volume I.

Revenue credited to appropriations represents revenue that has been credited to expenditure rather than to revenue where authority has been granted by Parliament.

"Total gross revenue" column represents revenue from all sources, including revenue credited to appropriations. The "Revenue internal to the Government" column represents the tax and non-tax revenue internal to the Government. The "Total net revenue" column represents tax and non-tax revenue from both external and internal sources, excluding revenue credited to appropriations. This latter column discloses total ministerial revenue before consolidated accounts as reported in the "Revenue" statement in each ministerial section of this volume.

The last part of this table reconciles total revenue reported by ministries with revenue reported in the audited Statement of Revenue and Expenditure and Accumulated Deficit in Section 2 of Volume I. The reconciling items include the revenue from the consolidated specified purpose accounts, the adjustment of the Exchange Fund Account to recognize the international reserves held in the Account, and the elimination of revenue internal to the Government. "Total net revenue" represents all budgetary revenue recorded in the accounts of Canada in accordance with the accounting policies of the Government as set out in Note 1 to the audited financial statements of the Government in Section 2 of Volume I.

To improve and extend communications services available to Canadians and to increase the availability of and access to Canadian cultural products and activities.

Activity Description

Telecommunications and Informatics
Planning and conducting of exploratory and applied research and development; formulating policies for regulation of telecommunications services and facilities; promoting the development and exploitation of advanced technologies in the fields of telecommunications and informatics by Canadian industry, for both the domestic and world markets.

Government Telecommunications Agency
Planning, coordinating and providing telecommunications services and facilities to federal departments and agencies.

Spectrum Management and Regional Operations
Development and implementation of radio frequency plans and frequency assignment; administration and enforcement of the provisions of the Radio Act and Regulations and the Telegraph Act, including the development and application of licensing and certification procedures and regulations; technical certification of broadcasting license applicants as defined in the Broadcasting Act; protection of Canadian rights and interests regarding use of the spectrum through international agreements and regulation; regional representation of the Department, including regional delivery of programs; development and maintenance of emergency telecommunications programs; certification and standards-creation for terminal attachment to federally-regulated telecommunications networks.

Cultural Affairs and Broadcasting
Formulation of policies and design of programs in the fields of broadcasting and cable, film, video, sound recording, publishing, copyright, cultural heritage, performing, literary and visual arts; advising the Minister on policies and programs across the federal cultural portfolio; administering programs and regulations assigned to the Department, and providing support to cultural industries and organizations.

Corporate Policy and Management
Providing strategic focus and direction for activities and programs; coordinating all departmental policy endeavours and reviewing the effectiveness of existing policies and programs; managing the Departmental relationship with other governments, both national and international; ensuring public awareness of DOC policies and programs; ensuring that appropriate management practices are followed in the Department; providing a range of centralized services to the Department such as general administration, informatics, finance, personnel, official languages and security services.

Canada Council

Objective

To support the creation and production of all forms of art and to facilitate public access to the arts and to coordinate UNESCO activities in Canada and Canadian participation in UNESCO activities abroad apart from political questions and assistance to developing countries.

Canadian Broadcasting Corporation

Objective

To develop and provide a national broadcasting service for all Canadians in both official languages, in television and radio, and an international service, both of which should be primarily Canadian in content and character.

Canadian Film Development Corporation

Objective

To foster and promote the development of a feature film industry in Canada.

Canadian Radio-television and Telecommunications Commission

Objective

To encourage the implementation of the national broadcasting policy through the regulation and supervision of the Canadian broadcasting system; and to regulate rates and other aspects of the services offered by telecommunications common carriers under federal jurisdiction.

Activity Description

Broadcasting
Advise and provide recommendations to the Commission on the development of policy, regulations and on operational matters; analyze and evaluate proposals and applications submitted to the Commission in the context of the objectives of the broadcasting policy for Canada and the Commission's policies and regulations; monitor the Canadian broadcasting system to determine adequacy of present services, future requirements, and to ensure compliance to conditions of licence and regulations.

Telecommunications
Advise the Commission on all matters related to telecommunications carrier regulation under the Railway Act, and in so doing, to analyze and evaluate related data and take into account changes of sociological, political and scientific significance in the telecommunications environment.

Administration
Executive management, departmental administration and the provision of legal advice to the Commission.

National Archives of Canada

Objective

The systematic preservation of Government and private records of Canadian national significance in order to facilitate not only the effective and efficient operation of the Government of Canada and historical research in all aspects of the Canadian experience, but also the protection of rights and the enhancement of a sense of national identity based on archives as the collective memory of the nation.

Activity Description

Archival Operations
Acquisition, control, and conservation of federal Government records considered to be of long-term historical value and of a variety of other records from the private sector which document the development of Canada and are of enduring national value. Service to the public, to Government, and to other institutions provided through research facilities and reference endeavours, through the dissemination of information about the records, and through advice and assistance on archival matters.

Government Records Management
Assistance to Government institutions in achieving optimum management of their records; the provision of micrographic operations and services; and the effective and efficient management of records transferred to federal records centres.

Departmental Services
Administrative and technical support to the operational programs of the National Archives of Canada and the National Library of Canada.

National Arts Centre Corporation

Objective

To promote the development of the performing arts.

National Film Board

Objective

To produce and distribute films for Canadian audiences and foreign markets, to enhance knowledge of Canadian social and cultural realities and, by so doing, to contribute to the development of a flourishing film industry.

Activity Description

National Film Board Operations
The main activity of the Board is divided into five basic functions to achieve its objective:

- Programming includes development, production and marketing of films and other visual material for Canadian audiences and foreign markets.
- Distribution provides the Canadian public with maximum access to National Film Board productions as well as to a selection of films produced by other Canadian organizations and to films sponsored by government departments, through the Board's national film library network and agreements signed with public institutions.
- Technical research initiates and develops projects to advance the art and technology of cinematography.
- Training applies solely to training in filmmaking skills for filmmakers and technicians outside the Board either through training periods or support to film training programs or organizations.
- Administration includes executive management and the provision of personnel, finance and general administration services.

National Library

Objective

To facilitate the use of the library resources of the country by the people and the Government of Canada.

Activity Description

National Library
The Library is divided into three basic areas to achieve its objective:

- Collections management includes all functions related to the development of the Library's collections, to the cataloguing of those collections and the standardization and distribution of bibliographic data. These functions are the responsibility of acquisition and bibliographic services.

- library services includes those functions related to the direct provision of information, reference, referral, advisory, document delivery and systems services to the Library's clientele. These services are provided by Public Services and Information Technology Services.
- Policy Planning and Liaison includes functions related to the overall management of the Library and is the responsibility of the staff of the Offices of the National Librarian and the Associate National Librarian.

Department

Objective

To promote equity, efficiency, openness and competition in Canada's market system, to promote and protect the interests of consumers, and to fulfill the functions of Registrar General of Canada.

Activity Description

Consumer Affairs

Administering laws, regulations and policies designed to ensure accuracy of measurement and equity in marketplace transactions based on measure; to ensure quality and compositional standards for a wide range of consumer products; to ensure the appropriate advertising,labelling and packaging of products; to protect the consumer from hazardous products; to provide information to traders about Acts, regulations, and policies administered by the Department; and to promote the effectiveness and protection of the consumer in the marketplace.

Corporate Affairs

Administering laws, regulations and policies in the fields of corporations, bankruptcy and insolvency, and intellectual and industrial property. Providing access to bankruptcy procedures to insolvent individuals and corporations, monitoring private bankruptcy trustee operations, detecting offences and abuses in bankruptcy cases, and registering and publishing information on bankruptcies. Regulating the incorporation, continuance, amalgamation and dissolution of companies, registering and regulating the use of corporate names, assessing corporate information reported by statutory requirement and disseminating it to the public, investigating alleged corporate offences, conducting enquiries into unusual stock market transactions and initiating legal procedures where appropriate. Examining, granting or rejecting applications for patents, compulsory licences and compensation for Government use of inventions, registering or rejecting trade marks, copyrights and industrial design; classifying, maintaining and disseminating intellectual property information to the public.

Combines Investigation and Competition Policy

Administering the Combines Investigation Act, advocating competition policy considerations in the development and implementation of economic policy, promoting public understanding of the Act and of the economic and social significance of an effective competition policy, and representing Canada's interest in international competition policy issues.

Administration

Providing overall management direction, policy and planning co-ordination, and central support services to other departmental activities by conducting research, analyses, evaluations and audits, developing legislative and policy proposals, and liaising with other governmental and private sector organizations; by supplying such services as finance, administration, personnel, communications, departmental secretariat and planning co-ordination and control; and by administering the Government's conflict of interest and post-employment code for the Public Service and registering formal and official documents on behalf of the Government of Canada.

Canada Post Corporation

Objective

The objective of the Corporation is to establish and operate a postal service.

Competition Tribunal

Objective

To provide a court of record to hear and determine applications made to it in relation to matters falling under Part VII of the Competition Act.

Activity Description

Competition Tribunal

Provides for the administration of the Competition Tribunal.

Hazardous Materials Information Review Commission

Objective

To provide a forum for the independent adjudication of claims from suppliers or employers dealing with hazardous industrial materials, for exemption from the disclosure requirements of the workplace hazardous materials information system contained in the Hazardous Products Act, the Canada Labour Code and various provincial legislation on the basis that the information is commercially confidential; and to administer an independent appeal process.

Activity Description

Hazardous Materials Information Review Commission

The Commission is an independent agency charged with reviewing claims for exemption filed by suppliers of, or employers using, hazardous industrial materials from the workplace hazardous materials information system reporting requirements of the Hazardous Products Act, the Canada Labour Code and various provincial legislation on the basis that the information is commercially confidential. Suppliers, employers and other affected parties have the right to appeal decisions of the Screening Officers through an independent appeal board administered by the Commission's staff in relation to any claim for exemption and on rulings concerning the compliance of material safety data sheets or product labels with prescribed regulations.

Standards Council of Canada

Objective

To foster and promote voluntary standardization in fields relating to the construction, manufacture, production, quality, performance and safety of buildings, structures, manufactured articles and products and other goods and to further international co-operation in the field of standards.

Department/Commission

Corporate and Special Services Program

Objective

To ensure the development and implementation of policies and programs and provide strategic, operational and administrative support to enable Employment and Immigration to carry out its mission and to provide for such other functions allocated to it.

Activity Description

Departmental Management and Administration
This comprises the Ministers' offices and the offices of the Deputy Minister and the Associate Deputy Minister, as well as Strategic Policy and Planning, Public Affairs and Legal Services.

Commission Management and Administration
This includes the Office of the Commissioners for labour and employers, the Regional Executive Directors/Directors General and the Executive Secretariat and a number of support services. The latter includes Finance and Administration, Personnel Services, and the Internal Audit Bureau.

Systems and Procedures
This includes the design and administration of policies, plans, and programs for electronic data processing systems and facilities, and the associated clerical and manual systems. Management analysis and forms management are also included.

Administration of Government Annuities
This special service is concerned with the administration of Government annuities entered into by individuals or groups under the Government Annuities Act.

Administration of Social Insurance Numbers
This special service is concerned with the issuance and control of social insurance numbers on behalf of specific Government programs.

Canada Employment and Immigration Advisory Council
Provision for the advisory role of the Canada Employment and Immigration Advisory Council.

Employment and Insurance Program

Objective

To develop and apply a framework of policies and programs necessary for the efficient functioning of the Canadian Labour Market consistent with national, social and economic goals in a manner which promotes:

- a labour force which meets national occupational requirements;
- an economy capable of growth and adaptation without undue burden on individuals, individual groups and regions; and
- equality of opportunity to compete for and have access to jobs.

Activity Description

Human Resource Development Programs
To increase the marketability and employability of Canadians, and to meet the needs of the labour market, by developing, and adapting the skill base of Canada's human resources through a combination of work-experience and training.

National Employment Services
Provide workers, client employers and institutions with the necessary information on which to base labour market decisions; match job opportunities with available workers so that employers get the skilled workers they need in a timely and effective manner; encourage private sector human resource planning and induce and support the adjustment of enterprises and individuals appropriate to changing labour conditions; and promote and support the adjustment of enterprises and individuals appropriate to changing labour conditions; and promote and support equality of access to jobs for all residents of Canada.

Unemployment Insurance
To promote an economy capable of growth and adaptation without undue burden on individuals, individual groups and regions through the provision of temporary income support to qualified workers.

Program Management and Joint Services
The Management of the delivery of services to the public, the delivery of joint program services to the public and the development of requisite legislative, regulatory and program policies.

Objective

To contribute to the economic, social, humanitarian and cultural interests of Canada and to meet our international responsibilities through the administration and admission of immigrants and visitors to Canada, settlement of immigrants in Canada, and the provision of effective control of persons seeking to come into or remain in Canada, taking into account the health, safety and security of Canada.

Activity Description

Program Operations

To admit, manage and control immigrants, temporary foreign workers, foreign students and other visitors; to develop and establish procedures guidelines and instructions so that officers of the Department of External Affairs, officers of Revenue Canada Customs and Excise, officers of the Royal Canadian Mounted Police, and Immigration officers can differentiate among non-Canadians who should be admitted to, denied admission to, allowed to remain in, or removed from Canada.

Settlement

To facilitate the settlement and adaptation of recently arrived permanent residents (i.e. immigrants and refugees) so they may become fully participating members of Canadian society as quickly as possible, within reasonable and practical resource parameters.

Adjudication

To adjudicate cases with respect to admission to Canada or removal therefrom,and detention or release during the inquiry and removal process.

Refugee Status Advisory Committee

To administer, in conjunction with the Immigration Sector (EIC), Canada's international legal obligations with respect to Convention refugees as outlined in Sections 45-48 of the Immigration Act, 1976 and to provide advice to the Minister on matters relating to the protection of Convention refugees in Canada.

Management and Policy Development

To provide the direction, planning, control and coordination necessary to ensure the effective and efficient use of Immigration program resources, and develop policies and programs for the admission and control of immigrants,temporary workers, foreign students and other visitors, including the management of immigration levels and policy direction to the Department of External Affairs which is responsible for Immigration operations abroad.

Immigration Appeal Board

Objective

To make available to persons who have been ordered removed from Canada or to persons in Canada whose relatives have been refused admission to Canada, an independent court to which they may appeal such decisions, not only on legal grounds, but also on discretionary grounds; and to permit the redetermination of refugee claims.

Activity Description

The Immigration Act, 1976, provides the Board, which is a court of record, with broad discretionary powers to permit the temporary or permanent admission of individuals, notwithstanding contrary provisions of the Immigration Act.

Immigration Appeal Board

Provides for the operation of an Immigration Appeal Board as authorized by the Immigration Act, 1976, and in particular for the legal and administrative processes involved in: appeals by individuals against removal; application for release from detention; redetermination of refugee claims; and the refusal of admission of sponsored relatives ordered under the provisions of the Immigration Act or Regulations.

Department

Administration Program

Objective

To provide managerial direction and financial, administrative, electronic data processing, human resources and communications support for the achievement of federal and departmental objectives in the fields of energy, minerals and earth sciences.

Activity Description

Direction and Co-ordination

Comprises the offices of the Ministers, Deputy Minister and Associate Deputy Ministers; provides overall policy and executive direction, including such functions as the Departmental Secretariat, corporate planning, program evaluations and internal audits.

Finance and Administration

Includes the Financial Management Branch, the Administrative Services Directorate and the Computer Services Centre, which provides financial, administrative and computing support systems and services to the two operational programs of the Department.

Human Resources Management

Is responsible for human resources matters throughout the Department, including planning, staffing, training and development, organization and classification, staff relations, compensation and benefits, official languages and affirmative action programs.

Communications

Provides comprehensive communications support to the Ministers and departmental programs, designed to provide public information in the areas of energy, minerals and earth sciences; gathers and analyzes public opinion and attitudes towards departmental policies and programs; and monitors and evaluates these informative activities.

Energy Program

Objective

To establish and maintain effective policies, strategies and programs for the adequate supply and efficient use of energy resources, with due respect for other social and economic goals.

Activity Description

Energy Policy

Provides energy strategy analyses to determine economic costs and benefits of energy policy alternatives preparatory to making policy recommendations; provides financial and fiscal analyses directed in particular to policies pertaining to corporations and energy projects; initiates special studies covering all energy policy aspects of major sectors of the energy economy; undertakes macroeconomic appraisals of the economy in relation to energy; participates in international energy analysis and liaison, multilaterally and bilaterally, and program co-ordination.

Conservation and Renewable Energy

Analyzes energy demand in various sectors of the economy to determine the potential for improvements in energy efficiency; analyzes the need for research, product development, industrial capability and financial incentives to achieve that potential; develops policies and programs which encourage energy conservation and efficiency through the dissemination of information and the provision of advice, grants and contributions, research and demonstration projects; develops and implements policies and programs to promote the orderly development of renewable energy technologies to ensure long term energy supply for Canada.

Energy Commodities

Assesses Canada's oil, gas, uranium and hydroelectric resources and requirements along with those for alternative transportation fuels; the conditions of their utilization and development; the requirement for foreign oil to meet Canadian needs; the adaptation of the refining, petrochemical, transportation, marketing and electric generation sectors of the energy industry to changing circumstances; the condition of energy markets, domestic and foreign, and the analysis of factors affecting these markets. Prepares, maintains and tests contingency plans for the control and regulation of energy production, distribution and use in an emergency.

Petroleum Ownership, Control and Incentives

Maintains up to date policies, systems, procedures and regulations related to eligible costs and to the prevention of leakage under the Petroleum Incentives Program Act during its winding down; receives, analyzes, processes applications and requisitions payments to individuals, partnerships and companies for incentive contributions on grandfathered wells, and exploration and development activity from the preceding year; maintains up to date policies, systems, procedures and regulations to administer the Canadian Ownership and Control Determination Act during its reduction; receives, processes and certifies applications for certification of Canadian ownership rate and control status; processes applications for extensions of existing Canadian ownership rate certificates under the Petroleum Incentives Program Act; conducts audits and compliance reviews to verify the integrity of the self-assessing systems and for compliance with legislation, regulations, rulings interpretations; and maintains appropriate records of all activities.

Administration of Frontier Oil and Gas Lands

Prepares regulations and legislation; negotiates, disposes and manages oil and gas rights; approves development and production plans; supervises and regulates oil and gas activities; evaluates oil and gas potential; negotiates and monitors Canada benefits; sets environmental conditions, including oil spill contingency plans; promotes applied research on oil and gas matters related to the approval process; and coordinates interdepartmental and intergovernmental co-operative resource management efforts.

Program Management and Support

Provides senior direction to the energy activity managers; collects information from companies reporting under the Energy Monitoring Act, covering reserves, production, revenues, costs and profitability, financing and reinvestment, foreign transactions, research and development, procurement policies, ownership and control; analyzes data and prepares public reports; develops federal research and development policies to support national energy strategy options; develops and implements plans for research and development activities in response to the policies previously noted; collects, analyses and disseminates information on research, development and demonstration activities in federal and provincial departments and agencies, industry, universities, and internationally; provides advice on allocation of federal research and development resources; offers personnel services in staffing, classification and compensation and benefits; and provides central financial services, coordination of financial management and budgeting.

Canadian Exploration and Development Incentive

Provides payments under the Canadian Exploration and Development Incentive Program Act, to qualified persons (corporations, trusts and individuals) who incur eligible exploration and development expenses in Canada.

Minerals and Earth Sciences Program

Objective

To ensure the timely availability of mineral policies,strategies and programs designed to maximize the contribution of the minerals and metals sector to the Canadian economy, and to provide timely scientific knowledge, data, technologies and expertise in the earth- and mineral-related sciences, with emphasis on the mineral and energy resources of the Canadian land mass and offshore areas.

Activity Description

Mineral Industry Development

Develops national mineral policy proposals and provides policy advice to the Minister, the Deputy Minister, other federal departments, other governments and industry on mineral products, mineral markets, and mineral economics, including investment, finance, taxation, the prospects for minerals contributing to economic development and job creation; jointly with the provinces, develops, negotiates and manages a program of mineral development agreements; develops and leads technical/economic missions to foreign mineral markets for mineral and metal sector companies; serves as the principal source of statistics on Canadian minerals for Canada's National Accounts, and on world minerals for all interested parties.

Administration of the Canada Explosives Act

Regulates throughout Canada, the manufacture,importation,storage, and sale of explosives by inspecting and licensing factories and magazines; tests and authorizes explosives; provides technical advice to other governmental agencies (international, federal and provincial); and provides training courses on explosives safety.

Mineral and Energy Technology

Conducts research and engineering development in mineral and energy technology, including mining, mineral extraction and processing, metallurgy, utilization of metals and materials, and the supply, conversion and utilization of heavy oil, oil sands, coal, uranium and other fuels, together with selected areas of energy conservation and energy fuels transportation; promotes, co-ordinates and supports research and development in industry, universities and research institutes in the mineral and energy fields; identifies technological opportunities in mining, metallurgy, and in energy; and transfers technology to the private sector.

Remote Sensing

Develops and demonstrates systems, methods and instruments to acquire, disseminate and analyze remote sensing data from aircraft and satellites, as a contribution to the development of effective information and management systems for Canada's land and ocean resources and the environment.

Geological Surveys

Conducts geological, geophysical and geochemical research and surveys; operates national networks of geophysical observatories; estimates mineral and non-renewable energy resources; investigates geological phenomena posing hazards to human activities and the environment; develops geophysical and other technologies; develops national geoscience standards; fosters Canadian geoscience and Canadian participation in international geoscience; co-operates with the provinces; provides advice to governments; and produces and disseminates maps and reports.

Polar Continental Shelf

Provides co-ordinated logistic support to public and private sector groups conducting scientific studies in the Arctic; provides professional, technical and managerial advice and support to clients; and provides information about scientific operations in the Arctic to the scientific community and to the local inhabitants.

Surveying and Mapping

Establishes and maintains a national network of accurately located horizontal and vertical positional reference monuments; acquires and maintains topographical and geographical information on the Canadian landmass; prepares, publishes and distributes topographical and electoral maps, aeronautical charts and publications, aerial photographs, gazetteers and the "National Atlas of Canada"; regulates and manages property surveys on federal lands; and maintains international boundaries.

Program Management and Support

Manages the Program as a whole, including the offices of the Assistant Deputy Ministers (Mineral Policy, Research and Technology, and Earth Sciences); and provides some common administrative and technical services.

Atomic Energy Control Board

Objective

To control atomic energy in the interests of health and safety and national security.

Activity Description

Administration of Atomic Energy Control Regulations and participation in measures for international control of atomic energy

The making of regulations for developing, controlling,supervising and licensing the production, application and use of atomic energy; the regulating of the mining, refining, production, processing, import, export, transport, possession, ownership, use or sale of prescribed substances; the defining of standards to be met, the assessing of the capabilities of licence applicants to meet these standards and to assure their maintenance, and the inspecting to ensure compliance; the conducting of mission-oriented research and development to obtain data essential for the effective implementation of licensing and compliance activities; and the designating, under the Nuclear Liability Act, of nuclear installations and the prescribing of the basic insurance to be carried by the operators of such installations; the developing of specialized safeguards techniques and equipment in respect of CANDU reactors in Canada and abroad, in co-operation with Atomic Energy of Canada Limited and the International Atomic Energy Agency in accordance with the Treaty on the Non-Proliferation of Nuclear Weapons.

Atomic Energy of Canada Limited

Objective

To develop the utilization of atomic energy for peaceful purposes.

National Energy Board

Objective

To ensure that the best interests of Canada are served in the safe and environmentally sound construction and operation of gas and oil pipelines and power lines subject to federal jurisdiction, in the exportation of electrical power, gas and oil and in the importation of gas and oil.

To ensure that tolls of pipelines under federal jurisdiction are just and reasonable and that pipeline services are provided on a continuing basis, without unjust discrimination and in a cost-efficient manner.

To advise on the control, supervision, conservation, use, marketing and development of energy and sources of energy.

To fulfill specific responsibilities under the Northern Pipeline Act and the Energy Administration Act.

Activity Description

Energy Regulation and Advice

Economic and market analysis; financial analysis of pipeline companies; engineering analysis of pipeline and power line construction proposals; certification of construction and operation of pipelines and power lines subject to federal jurisdiction; regulation of tolls and tariffs; safety inspection of pipelines; conduct of public hearings; providing advice to the Minister; and administrative services to the Board.

Petro-Canada

Objective

To mobilize capital and Canadian skills toward the efficient commercialization of Canada's energy resources to meet the energy requirements of Canadians and Canada's energy goals.

Activity Description

Undertakings Requested by the Government

Activities carried out on behalf of, or at the direction of, the Government pursuant to Subsection 7(2) and/or in accordance with Section 24 of the Petro-Canada Act, and for which direct budgetary compensation is provided.

Western Canada Exploration and Development

To engage in and facilitate increased exploration and production of oil and gas and related products in the land-based areas of Canada, particularly over the short to medium term; to engage in and facilitate the development of the oil sands; to pursue enhanced recovery opportunities from conventional oil, heavy oil and oil sands; and to perform high-quality technical services and research in support of operational requirements.

Frontier Exploration and Development

To engage in the exploration and development of long-term supplies of oil and gas in the frontier areas, with highest priority on the early production of oil; to press for the acceleration, delineation and development of known oil and gas reserves, particularly on the East Coast; and to participate, at a modest scale, in selected commercially attractive international exploration and development opportunities.

Investment in Special Projects

Investment in major projects such as Syncrude, a mining venture for the extraction and upgrading of oil from the Athabasca Tar Sands.

Petro-Canada Products

To establish and maintain a self-sustaining presence in the downstream refining and marketing business in all regions of the country, through effective improvements to the Corporation's base of operations, adjustments of imbalances in regional refining, marketing and product supply systems, and the provision of hydrocarbon-related products and services to Canadian consumers, with the emphasis on Petro-Canada's unique Canadian identity.

Corporate Items

Includes administrative capital, debt servicing, share purchases, dividend payments and other corporate operating expenditures.

Petro-Canada International Assistance Corporation

Objective

To assist developing countries to reduce or eliminate their dependence on imported oil by undertaking exploratory and related activities to assess and develop hydrocarbon potential of the recipient country.

(S) Statutory authority.

(L) Non-budgetary authority (loan, investment or advance).

1 Treasury Board Vote 5--Government contingencies.
Treasury Board Vote 10--Employment initiatives.

2 In accordance with the Canada Petroleum Resources Act dated November 18, 1986, the Environmental Studies Revolving Fund ceased operations on April 1, 1987. The unused authority was transferred to the Environmental Studies Research Fund on April 1, 1987. There was no other use of the appropriation for the 1987/88 fiscal year. The amount of $1,362,000 in the Estimates represented the expected surplus in the Fund in case the legislation would not have been passed. Both revenues and expenditures of the previous year were restated by $824,583.

Department

Administration Program

Objective

To provide policy direction, management and services to the Department and to provide for environmental assessment review.

Activity Description

Federal Environmental Assessment Review Office

Administration of the Environmental Assessment and Review Process (EARP), the provision of advice, policy guidelines and administrative procedures for process implementation to participating agencies, the establishment of independent panels for the public review of federal projects that are likely to have significant adverse environmental effects, the evaluation of the overall performance of EARP, and recommendation for appropriate adjustments in policy.

Administration

Office of the Minister of Environment, the Deputy Minister and the Canadian Environmental Advisory Council; policy development systems and advice, integrated planning system, and co-ordination of research and intergovernmental affairs; policy and functional direction and co-ordination of financial management and budgeting, personnel services, information, management improvement services, biometric and computer services, materiel and property management, and emergency planning.

Environmental Services Program

Objective

To promote and undertake programs to protect and enhance the quality of the environment, and programs designed to improve the management and sustained economic utilization of the wildlife and inland water resources of the nation.

Activity Description

Conservation and Protection

The provision of policy, plans, information and agreements for the management of water, wildlife and land resources, on a sustainable basis; monitoring and the provision of data on the quantity, quality and uses of water, land and wildlife resources; research on chemical, physical, biological and socio-economic processes to identify trends and problems, to predict future impacts and to mitigate deleterious impacts on the environment; negotiation and protection of Canada's interest in transboundary waters, migratory birds and other wildlife; regulation and enforcement of international and federal-provincial agreements as well as federal legislation for the protection and apportionment of water, land and wildlife resources; prevention of environmental threats arising from human activities; inspection, analysis and enforcement to ensure effective application of chemicals control legislation and pollution control regulations; development of joint legislation and pollution control activities with provincial and other governments; development and demonstration of pollution control technologies; review of pollution abatement proposals; coordination of national responses to environmental crises; abatement of pollution; socio-economic impact assessment and interpretation of the relative significance of environmental threats; and the coordination and management of programs to resolve environmental issues.

Atmospheric Environment

Provides historical, current and predictive meteorological, sea state and ice information for all areas of Canada, and contiguous waters; provides advice and consultation on the impact of meteorological, sea state and ice conditions on human activities and on the applications of meteorological knowledge to weather sensitive operations; provides assessments of the impact of human activities on the atmospheric environment; conducts research in the behaviour of the atmosphere and its inter-environmental reactions, in wind-wave mechanisms and in the dynamics of ice in navigable waters; develops, tests and calibrates standard meteorological instruments; formulates national ambient air quality objectives; conducts research and provides information, advice and consultation on the meteorological aspects of air quality and of noise intensity and propagation; develops and conducts professional and technical meteorological training programs; provides meteorological library services; participates in international scientific and operational programs and undertakes special field surveys in support of Canadian programs to assist individual nations.

Objective

To protect those places which are significant examples of Canada's natural and cultural heritage for the benefit, understanding and enjoyment of the people of Canada, in ways that leave that heritage unimpaired for future generations.

Activity Description

Park Operation

The protection, resource management, operation and maintenance of National Parks, Historic Parks and Sites, Canals and other heritage areas; the delivery of interpretation, information and visitor service programs to the public.

Park Development

The development and implementation of legislation, policy, research and planning; the establishment and development of new protected heritage areas and resources; the completion or enhancement of existing parks and heritage areas.

Program Management and Technical Services

The provision of management direction to the Program; the provision of engineering and architectural services; and the provision of general administrative services.

Department

Financial and Economic Policies Program

Objective

To assist the Government in deciding upon and implementing financial and other economic policies and programs.

Activity Description

Financial and Economic Policies

The development of policies and provision of advice pertaining to the financial and economic aspects of:

- the domestic and international economic situation and outlook;
- the Government's overall fiscal framework, expenditure plan and resource allocation;
- Government borrowing and debt management;
- the Canadian tax system;
- the economic and fiscal implications of Government programs including loans,investments and guarantees of the Crown;
- federal-provincial fiscal and economic relations; and
- tariffs, international trade, development assistance and international financial relations.

Domestic Coinage

The provision of funds for the production of domestic coinage.

International Financial Organizations

The provision of funds for the payment of Canada's subscriptions and obligations to various international organizations.

Administration

Includes executive direction for the Department; consultations and communications; and financial, personnel and administrative services.

Public Debt Program

Objective

To provide funds for the interest and servicing costs of the public debt and for the issuing costs of new borrowings.

Activity Description

Interest Costs

The provision of funds for interest costs on: unmatured debt payable in Canadian and foreign currencies, including the discount on Treasury Bills; employees and other pension accounts; Government annuities and various deposit and trust accounts.

Servicing and Issuing Costs

The provision of funds for servicing costs and for the costs of issuing new borrowings including bond discounts, premiums and commissions.

Fiscal Transfer Payments Program

Objective

To provide funds for payments to provincial governments under various statutory authorities.

Activity Description

Fiscal Transfer Payments

The provision of funds for payments to provincial governments under the Constitution Acts, the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977, the Public Utilities Income Tax Transfer Act, and other statutory authority.

Canadian Import Tribunal Program

Objective

To determine whether dumped or subsidized imported goods are injuring Canadian producers and to inquire into other matters in relation to injurious imports that are referred to it by the Governor in Council.

Activity Description

Canadian Import Tribunal

The investigation and conduct of hearings including inquiries to determine the existence of material or serious injury to Canadian industry due to the importation of goods.

Inspector General of Banks Program

Objective

To ensure that the provisions of the Bank Act and the Quebec Savings Banks Act are being duly observed so that the confidence of the public in the Canadian banking system is sustained.

Activity Description

Inspector General of Banks

The administration of the Bank Act, and the conduct of examinations and inquiries into banking activities to ensure adherence to the provisions of that Act and the Quebec Savings Banks Act and that banks are in sound financial condition.

Special Program

Objective

To provide for a budgetary payment to the Foreign Claims Fund and a non-budgetary payment in respect of a toll bridge across the harbour at Saint John, New Brunswick.

Auditor General

Objective

To provide appropriate audit information for use by the House of Commons in its scrutiny of Government programs and financial activities.

Activity Description

Legislative Auditing

The audit of the accounts of Canada, certain Crown corporations, and other entities to meet legislative reporting requirements. This would include providing audit opinions on the summary financial statements of Canada and of certain Crown corporations and other entities, and bringing to the attention of the House of Commons anything that the Auditor General considers to be significant.

Canada Deposit Insurance Corporation

Objective

To provide, for the benefit of persons having deposits with member institutions, deposit insurance against loss of part or all of such deposits because of the insolvency of the member institution.

Insurance

Objective

To protect the public against financial loss from the operations of federally registered or licensed financial institutions and registered pension plans and to provide actuarial services for the Government and other Government departments.

Activity Description

Supervision of Companies

The supervision of federally registered or licensed insurance companies, fraternal benefits societies, investment, trust and loan companies, co-operative credit societies, and the supervision of employee pension plans.

Actuarial and Other Services

Actuarial and technical services provided for other departments.

Administration

The functions of executive and central services relating to work management and provision of administrative services for the Department. Collection of premium taxes under Part I of the Excise Tax Act. Administration of the Civil Service Insurance Act.

Office of the Superintendent of Financial Institutions

Objective

To maintain public confidence in the Canadian financial services system through development and administration of a supervisory framework which seeks to ensure that federally regulated financial institutions and pension plans are able to meet their obligations as they fall due; and to provide actuarial services and advice to the Government with respect to programs in operation or under development.

Activity Description

Financial Institutions Supervision and Actuarial Services

The regulation of financial institutions and employer sponsored pension plans under federal jurisdiction as well as the provision of actuarial services to other Government departments.

Tariff Board

Objective

To hear and decide on appeals from decisions of the Minister or the Deputy Minister of National Revenue for Customs and Excise; to conduct studies of the Customs Tariff as directed by the Minister of State for Finance; to give its opinion on valuation or tariff classification questions referred from the Deputy Minister of National Revenue.

Activity Description

Appeals

The seven members of the Tariff Board are appointed by the Governor in Council and act as a court to hear appeals from decisions of the Minister or the Deputy Minister of National Revenue for Customs and Excise made under the provisions of the Customs Act, the Excise Tax Act, and the Special Import Measures Act and the Energy Administration Act.

References

As directed by the Minister of State for Finance, the Board, enquires into and reports upon any matter in relation to goods that, if brought into Canada, are subject to or exempt from duties or customs and excise taxes. The Board also gives its opinion on valuation or tariff classification questions referred from the Deputy Minister of National Revenue.

Department

Objective

To undertake policies and programs in support of Canada's economic, ecological and scientific interests in the oceans and inland waters, and to provide for the conservation, development and sustained economic utilization of Canada's fisheries resources in marine and inland waters for those who derive their livelihood or benefit from these resources; and to coordinate the policies and programs of the Government of Canada respecting Oceans.

Activity Description

Science

Research and the provision of reliable scientific advice for the management of fisheries and fish habitat; research and the description of the climate of the ocean and its influence on fish stocks and the atmosphere; description, quantification and communication of marine environmental factors relating to marine engineering and transportation; hydrographic surveying and charting of Canadian waters for the purpose of safe navigation; development and refinement of methodology and technology needed for the Department's scientific role and transfer of technology to Canadian industry; coordination of the Government of Canada's marine science program.

Atlantic Fisheries

All federal fisheries and habitat management and development functions in the Atlantic zone and the waters adjacent to Newfoundland, Nova Scotia, New Brunswick, Prince Edward Island and Quebec, and within and adjacent to Canada's 200-mile fisheries zones on the Atlantic coast, including the river systems and lakes in all of those provinces except Quebec; the planning and execution of those functions through which the Department manages the fisheries resource and the primary sector of the Atlantic fishing industry.

Pacific and Freshwater Fisheries

All federal fisheries and habitat management and development functions in the Pacific and Arctic Oceans, British Columbia, the Yukon and the Northwest Territories and the provinces of Alberta, Saskatchewan, Manitoba and Ontario,including management in Canadian portions of transboundary rivers, shared management in international fisheries, and management of the Native, recreational and commercial fishing effort, except where authority has been delegated to the provinces for the management of inland fisheries. It also includes the direction of the Department's national habitat management functions.

Inspection Services

Inspection Services include the development, formulation and implementation of national policies, regulations and programs to insure that Canadian produced fish and fish products meet appropriate grade, handling, identity, process, quality and safety standards; and that imported fish and fish products meet minimum standards of identity, quality and safety.

International

Making international arrangements to advance Canada's fisheries conservation and trade interests, in cooperation with other Government departments; the negotiation and administration of international treaties and agreements affecting bilateral and multilateral fisheries relations with other countries; and formulation and representation of fisheries trade positions.

Corporate Policy and Program Support

Executive direction of the Program, corporate and regional management, capital asset management and provision of policy and administrative services; the overall coordination of federal policies and programs relating to oceans; and the development and promulgation of the Department's national regulations and the direction of the Department's enforcement activities.

Canadian Saltfish Corporation

Objective

To regulate interprovincial and export trade in saltfish.

Freshwater Fish Marketing Corporation

Objective

To regulate interprovincial and export trade in freshwater fish.

Department

Administration Program

Objective

To ensure the efficient and effective management of the Department and its programs in a manner that is responsive to its mandate, ministerial and parliamentary priorities, Central Agency directions, and the overall needs of the Department's clients.

Activity Description

Executive Direction

Operation of the offices of the Minister, Deputy Minister, Associate Deputy Minister (Organization and Management), Associate Deputy Minister (North), Assistant Deputy Minister (Human Resources) Assistant Deputy Minister (Finance and Professional Services), Director General (Communications), Director General (Executive Support Services) and their respective staffs.

Finance and Professional Services

Provision of services to the Department in the area of corporate financial management and administration; contracts and headquarters technical services; management systems and services; management practices; legal and translation services; and internal audit functions.

Human Resource Management

Provision of policy and program development to the Department in the area of human resource management; provision of functional direction and monitoring of human resource operations in the regions.

Communications

Provides communication advice to departmental senior management through the development of communications policy, standards and strategy; provides functional direction and operational services in the areas of publications, exhibits, audio-visual, public enquiries and media relations throughout departmental programs.

Indian and Inuit Affairs Program

Objective

To support Indians and Inuit in achieving their self-government, economic, educational, cultural, social, and community development needs and aspirations; to settle accepted native claims through negotiations; and to ensure that Canada's constitutional and statutory obligations and responsibilities to the Indian and Inuit peoples are fulfilled.

Activity Description

Self-Government

Comprises a number of activities which are directed to formally establishing a new relationship between the federal government and Indian and Inuit people for increased community control and self-reliance.

Comprehensive Claims

Analyzes, negotiates, and settles comprehensive claims; and provides financial support to native claimants for the preparation, submission, and negotiation of comprehensive and specific claims.

Economic Development

Provides assistance to Indians, Indian bands and Inuit people to create business, employment and socio-economic development opportunities.

Lands, Revenues and Trusts

Provides for the management and control of Indian lands and estates; administers on behalf of Indian and Inuit people the trust responsibilities set out in the Indian Act, including the maintenance of current membership rolls; analyzes, negotiates and settles specific land claims.

Education

Provides to Indian students, pre-school, elementary and secondary educational services relevant to social, economic, and cultural needs and conditions of Indian people. Provides financial assistance and instructional support to eligible Indians and Inuit enrolled in post- secondary institutions.

Social Development

Provides and arranges for the provision of social assistance and welfare services to Indian and Inuit individuals and families in need.

Capital Facilities and Community Services

Provides support for the physical improvement and protection of communities including housing, policing and other essential community services, and recreational and education facilities.

Band Management

Provides support to bands in their administration of programs; assists them to increase their capacity to govern their communities.

Program Management and Administration

Provides general management and administrative support activities internal to the Program at the Headquarters, regional and field office levels.

Objective

To promote the political, economic, social and cultural development of the northern territories and in collaboration with the territorial governments and other federal departments, to effectively manage the orderly use, development and conservation of the North's natural resources and to protect the northern natural environment, for the benefit of all Canadians, northerners in particular.

Activity Description

Political, Social and Cultural Development

Management of Departmental/Territorial Governments relations in the areas of political development, devolution of responsibilities and fiscal relations, the support of Inuit art and artists, the support of Inuit culture and language, financial assistance to native organizations to enable them to develop positions in regard to economic development and social issues, and financial assistance to territorial governments to meet hospital, medical and housing (Yukon) costs of status Indians and Inuit.

Economic Planning and Development

Provides for the continuing analysis of the northern economy and progressive development of an overall economic strategy, planning and analysis in regard to the Northern Canada Power Commission (NCPC) and northern energy subsidies, negotiation and implementation of Economic Development Agreements in each territory, maximization of benefits to northerners from resource development projects, promotion and support of native businesses, planning for a northern transportation infrastructure, construction of northern roads and coordination of federal Government review and regulation of major resource development projects.

Renewable Resources Management and Environmental Protection

Provides in a quasi-provincial manner, for the management of the water, forest and land resources of the North, and for protection of the northern natural environment. Management of renewable resources, owned by the Crown in right of Canada, is achieved through administration of Acts and Regulations, which involves processing of applications from companies, communities and individuals for legal rights to resource use, administration of rights in good standing, and inspections to ensure compliance with terms and conditions of use. In addition, resources management requires the program to undertake inventories of the quantity and quality of renewable resources, so as to have a sufficient information base with which to deal effectively with applicants. The planning element also includes the preparation for and fighting of forest fires, the development of land use plans to accommodate diverse land use and deal with use conflicts, implementation of the Federal Environmental Assessment and Review Process (EARP) in the North, the regulation of environmental impacts of land use on vacant Crown lands and of offshore operations, and the conduct of applied environmental research. It also includes the administration for DIAND of the Environmental Studies Revolving Fund, which conducts social and environmental research to ensure informed decision making on oil and gas activities and is entirely financed by levies on oil and gas interest owners on Canada Lands.

Non-Renewable Resources Management

Provides in a quasi-provincial manner, for the management of the mineral resources of the North, through the administration of legislation governing mineral rights acquisition, maintenance and recording, through provision of geological services and through maintenance of policies designed to encourage mining in the North. Northern interests and concerns respecting oil and gas exploration and development are factored into the operational activities of COGLA. The Northern Oil and Gas Action Program (NOGAP) of research in preparation for major hydrocarbon developments in the North is coordinated, and the Norman Wells Proven Area Agreement is administered.

Canada Oil and Gas Lands Administration

Preparation of regulations and legislation; negotiation, disposition and management of oil and gas rights; approval of development and production plans; supervision and regulation of oil and gas activities; evaluation of oil and gas potential; negotiation and monitoring of Canada benefits; setting of environmental conditions, including oil spill contingency plans, promoting applied research on oil and gas matters related to the approval process; and co-ordination of interdepartmental and intergovernmental co-operative resource management efforts.

Program Management

Responsibility for the management and executive direction of the Northern Affairs Program, the coordination and development of program wide policies (i.e. those that affect more than one planning element), the provision of financial, administrative, communications, personnel and management services for the Program, the development of knowledge and information on issues in circumpolar countries of significance to Canada, and support of northern science, and the coordination of all activities to implement the Western Arctic (Inuvialuit) final agreement.

Transfer Payments to the Territorial Governments Program

Objective

To transfer funds to the territorial governments in accordance with agreements entered into by the Minister of Finance with the approval of the Governor in Council on behalf of the Government of Canada and the Commissioners of the Yukon and Northwest Territories on behalf of their respective Government.

Activity Description

Transfer Payments to the Territorial Governments
Provides a record of the operating and capital funds transferred to the territorial governments in the form of non-conditional grants, for the delivery of public services by the territorial governments to territorial residents.

Northern Canada Power Commission

Objective

To provide public utilities and distribution systems on a self-sustaining basis in the Northwest Territories, the Yukon Territory and at certain other locations in Canada.

Western Diversification Office

Objective

To promote economic expansion and diversification in Western Canada in a manner that provides added influence for the West in national policy and decision-making, that improves client services in the West and that facilitates federal-provincial coordination.

Activity Description

Western Diversification
To exercise, in close cooperation with western stakeholders, more effective guidance over federal Government policies, regulations and resources so that they become more constructive instruments of western economic growth and diversification.

(S) Statutory authority.

(L) Non-budgetary authority (loan, investment or advance).

1 Treasury Board Vote 10--Employment initiatives.

2 In accordance with the Canada Petroleum Resources Act dated November 18, 1986, the Environmental Studies Revolving Fund ceased operations on April 1, 1987. This amount represents the unused authority of $1,056,672 which was transferred to the Environmental Studies Research Fund on April 1, 1987 and a net credit adjustment of $122,134 for prior years' corrections. There was no other use of the appropriation for the 1987/88 fiscal year. The amount of $600,000 in the Estimates represented the expected loss in the Fund in case the legislation would not have been passed. Both revenues and expenditures of the previous year were restated by $584,405.

[1] In accordance with the Canada Petroleum Resources Act dated November 18, 1986, the Environmental Studies Revolving Fund ceased operations on April 1, 1987. The amount of $904,000 represented the expected receipts in the event that legislation would not have been passed in time for the 1987-88 fiscal year. The amount of $122,134 represents adjustments processed in 1987-88 which should have been corrected in prior years. Refer to the 1986-87 Public Accounts for details. Previous year's figures have been restated by $584,405.

Department

Objective

To provide legal services to the Government of Canada and to Government departments and agencies; to superintend the administration of justice in Canada in all matters not within provincial jurisdiction; and to propose policy initiatives and programs in connection therewith.

Activity Description

Legal Services
Provides a full range of legal services to the Government of Canada, its departments and many of its agencies exclusive of the services provided by the Litigation Services activity and the Legislative Services activity.

Litigation Services
Regulates or conducts all litigation for or against the Crown or any federal department, in respect of any subject within the authority or jurisdiction of Canada.

Legislation Services
Provides legislative services to the Government by drafting the examining bills and regulations, and revising and consolidating the public statutes and regulations of Canada.

Legal Policy and Program Development
Develops and administers, within the Justice Program objectives, programs and policies which are responsive to changing Canadian needs insofar as those needs pertain to federal law, the system of justice and the legal operations, practices and policies of the Government of Canada.

Administration
Provides policy and management direction and co-ordination to the Department of Justice; provides central administrative services to the Department of Justice, and the Law Reform Commission of Canada; and, operates a Central Divorce Registry for Canada.

Canadian Human Rights Commission

Objective

To foster the principle that every individual should have equal opportunity to participate in all spheres of Canadian life consistent with his or her duties and obligations as a member of society.

Activity Description

Canadian Human Rights Commission
Dispose judiciously of all complaints of discrimination on the prohibited grounds specified in the Human Rights Act in federal departments and agencies and the federally-regulated portion of the private sector; in the field of human rights conduct information programs, provide advice, issue guidelines, conduct research, review regulations and other instruments, maintain close liaison with the provinces and endeavour to discourage and reduce discriminatory practices.

Department

Objective

To promote and sustain stable industrial relations, a fair return for efforts in the workplace, and a working environment conducive to physical and social well-being; to protect the rights and interests of the parties involved in the world of work; to promote equitable access to employment opportunities; and to foster a climate for improved consultation and communication among Government, labour and management.

Activity Description

Mediation and Conciliation

The provision of conciliation, mediation, and arbitration assistance for dispute resolution in the federal private sector; the adoption of dispute prevention initiatives to maintain stable labour-management relations; and the provision of industrial relations expertise for policy formation and implementation, and legislative development.

General Labour Services

The development and administration of legislated programs directed towards a safe and healthy working environment and fair and equitable opportunities in employment; and the promotion and implementation of non-legislated activities aimed at constructive relationships between labour and management and a work force better informed on union and socio-economic affairs.

Policy and Communications

The provision of analysis, management and direction through the offices of the Minister, the Deputy Minister, and the Assistant Deputy Minister, policy; the analysis and development of economic and social policies related to labour issues; the provision and analysis of labour market data; the co-ordination and participation in international and federal-provincial organizations; the promotion and strengthening of the efforts of women to achieve equality in the labour force; and the communication of departmental programs, policies, legislation and services.

Labour Adjustment

Payments to assist workers who have been laid off as a result of import competition, industrial restructuring or severe economic disruption in a designated industry and/or region, and related administrative costs for program development and management, and for the operation of the Labour Adjustment Review Board, in accordance with the requirements of the Labour Adjustment Benefits Act.

Injury Compensation

Payments of compensation benefits to federal Government workers and/or their dependents for injuries suffered in employment, and payments to the provincial workers' compensation boards for the handling of claims made by federal Government employees pursuant to the Government Employees Compensation Act; the provision of supplementary compensation payments to certain widows of merchant seamen; and the adjudication of injury compensation claims made by federal penitentiary inmates.

Administration

The provision of advisory and support services to the Department, including administrative, financial, personnel, data and word processing, corporate planning, program evaluation and internal audit, library and security services.

Canada Labour Relations Board

Objective

To contribute to and promote effective industrial relations in any work, undertaking or business that falls within the authority of the Parliament of Canada.

Activity Description

Canada Labour Relations Board

Exercise of statutory powers relating to: bargaining rights and their structuring; the investigation, mediation and adjudication of complaints alleging contraventions of provisions of the Canada Labour Code; the interpretation of technological change provisions affecting the terms, conditions and security of employees and the exercise of ancillary remedial authority; the exercise of cease and desist powers in cases of unlawful strikes or lockouts; reviewing decisions relating to safety that are referred to the Board; settling the terms of a first collective agreement; the provision of advice and recommendations relative to the statutory powers of the Board; the provision of administrative services to these ends.

Canadian Centre for Occupational Health and Safety

Objective

To provide Canadians with information about occupational health and safety which is trustworthy, comprehensive, and intelligible in order to facilitate responsible decision-making in prevention of and protection from occupational diseases and accidents.

Activity Description

Council of Governors and Executive Board

Broadly representative of federal and provincial governments as well as of workers and of employers, the Council establishes objectives, policies and the scope of the Centre's work and determines the priorities and general direction for the Centre's resources. It facilitates collaboration among interested parties as well as high standards of health and safety for persons at work.

The Executive Board of the Centre, chaired by the President and Chief Executive Officer, consists of nine Governors elected annually from among the members of the Council of Governors, on a representative tripartite basis. The Executive Board is authorized to carry out the business of Council between Council meetings.

President and Centre Staff

To implement the policies and programs established by the Council and the Executive Board and to operate the Centre's technical and scientific functions.

Department

Objective

To ensure the security of Canada and to contribute to the maintenance of world peace.

Activity Description

Maritime Forces

This element encompasses the creation and maintenance of general-purpose regular and reserve maritime forces designed primarily to fulfil the missions of defending, in conjunction with U.S. and NATO forces, the maritime approaches to North America and the sea areas vital to NATO; and conducting in conjunction with U.S. Forces, surveillance to detect, track and identify strategic submarine forces threatening North America. The forces raised for these purposes have the inherent capabilities necessary to fulfil the other missions assigned, namely: protecting Canadian territory, rights and interests against external maritime challenges; assisting other Government departments and agencies in enforcing Canadian laws and regulations in maritime areas under Canadian jurisdiction; contributing maritime forces to international arrangements to prevent or contain conflicts outside the NATO area; and contributing to national development.

Land Forces in Canada

This element encompasses the creation and maintenance of general-purpose regular and reserve land forces designed primarily to fulfil, concurrently, the two missions of defending, in conjunction with U.S. Forces, against hostile military lodgement in North America; and providing, in an emergency, additional land forces for the defence of Europe within the framework of agreed NATO commitments. The forces raised for these purposes have the inherent capabilities necessary to fulfil the other missions assigned, namely: promoting international stability by contributing to peacekeeping activities in co-operation with other members of the international community; supplementing and supporting the civilian authorities in maintaining surveillance and preserving control over and security within the national territory of Canada; assisting civilian authorities in the event of emergency or disaster; and contributing to national development.

Air Forces in Canada

This element encompasses the creation and maintenance of general-purpose regular and reserve air forces designed primarily to fulfil, concurrently, the two missions of defending, in conjunction with U.S. Forces against aerospace attack on North America; and providing in an emergency additional general-purpose air forces for the defence of Europe within the framework of agreed NATO commitments. It includes, as well, the provision of an air transport system to support military commitments in Canada and abroad, tactical helicopter forces to support the needs of the land forces in Canada, maritime air forces to support Canada's maritime forces, and search and rescue forces. The forces raised for these purposes have the inherent capabilities necessary to fulfil the other missions assigned, namely: supplementing and supporting the civilian authorities in maintaining surveillance and preserving control over the Canadian airspace, assisting civilian authorities in the event of emergency or disaster and contributing to national development.

Canadian Forces in Europe

This element encompasses the creation and maintenance of military forces in Europe in order to prevent or contain armed attack against the European NATO area. It involves the three missions of providing land forces, air forces and national command and support of all Canadian forces which would, in an emergency, serve in Europe.

Communication Services

This element encompasses the creation and maintenance of forces designed to provide information handling services in the form of strategic communications in support of the Canadian Forces and Emergency Government (EMGOV) tasks. In addition, communications research and high frequency direction-finding facilities are provided.

Personnel Support

This element encompasses the provision of services required for the personnel development (recruitment, individual training, education), personnel management (administration, career assignment, spiritual, morale, comfort support), and health services (medical, dental) as appropriate for military and civilian members of the Department.

Materiel Support

This element encompasses the provision of supply, transportation, equipment engineering and maintenance, real property management, and research and development.

Policy Direction and Management Services

This element encompasses the formulation and recommendation of defence objectives and policy options and the development of clear authoritative expressions of Government approved defence policy to provide overall direction for developmental planning in the Department and the management of the Defence Services Program. Equally important, is the command and control function,within which the detailed operational, materiel, personnel and financial preparations are made for times of crisis or war. This function also embodies the exercise of command and control of the "day-to-day" operations of the Canadian Forces by the Chief of Defence Staff or delegated subordinate commanders. With respect to the more general management services, this element includes the development, and general direction of management information systems, consulting, audit, evaluation, financial and accounting services within the Department, that are consistent with legislative and regulatory requirements and authority.

Note: The full wording of all authorities granted in current year Appropriation Acts, of all authorities granted by statutes other than Appropriation Acts, of all non-lapsing authorities granted in the current year, and of all authorities available from previous years is given in Section 1 of this volume.

(S) Statutory authority.

1 Treasury Board Vote 5--Government contingencies.
Treasury Board Vote 10--Employment initiatives.

2 The breakdown of Old Age Security Act payments into old age security, guaranteed income supplement and spouse's allowance are estimates. Nevertheless, the total of these three amounts represents the actual expenditures.

Customs and Excise

Objective

To ensure that all duties, taxes and other relevant charges and levies are assessed, collected and where appropriate, refunded; to control, for the protection of Canadian industry and society the movement of people, goods and conveyances entering or leaving Canada as required to achieve compliance with legislation; to protect Canadian industry from real or potential injury caused by the actual or contemplated importation of dumped or subsidized goods, as well as by other forms of unfair foreign competition.

Activity Description

Excise

To administer the Excise Act, the Excise Tax Act and other relevant legislation and thereby ensure that duties, taxes and other relevant charges and levies are assessed, collected and where appropriate, refunded at least cost to the public and in a manner which ensures the highest degree of public confidence in the integrity, efficiency and fairness of the excise process.

Customs

To administer the Customs Act, Customs Tariff, Special Import Measures Act and other relevant legislation and regulations and thereby control, for the protection of Canadian industry and society, the movement of people, goods and conveyances entering or leaving Canada, and protect Canadian industry from real or potential injury caused by the actual or contemplated importation of dumped or subsidized goods as well as by other forms of unfair foreign competition.

Corporate Administration

To provide management direction, planning coordination and central administrative services to the Department.

Taxation

Objective

To assess and collect in a fair and equitable manner, income taxes, as well as pension and unemployment insurance payments through the administration and enforcement of the Income Tax Act, various federal and provincial statutes related thereto, including parts of the Canada Pension Plan and the Unemployment Insurance Act, 1971 and various provincial tax credit plans.

Activity Description

Processing of Taxpayer Returns

Fostering self-assessment by the taxpayer and processing of taxpayers' returns include the provision of instructive information and forms for the preparation of income tax or information returns; the examination and assessment of returns; the processing of payments; the issuance of assessment notices including refund cheques or tax bills; the subsequent filing and storage of these returns; as well as the processing of requests received from taxpayers after assessment to effect a change or adjustment to a return.

Audit of Taxpayer Returns

This covers those functions performed after the initial assessment of filed returns to ensure that the taxpayer has complied with the requirements of the filing and reporting provisions of the Income Tax Act.

Collections

Functions related to the collection of outstanding taxes identified as a result of the initial processing or audit of tax returns.

Notices of Objection and Appeals

The independent review of an assessment or reassessment contested by a taxpayer.

Administration

Executive direction provided by Head Office as well as by the five Regional Offices. Head Office personnel set policy and provide financial management, personnel and administrative support services.

Department

Objective

To provide for the operation and support of the central decision-making mechanism of the Government.

Activity Description

Office of the Prime Minister

The operation of the Office of the Prime Minister, his residence, and allowance to former Prime Minister and to widow of former Prime Minister.

Ministers' Offices

The administration of the offices discharging duties assigned by the Prime Minister.

Privy Council Office

The preparation and distribution of documents and reports for the Cabinet and Cabinet Committees.

Federal-Provincial Relations Office

The provision of staff services to the Prime Minister in regard to federal-provincial relations and the ongoing review of constitutional matters.

Office of the Senior Advisor to Cabinet

The provision of advice to the Prime Minister and Cabinet on the general policy orientation of the Government.

Commissions of Inquiry

To gather information and to report under specific terms of reference as well as to carry out short term projects.

Administration

The provision of financial, personnel and administrative support services.

Canadian Intergovernmental Conference Secretariat

Objective

To provide administrative and support services for the meetings of First Ministers, as well as for federal-provincial and interprovincial meetings of ministers and senior officials.

Activity Description

Canadian Intergovernmental Conference Secretariat

The planning, co-ordination and execution of the administrative arrangements required for conferences, including the preparation of conference agendas and programs; the printing, translation and distribution of conference documents; the provision of interpretation, media and security services; and the preparation of verbatim and other records of conference proceedings.

The provision of documentation and information services related to intergovernmental meetings, including the coding and safekeeping of conference documents and an information retrieval service for governments related to this documentation.

Chief Electoral Officer

Objective

To enable the people of Canada, eligible to vote, to elect members to the House of Commons, in accordance with the Canada Elections Act and to the Council of the Northwest Territories, in accordance with the Northwest Territories Elections Act, to ensure compliance with all provisions of the Canada Elections Act, to ensure representation of the provinces in the House of Commons in accordance with the Constitution Act, 1982 and to provide the necessary technical, administrative and financial support to the 11 electoral boundaries commissions in accordance with the Electoral Boundaries Readjustment Act.

Activity Description

Elections

- Canada Elections Act--Exercise of general direction and supervision over the administrative conduct of elections, including the training of federal and territorial returning officers, the revision of the boundaries of polling divisions and the acquisition of election material and supplies for transmission to returning officers when required, issue of directives and provision of guidelines to candidates and political parties, enforcement of all provisions of the Act and the making of statutory payments to election officers, auditors, political parties and candidates where specified by the Act.
- Electoral Boundaries Readjustment Act--Provision to the 11 electoral boundaries commissions of the number of members of the House of Commons to be assigned to each of the provinces. Provision of the necessary statistics, maps and other documentation to the 11 commissions.Provision of financial support and taxing of all accounts related to salaries and other expenses submitted by the 11 commissions for payment out of the Consolidated Revenue Fund.

Administration

Operation of the Ottawa Headquarters, including the review and study of electoral procedures and election expenses provisions of the Act, the compilation and preparation of statutory and statistical reports and books of instructions for election officers, candidates and political parties and the payment of all administrative and statutory accounts.

Commissioner of Official Languages

Objective

To ensure recognition of the status of each of the official languages and compliance with the spirit and intent of the Official Languages Act.

Activity Description

Commissioner of Official Languages

Investigate complaints received and propose appropriate measures to prevent further contravention of the Official Languages Act. Undertake audits and studies in order to evaluate the performance of federal institutions with regard to official languages matters, and recommend to these institutions appropriate corrective actions. Negotiate with central agencies or other federal institutions. Report to Parliament on a regular basis with regard to the current degree of implementation of the Act and any amendments required to this law or to its application. Establish liaison with parliamentary committees, departments, and other Government agencies and non-government groups, and co-ordinate information and expertise in all areas related to official languages matters. Design and implement public information programmes.

Economic Council of Canada

Objective

To advise and recommend how Canada can achieve the highest possible levels of employment and efficient production in the medium and long-terms in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

Activity Description

Ongoing Work of the Economic Council

Within the broad range of duties specified by the Act, there are three sets of activities which describe the program:

- to carry out economic research and policy analysis, to consult with representatives of all economic interests, and to develop its own policy recommendations;
- to communicate findings and recommendations to decision-makers in all sectors of the economy for consideration in the development of their own policies and strategies that bear directly on the performance of the economy; and
- to foster a fuller appreciation of economic issues throughout the country.

Public Service Staff Relations Board

Objective

To provide the framework within which the various rights and responsibilities of participants to collective bargaining in the Public Service are to be exercised and to provide information to participants on rates of pay and other conditions of employment in Canada.

Activity Description

Staff Relations Administration

The Public Service Staff Relations Board is the quasi-judicial statutory tribunal responsible for the administration of the Public Service Staff Relations Act which established a system of collective bargaining and grievance adjudication in the Federal Public Service. Its mandate as a neutral third party is to resolve, by assistance or determination, disputes over the negotiation, application and interpretation of collective agreements, the imposition of discipline, and disputes over all other manner of proceedings falling under the purview of the Act.

The Board also provides physical premises and administrative support services to the National Joint Council which is a consultative body of representatives of the employer and employees for the negotiation of terms and conditions of employment that do not lend themselves to unit by unit bargaining.

Pay Research Bureau

The Pay Research Bureau conducts research and carries out surveys on rates of pay, benefits and conditions of employment primarily as they relate to those units of employees in the Public Service to whom the system of collective bargaining established by the Public Service Staff Relations Act applies. The Bureau also engages in similar activities in respect of groups that are excluded from that process.

Security Intelligence Review Committee

Objective

To provide external review of the Canadian Security Intelligence Service performance of its duties and functions; and to examine complaints by individuals or reports by Ministers related to security clearances and the national security of Canada.

Activity Description

Security Intelligence Review Committee

The Security Intelligence Review Committee conducts research, institutes studies, undertakes compliance audits, and reports annually to Parliament on the activities of the Canadian Security Intelligence Service. The Committee also conducts investigations of relevant files, holds hearings, calls witnesses, and makes reports to the deputy heads and Ministers concerned, or to the Governor in Council.

Department

Objective

To increase overall industrial, commercial and tourism activity in all parts of Canada and in the process reduce economic disparity across Canada.

Activity Description

Business Climate

To foster a business climate which encourages the development of new products and processes, entrepreneurship and economic growth; support for institutions, associations and other levels of Government which provide common information and services of general use to industry and accurate economic and business intelligence to the private sector; support for studies, seminars, common services, economic, business, technological institutes and centres in order to maintain a favourable business climate; the establishment and delivery of industrial infrastructure initiatives and other capital intensive programs.

Innovation

To establish a broad innovation capability in the private sector and induce investment in strategically important technologies; provide support for studies, applied research, product/process development and design and engineering projects which develop new products/processes for the marketplace.

Industrial, Commercial and Tourism Development

To stimulate the establishment of Canadian businesses with particular emphasis given to locational considerations; support improved productivity and modernization of Canadian industry, provide financial assistance for studies,machinery, equipment, plant and working capital directly related to increasing productivity, modernization or expansion; support industrial restructuring and renewal for firms and communities requiring exceptional economic adjustment measures; assistance to provide incremental social capital to facilitate economic and socio-economic development in areas and regions requiring special measures; the improvement of access to employment opportunities through socio-economic development initiatives; the analysis and evaluation of the competitiveness of Canadian attractions, facilities and services in the national and international tourism environment; identification of deficiencies in the performance of industry and its exploitation of market opportunities; co-operation with private industry and the provinces in the initiation and formulation of tourism industry development policies and plans.

Marketing

To identify, develop and exploit international and domestic market opportunities, tourism market trends and developments; support a range of corporate marketing activity including market research; increasing Canadian firms' knowledge of sales opportunities and facilitating participation in promotional events, both at home and abroad; the identification of high potential target markets for travel to and within Canada; co-operation with provincial and territorial governments and the private sector in promoting travel in Canada to potential foreign visitors, and awareness of the importance of tourism to the economy.

Administration

To provide executive direction and support services including information services.

Cape Breton Development Corporation

Objective

To stimulate economic adjustment and expansion on Cape Breton Island while rationalizing the coal industry.

To rehabilitate and re-organize the coal mining industry on Cape Breton Island to be economically viable.

To promote industrial development on Cape Breton Island and, in concert with the Department of Regional Industrial Expansion, and the Province of Nova Scotia, to improve opportunities for productive employment.

Federal Business Development Bank

Objective

To promote and assist in the establishment and development of business enterprises in Canada by providing financial assistance, management counselling, management training, information and advice, giving particular consideration to the needs of small business enterprises.

Investment Canada

Objective

To contribute to Canada's economic growth by being a catalyst and the focal point for public and private efforts to foster increased investment which benefits Canada.

Activity Description

Investment Development

Encourage business investment by appropriate means; assist Canadian businesses to exploit opportunities for investment and technological advancement; carry out research and analysis pertaining to domestic and international investment;provide investment information services and other investment services to facilitate economic growth in Canada; assist in the development of industrial and economic policies that affect investment in Canada; ensure that the notification and the review of investments are carried out as required by legislation.

Ministry of State

Objective

To encourage the development and use of science and technology in support of national goals.

Activity Description

Policy Development

Develop policies for the support of science and technology; develop policies for and advise on the application of scientific and technical resources to national issues, foster use of scientific and technological knowledge in the formulation and development of public policy; provide a policy and program review and evaluation capability; provide a secretariat support for task project committees.

National Research Council of Canada

Objective

To create and to acquire scientific, engineering and technical knowledge and information; and to promote and to provide for their use in meeting Canadian needs for economic, regional and social development.

Activity Description

National Competence in the Natural Sciences and Engineering

Research undertaken to build and maintain national competence in the natural sciences and engineering, to acquire knowledge and to gain the understanding that is essential to future applications in science and technology.

Research on Problems of Economic and Social Importance

Performance and promotion of research and development aimed at the solution of problems of economic and social importance including building and construction,energy, environmental quality, food, health, public safety and transportation.

Research in Direct Support of Industrial Innovation and Development

Performance and promotion of research, development and related activities for the advancement of technology required for industrial development, including technology transfer, financial assistance, co-operative projects and technical services aimed directly at strengthening the research, development and innovative capacity of industry in Canada.

National Facilities

Provision of national research and development facilities as a service to industry, governments and universities.

Research and Services Related to Physical Standards

Research and services in the field of physical standards, including support of national and international activities.

Scientific and Technical Information

Selection, acquisition, analysis, storage, retrieval and transfer of published and machine readable scientific and technical information; development of validated scientific numeric data; implementation and maintenance of a Canadian network of scientific and technical information services; development of procedures, processes and standards for inter-system exchanges with other national and international networks and services; enhancement of these processes by the application of technology to improve efficiency and productivity; publication of the Canadian Journals of Research.

Administrative and Special Support Services

Administrative support including financial and personnel services; special services including operation and maintenance of National Research Council buildings and facilities, central computer services; all services for programs of the Council; and grants in support of international scientific affiliations.

Natural Sciences and Engineering Research Council

Objective

To promote and support the development and maintenance of research and the provision of highly qualified manpower in the natural sciences and engineering.

Activity Description

Grants and Scholarships

Grants and scholarships awarded to selected individuals and groups in support of research, highly qualified manpower training and research-related activities.

Administration

Operations in support of the granting process.

Science Council of Canada

Objective

To assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

Activity Description

Operations

Assessment of Canada's scientific and technological resources, requirements and potentialities and making reports and recommendations thereon, as well as raising public awareness of Canada's scientific and technological problems and opportunities and the interdependence of the public, governments, industries and universities in the development and use of science and technology.Publication of studies and reports prepared for the use of Council is at the discretion of the Council. The Council has a small secretariat which provides executive, professional, administrative and technical support.

Department

Objective

To enhance, among present and future Canadians, a sense of belonging to the country by promoting full citizenship and increasing opportunities for participating fully in either official language in the educational, economic, social and multicultural aspects of life in Canada.

Activity Description

Official Languages--Education

Financial assistance to the provinces and territories for minority official language education and second official language instruction at all levels of the education system, including Summer Language Bursaries, Official Language Monitors, fellowships to post-secondary students as well as scholarships through the Queen Elizabeth Endowment Fund, financial assistance to institutions, associations, and organizations for the compilation and dissemination of information on, or the development of teaching techniques related to, minority official language and second official language instruction.

Official Languages--Promotion

Promotion of the equal status of both official languages among Canadians; provision of financial and technical assistance to organizations seeking to assert the equal status of both official languages and the adoption of bilingualism policies; provision of financial and technical assistance to institutions, businesses and organizations in the non-federal public sector and the private sector to develop institutions and provide services in the language of official minority language communities.

Official Languages--Services

Provision of translation, interpretation and terminology services in all languages to Parliament, the Cabinet, the Public Service and the judiciary, and to all agencies created by Parliament or the Governor in Council; coordination and management of the development of language services and terminological research and information; coordination and development of policies and projects to support the Program.

Education Support

Coordination and development of federal Government policies and programs in the field of education; administration of post-secondary education payments to the provinces and territories under the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act (1977); administration of the Canada Student Loans Act (1964) including interest payments to provinces and interest relief to unemployed borrowers; cooperation with the Department of External Affairs in ensuring the effectiveness of Canada's participation in international educational forums and activities.

Citizenship Registration and Promotion

Provision of services and facilities, for the granting and proof of Canadian citizenship and promotion of the concept of Canadian citizenship through activities designed to provide an appreciation of its value and encourage its acquisition and retention.

Citizenship Development

Provision of financial assistance and technical and advisory services to individuals, voluntary organizations and public and private institutions for the purpose of enabling Canadians to realize their full potential for individual and group action, and encouraging them to assert and strengthen their cultural identity, to identify the problems facing them, to meet challenges and take advantage of opportunities and finally to join institutions and governments in finding solutions and in developing a social, cultural, economic, and political environment which responds to their needs and aspirations. Attention currently focuses on women, natives and the handicapped. Promotion and coordination, at the federal level as well as with institutions and the private sector, on specific social issues to stimulate changes in social attitudes and reduce discriminatory barriers.

Multiculturalism

Provides the operational focus within the federal Government for the 1971 Multiculturalism Policy; initiation and coordination of related programs and initiatives in co-operation with other federal departments and agencies, and with other levels of government and the private sector; promotional activities designed to increase public awareness of and appreciation for Canada's racial and cultural diversity, and of the multiculturalism policy objectives; provision of financial assistance, to groups, institutions, and individuals for activities undertaken in support of federal Multiculturalism Policy objectives.

Canadian Culture

Promotion of knowledge and understanding of Canada, its culture, history and traditions. Promotion of participation by Canadians in events of national significance such as the Canada Day celebrations. Organization of royal visits and administration of responsibilities related to the Crown and to state protocol.

Human Rights

Promotion of human rights in all sectors of Canadian society through organization of and participation in seminars and conferences on human rights at governmental and non-governmental levels; preparation and dissemination of resource materials; advice on human rights aspects of policies, programs and other measures being developed by Government departments, agencies, and a variety of organizations; financial assistance in support of the human rights initiatives of voluntary and non-governmental organizations and of individuals; financial assistance for the pursuit of test cases involving language rights included in the Canadian Constitution and challenges to federal legislation and policies under the Canadian Charter of Rights and Freedoms; federal-provincial-territorial coordination and report preparation with respect to implementation of Canada's domestic and international human rights responsibilities.

Regional Operations

Management of all departmental activities in all regions of the country, giving particular attention to the specific needs of each region; representation of regional interests to private and public agencies; representation of departmental interests in the regions; management of a national network of regional offices, including regional Citizenship courts.

Administration

Provision of executive direction through the offices of the Secretary of State also Minister responsible for Multiculturalism and the Under Secretary of State; coordination of policy development and research; development and implementation of management policies and systems and provision of services in the areas of planning, management information, finance, administration, communications, corporate support, personnel and legal services: includes the program evaluation, internal audit and management improvement functions.

Advisory Council on the Status of Women

Objective

To bring before the Government and the public matters of interest and concern to women.

Activity Description

Advisory Council on the Status of Women

Recommends to the Government legislation and programs to improve the status of women; researches matters pertaining to the status of women in Canada; informs the public on areas of concern to women and publishes an annual report on the progress being made in improving the status of women.

Public Service Commission

Objective

To assist in the maintenance of a competent Public Service by ensuring that the best qualified persons are recruited to or promoted within the Public Service, that qualified employees are deployed to meet operational requirements and that certain training services are provided on behalf of the Treasury Board.

Activity Description

Staffing Programs

The Staffing Programs activity encompasses activities in support of delegated and non-delegated staffing, including policy development, resourcing of the Management Category, administration of staffing delegation, establishment of tests and standards for selection, administration of staffing priorities and services in support of recruitment and promotion. This Activity also encompasses the administration of affirmative action programs, special development programs in support of the Management Category and co-ordination of parts of the Official Languages Program for which the PSC is responsible.

Audit

The Audit activity reviews departmental and PSC staffing practices and procedures in order to determine that appointments conform with the Public Service Employment Act and Regulations and Commission policy. It reviews the manner in which departments administer selected aspects of their personnel services for which Treasury Board has policy responsibility. This latter activity is governed by an agreement between Treasury Board Secretariat and the Public Service Commission.

Appeals and Investigations

The Appeals and Investigations activity, through the establishment of independent boards, hears appeals by public servants against alleged breaches of the Public Service Employment Act and Regulations in such matters as appointments, demotion and release. In addition, complaints of alleged irregularities in staffing processes and matters of personnel harassment in the workplace are investigated. Training, advice and assistance are provided to departments unions and other interested individuals.

Language Training

The Language Training activity provides language training in both official languages and related language training service in conformity with Government policy, to meet the needs of departments and agencies in the federal Public Service, and occasionally those of outside clients. It provides second language courses designed to meet the job-related linguistic requirements of departments, and a range of advisory, informational and co-ordinating services related to language training.

Staff Development and Training

The Staff Development and Training activity provides executive, managerial, supervisory and professional training and training services to federal public servants across Canada in response to Treasury Board policies and departmental demands. It provides courses and training events designed to meet the job-related training requirements of departments and a range of advisory, informational and co-ordinating services related to training.

Administration

The Administration activity includes the activities of the Chairman and Commissioners, corporate policy and strategic planning, management systems and policies, internal audit and program evaluation, and financial, personnel and other administrative and support services for the Commission.

Social Sciences and Humanities Research Council

Objective

Within the Canadian research community, to promote and assist research and scholarship in the social sciences and humanities and to encourage excellence therein.

Activity Description

Grants and Scholarships

Grants and scholarships awarded to selected individuals, groups and organizations in support of disciplinary based and priority research, human resource development, and activities related to the dissemination of research results; and sustaining grants to national scholarly associations.

Administration

Operations in support of the granting process.

Status of Women--Office of the Co-ordinator

Objective

To promote equal opportunities for women in all spheres of Canadian life.

Activity Description

Office of the Co-ordinator

The provision of advice and recommendation to the Minister responsible for the Status of Women on all matters concerning the effective discharge of the Minister's mandate; the provision of information and liaison services in respect of Government programs and policies concerning the status of women.

Canadian Security Intelligence Service

Objective

To provide security intelligence to the Government of Canada.

Activity Description

Canadian Security Intelligence Service
Collects, analyzes and retains information and intelligence respecting activities that may be suspected of constituting threats to the security of Canada; and reports to and advises the Government of Canada in relation to these threats; and provides security assessments.

Correctional Service

Objective

To administer sentences imposed by the courts and to prepare offenders for their return as useful citizens to the community.

Activity Description

Planning and Management
Headquarters, regional and institutional management; development of policy and plans, and monitoring of performance; promotion of good communications and public awareness.

Custody of Inmates
Security and custodial care of inmates, to minimize the incidence of offenders inflicting harm to the public, staff, other inmates and themselves.

Education, Training and Employment of Inmates
Promotion of work and training opportunities in industrial, vocational and scholastic programs designed to develop inmates for useful positions in the community as productive and responsible citizens.

Offender Case Management
Preparation, direction and counselling of inmates aimed at their satisfactory reintegration into society; supervision of inmates released on parole from both federal and provincial institutions; and provision of rehabilitative assistance to parolees and inmates discharged from federal penitentiaries.

Health Care
Provision of medical, dental, psychiatric and therapeutic treatment for inmates.

Technical Services
Provision of food, clothing and institutional services; the maintenance of accommodation and plant facilities; the provision of engineering and architectural services.

Administration
Provision of personnel, finance and general administration services.

National Parole Board

Objective

To exercise statutory and regulatory powers to grant and to control the conditional release of persons undergoing sentences of imprisonment and to make recommendations for pardons and the exercise of the Royal Prerogative of Mercy.

Activity Description

Parole Board Operations
In accordance with the provisions of the Parole Act, and other relevant statutes, the National Parole Board is an independent administrative body which grants, denies and controls the conditional release of inmates of federal penitentiaries, and recommends the exercise of the Royal Prerogative of Mercy and the granting of pardons. In addition, the National Parole Board exercises the same powers and responsibilities, with the exception of the granting of temporary absences, for provincial inmates in provinces without provincial parole boards.

Royal Canadian Mounted Police (RCMP)

Objective

To enforce laws, prevent crime, maintain peace, order and security.

Activity Description

Enforcement of Federal Statutes and Executive Orders

- To prevent and detect offences against federal statutes such as the Narcotic Control Act, Bankruptcy Act, Immigration Act, and the Revenue Statutes.
- To undertake certain responsibilities of other federal Government departments on a cost recovery basis.
- To protect visiting foreign dignitaries, diplomats and senior Canadian government officials.

Canadian Police Services

The operation of the crime detection laboratories across Canada, the main Identification Branches, the Canadian Police Information Centre, the Canadian Police College at Ottawa, and the registry records services.

- Crime detection laboratories at Halifax, Sackville, Ottawa, Winnipeg, Regina, Edmonton and Vancouver provide scientific and technical assistance to Canadian police forces and enforcement agencies to assist in criminal investigations and security matters.
- The Identification Branches are the central repository of criminal records and information. They gather, maintain, classify and preserve identification data and information received from all Canadian police forces, penal institutions, federal agencies and private citizens, furnishing information concerning such records to duly authorized agencies.
- The Canadian Police Information Centre provides an integrated automated information system on crimes and criminals to serve the immediate operational needs of all police forces in Canada.
- The Canadian Police College provides specialized police training to members of Canadian police departments and agencies as well as members of foreign police departments.
- The registry records services provides an efficient record management service to support the operational and administrative functions of the Force.

Police Services Under Contract

Cost-shared policing arrangements for enforcement of the Criminal Code, provincial statutes, territorial ordinances, and municipal by-laws in, as applicable, all provinces except Ontario and Quebec, certain municipalities in the contract provinces, and the Yukon and Northwest Territories.

Administration

Commissioner's office and staff, central and divisional management, administrative support services and recruit and in-service training.

(S) Statutory authority.

(L) Non-budgetary authority (loan, investment or advance).

1 Treasury Board Vote 5--Government contingencies.
Treasury Board Vote 10--Employment initiatives.

2 The authority to spend revenue received during the year was reduced due to the transfer, from the Department of Transport to the RCMP, of the financial responsibility for airport security services which were previously provided by the RCMP on a cost recovery basis.

Department

Objective

To provide Receiver General programs in the areas of payment and banking services, maintenance of the central Government fiscal accounts and associated reports; certain services in the area of compensation and personnel; and common services on a revenue dependent basis, for the supply of goods and certain services required by departments and agencies, and the disposal of Crown owned material; all designed to enhance Government efficiency, effectiveness and economy, taking into account the contribution of these activities to the support of national objectives.

Activity Description

Supply Operations

The provision of goods and services of both a commercial and technically complex nature. The provision of specialized printing, film and video, exhibit and advertising services to Parliament and Government departments. The effective, efficient and economical management on behalf of departments and agencies of the procurement aspects of major crown projects. The financing, as required, on a cost reimbursable basis, of the acquisition and stockpiling of defence supplies or strategic materials, and the provision of supply support initiatives which contribute to departmental programs.

Regional Operations

The operation of the Receiver General payments, production and delivery systems; the production of and delivery of payment, pension and other benefit plan systems for the public service, the Canadian Forces and the Royal Canadian Mounted Police, the procurement of goods and services, locally, in Canada and abroad and the provision of disposal services for surplus material in the custody of Government departments, agencies, and Crown corporations.

Management and Operational Services

The management of the Consolidated Revenue Fund; the maintenance of the central accounts of Canada and preparation of the Public Accounts reports. The administration of systems required for payment, pension and other benefit plan systems for the public service, the Canadian Forces and the Royal Canadian Mounted Police. The provision of accounting, advisory and data processing services on request from departments to the Government as a whole.

Reciprocal Taxation

The remittance by the federal Government (directly or indirectly) to participating provinces, payments in lieu of provincial taxes and fees(includes provincial general sales taxes, motor fuel, tobacco and amusement taxes, and motor vehicle registration fees) on its consumption or use of goods and services. In return, the participating provincial governments pay federal sales and excise taxes on their purchases of goods.

Program Administration

The provision of direction and control for the efficient and effective delivery of the supply and services program, also including the provision of support services, e.g., development and operation of financial management systems,development and operation of management information systems, development of strategic plans; allocation and monitoring of resources; formulation and maintenance of policies; coordination of effective customer and supplier relations; human resources planning and development; and the development and maintenance of security policies.

Royal Canadian Mint

Objectives

- To produce and arrange for the production and supply of coins of the currency of Canada;
- To produce coins of the currency of countries other than Canada;
- To melt, assay, refine, buy and sell gold, silver and other metals for the account of Canada; and
- To make medals, plaques and other things as are incidental to the powers of the Mint.

Statistics Canada

Objective

To provide statistical information and analysis on the social and economic life of Canada, its provinces, its regions, its businesses, its institutions and its people, in order to contribute to an understanding of the various aspects of Canada and provide a basis for the development, analysis and evaluation of social and economic policies and programs, for public, business and individual decision-making, and for the general benefit and information of Canadians. To promote a national statistical program through the co-ordination of statistical activities of federal departments and agencies with the provinces and territories.

Activity Description

International and Domestic Economic Statistics

The provision of statistical information and analysis relating to the measurement of the international and domestic components of Canadian economic performance; and the co-ordination of data collection and aggregation activities with other federal departments and with provinces and territories to minimize response burden on the business community.

Socio-Economic Statistics

The provision of statistical information and analysis relating to economic phenomena commonly perceived as having a major impact on conditions of individuals and families; and the co-ordination of statistical activities on socio-economic issues with other federal departments and agencies and with the provinces and territories.

Census and Social Statistics

The provision of statistical information and analysis on the Canadian population, its demographic characteristics, and its conditions, including the census of population, and the co-ordination of statistical activities on social issues with other federal departments and agencies and with the provinces and territories.

Institution Statistics

The provision of statistical information and analysis on the nature and operation of the public and institutional sector; the development and promotion of common concepts and systems; and the co-ordination of federal, provincial and territorial government statistical activities concerning institutions.

Technical Infrastructure

The provision of an infrastructure of centralized and specialized services,including research and analysis, marketing and information services, classification systems, statistical methods, operations and regional services, and informatics, to efficiently support and deliver the agency's statistical products.

Corporate Management Services

The provision of central direction and management services including,management practices, finance, personnel, and administrative services in support of the agency's program.

Department

Objective

To attend to the development and operation of a safe and efficient national transportation system that contributes to the achievement of Government objectives, and to operate specific elements of this system.

Activity Description

Policy and Coordination

The Policy and Coordination activity is responsible for coordination of transportation policy, involving the marine, air and surface modes and Crown corporations; provision of secretariat services; compliance with Access to Information/Privacy/Human Rights Act; short and long-term strategic policy planning and development; economic analysis; research and development; management of provision of financial support for marine, air and surface transportation systems including VIA Rail, the Branch Line Rehabilitation/Hopper Car Program, Economic and Regional Development Agreements (ERDAs), Newfoundland Railway Containerization Program, ferry services consisting of Marine Atlantic, private ferry services and provincial ferry services, Canada Ports Corporation, and the St. Lawrence Seaway Authority (Jacques Cartier and Champlain Bridges).

Marine/Canadian Coast Guard

Marine Transportation activities encompasses the provision of marine navigation systems including short and long range navigational aids, waterways, vessel traffic services, safety and public correspondence communication; provision of route assistance through ice-infested waters; monitoring and control of potentially hazardous ice conditions; provision of facilities and services in support of other departments and agencies; coordination of the resupply of northern settlements; support of arctic research and development; direct services as part of the federal Government's commitment to marine search and rescue enhanced by the use of the Canadian Marine Rescue Auxiliary organizations; promotion of boating safety; development, promulgation and enforcement of policies, regulations and standards relative to marine transportation; emergency planning and pollution clean-up; the development, administration and maintenance of public harbours and ports.

Also included and enabled through Crown corporations and other entities are the provision of pilotage services within Canadian waters; the development, operation and maintenance of nine commission harbours; and the operation of the vessel M.V. Arctic.

Aviation

The Aviation activity is responsible for the development and operation of essential air navigation facilities and services including provision of policies, plans and procedures, flight calibration/inspection services and aeronautical information; provision of reliable air navigation facilities, electronic systems and equipment; maintaining the safe, orderly and expeditious flow of air traffic through control and guidance of aircraft movement in airspace and on airport manoeuvring areas; regulation and control of civil aviation activities including detection of unsafe conditions; promotion of safety; and provision of aircraft services to Transport Canada and other federal departments and agencies.

Airports Authority Group

The Airports Authority Group is responsible for the development, maintenance and operation of essential civil airport facilities and services in Canada, applying a commercially-oriented management approach to lead to system self-sufficiency. Airport operations involve provision of services to passengers and aircraft such as passenger and baggage security screening, policing, airport crash, firefighting and rescue, and the maintenance and upkeep of airport facilities including terminals, parking garages, runways, roads, mechanical and electrical equipment. Airports operated by the federal Government involve 9 major airports and 141 national, regional and local airports.

Surface

The Surface Group is responsible for the development, implementation and monitoring of policies and programs concerning railway safety, road safety and motor vehicle regulation, and transport of dangerous goods, and for the development, preparation and maintenance of emergency plans and procedures for the surface modes during national emergencies.

Departmental Administration

The Departmental Administration activity provides direction and management to the Department and Crown corporations through the Executive Offices of the Minister, Minister of State and Deputy Minister. The ADM Finance centrally controls and provides services to the department in areas of finance, planning and programming, cost recovery and economic evaluation, general administrative services, management systems, communications and informatics, and materiel and contracting. The ADM Personnel centrally controls and provides personnel and training services to the Department. Other services include internal audit, program evaluation and review, public affairs, legal counsel, safety and security and emergency planning.

Air Canada

Objective

To operate the business of an air carrier, within and outside Canada.

Canadian Aviation Safety Board

Objective

To advance aviation safety.

Activity Description

Advancement of Aviation Safety

The investigation, analysis and reporting of accidents, incidents and hazards involving civil aircraft in order to determine the contributing causes and factors for the purpose of developing safety recommendations designed to eliminate or reduce aviation safety deficiencies.

Civil Aviation Tribunal

Objective

To provide the aviation community the opportunity to appeal enforcement decisions or penalties assessed under the Aeronautics Act.

Activity Description

Review Hearings and Appeals

Provides for the operation of an independent Civil Aviation Tribunal to respond to requests from the aviation community for review of enforcement decisions and/or penalties assessed by the Minister of Transport under the Aeronautics Act; to conduct hearings into such appeals; and to advise the Minister to sustain such decisions or to substitute the Tribunal's decisions or to request the Minister to reconsider.

Grain Transportation Agency Administrator

Objective

To ensure that, for specified aspects of the grain handling and transportation system, western grain moves to domestic and export position in a prompt, efficient and orderly manner.

Activity Description

Grain Transportation Agency Administrator

Co-ordination and management of grain handling and transportation so that grain moves in a prompt, efficient and orderly manner for the maximun benefit of producers. This includes allocating railway cars to grain shippers; identifying, developing and implementing system efficiencies; developing and implementing a national scheme of performance objectives for system participants; managing the Government-owned hopper car fleet; administering trucking agreements; providing secretariat functions, research and support to the Senior Grain Transportation Committee; implementing a public information program for grain producers, and others on system performance and evaluation.

National Transportation Agency

Objective

With due regard to national policy aimed at achieving an economic, efficient and adequate transportation system, to regulate the development and operation of those elements of the transportation sector that come under federal jurisdiction in order to protect the interests of the users of transportation, to maintain the economic well-being and growth of Canada, and to co-ordinate and harmonize the operations of transport carriers.

To regulate the safety of railway transport services in Canada, so that they are operated in a manner that minimizes the risk of personal injury to employees and the public as well as damage to property.

To develop and provide information and advice to the federal Government on the economic and social aspects of all modes of transport within, into or from Canada.

To administer, in an economical and efficient manner, certain federal Government programs for the subsidization of transport services.

Activity Description

Air Transport

The economic regulation of commercial air services in Canada through the licensing of these services, the inspection and monitoring of air carrier operations, the examination and control of tariffs, the review of acquisitions and mergers involving air carriers or commercial air services, and economic and financial analysis of the industry; participation in the development of international air agreements and consultation with foreign aeronautical authorities on scheduled and chartered air transport; and the administration of subsidies for commercial air carriers.

Railway Transport

The economic regulation of railway services in Canada through the analysis, development and promulgation of accounting and costing methodology, the auditing of railways' accounts, the examination and analysis of tariffs, and the resolution of complaints concerning tariffs; the monitoring of quality of freight and passenger-train services; the approval of branch-line abandonment and agency centralization applications; the development and enforcement of safety regulations, standards and procedures for railway operation, equipment and infrastructure; and the administration of subsidy payments to railway companies.

Water Transport

The licensing of water carriers in designated areas; the examination and acceptance of tariffs; the review of acquisitions and mergers involving water carriers; the provision of advice to the Minister of National Revenue on applications of foreign vessels being considered for engagement in the coasting trade; and the economic analysis and monitoring of international maritime and multimodal transportation matters.

Motor Vehicle Transport

The review of acquisitions and mergers involving road transport services; the economic regulation of the CN Roadcruiser Bus Service (Newfoundland); and the administration of subsidy payments to truckers.

Research

Development of study and research programs to provide information and advice on the economic and social aspects of all modes of transport within, into or from Canada.

Management and Administration

The Executive and corporate management functions, and administrative services in support of Commission activities.

Northern Pipeline Agency

Objective

To facilitate the efficient and expeditious planning and construction of the Alaska Highway Gas Pipeline in a manner consistent with the best interests of Canada as defined in the Northern Pipeline Act.

Activity Description

Regulation of Construction of the Alaska Highway Gas Pipeline

To carry out and give effect to the Agreement of September 20, 1977, between Canada and the United States; to facilitate the efficient and expeditious planning and construction of the pipeline, taking into account local, regional and national interests, including those of the native people, and carrying out federal responsibilities in relation to the pipeline; to facilitate consultation and co-ordination with the governments of the provinces and the territories; to maximize social and economic benefits while minimizing any adverse social and environmental effects; to advance national economic and energy interests and to ensure the highest possible degree of Canadian participation in all aspects of the planning, construction and procurement for the pipeline.

Secretariat

Central Administration of the Public Service Program

Objective

To support the Treasury Board in performing its statutory responsibilities for the management of the Government's financial, human and material resources.

Activity Description

Expenditure Management

On the basis of the analysis of departmental plans and programs and within the context of the Policy and Expenditure Management System, to recommend to the Government the acceptance or modification of specific expenditure proposals,in order to:

- reflect the priorities which the Government assigns to the objectives;
- increase the effectiveness of existing and proposed programs;
- increase the efficiency with which the person-year resources, facilities,equipment, materials and supplies are used in the operation of programs; and
- to develop the Estimates for the approval of Parliament.

Personnel Management

The development, communication and evaluation of the personnel policies,regulations, standards, systems and terms and conditions of employment to enable managers to manage the human resources required to carry out Government programs.

Staff Relations

The development and implementation of policies promoting effective employer-employee relations in the federal public service.

Administrative Policy

The development, communication and evaluation of administrative and information policies, regulations, standards and systems in order to ensure probity and prudence in the acquisition and use of material and services required to provide effective support to Government programs.

Official Languages

The development, communication and evaluation of the Official Language policies and programs within the federal public service.

Bureau of Real Property Management

The improvement in the management of the federal portfolio of real property and the effectiveness of policies governing real property services and occupancy.

Departmental Administration

Includes executive direction for the Secretariat; and information, financial, personnel and administrative services.

Government Contingencies and Centrally Financed Programs

Objective

To provide funds for unforeseen and urgent expenditures which arise after the Main Estimates have been tabled and for centrally managed programs.

Activity Description

Government Contingencies

Provides funding for increased salary costs arising out of negotiated and non-negotiated agreements and other pay list requirements not included in departmental Estimates and for urgent expenditures of a miscellaneous character which cannot be foreseen when the Estimates are drawn up.

Employment Initiatives

Provides funding for qualifying projects approved during the fiscal year which support the Government's employment strategy.

Employer Contributions to Insurance Plans Program

Objective

To provide for contributions by the Government as employer in respect of employee insurance and benefit plans and programs and for payments made under certain residual pension plans.

Activity Description

Public Service Insurance

Provides for the payment of the employer's share of health, income maintenance and life insurance premiums, for payments to or in respect of provincial health insurance plans, provincial payroll taxes and the employee's share of the unemployment insurance premium reduction.

Public Service Pensions

Provides for payments under earlier superannuation and retirement acts, under the Public Service Pension Adjustment Act of 1959 and for employer costs of pension and social security plans to which employees engaged locally outside of Canada are subject.

Temporary Assignments Program

Objective

To provide executives and senior officers to carry out high priority temporary assignments in response to departmental and agency requests.

Comptroller General

Objective

To see to the establishment and maintenance of sound management practices in the federal Government by developing policies and standards for financial and operational planning, reporting and controls, and by promoting and monitoring improvements in the practice of financial and operational management, in departments and agencies.

Activity Description

Financial and Management Accounting and Reporting

Has as its objective the establishment and maintenance of sound financial and management accounting and reporting in the federal Government. This is accomplished by developing and maintaining financial, accounting and reporting policies, including guidelines on the form and content of the Estimates and Public Accounts, and specifications for the development of financial systems; providing interpretative services and implementation assistance to departments and agencies; participating in the recruitment and development of financial officers; and assisting other central agencies in the development of legislation and policies affecting the control and accountability of departments and Crown corporations in order to ensure their compatibility with the Government's stated accounting and reporting policies.

Management Practices and Processes

Has as its objective the establishment and maintenance by departments and agencies of sound management processes and systems for strategic and operational planning and review. This involves the conduct of surveys and assistance in the development and implementation of departmental action plans for improvements in management practices; the elaboration of policies,guidelines and standards for program evaluation and internal audit; the provision of assistance to departments and agencies in the implementation of evaluation and audit policies; the monitoring of evaluation and audit practices; participation in the training and development of managers and practitioners of program evaluation and internal audit; and the development, in conjunction with other central agencies, of Government-wide procedures in order to ensure the demand for, and appropriate use of evaluative information.

Administration

Includes management and support work for the above activities; and financial, personnel and administrative services.

Privatization and Regulatory Affairs

Objective

To see to the coordinated and orderly divestiture of corporate holdings which do not fulfill a public policy purpose and to promote improved public access to and involvement with the regulatory process.

Activity Description

Privatization and Regulatory Affairs

The provision of advice and support to the responsible Minister on all matters concerning the effective discharge of this mandate; design and implementation of public information programs; provision of communication and administrative services.

Department

Veterans Affairs Program

Objective

To provide support for the economic, social, mental and physical well-being of veterans, their dependants and other eligible persons.

Activity Description

Pensions

Administration and payment of pensions and benefits for disability and death in accordance with the Pension Act, Civilian War Pensions and Allowances Act, Flying Accidents Compensation Regulations, Civilian Government Employees (War) Compensation Order and related Acts and Orders and the payment of compensation in accordance with the Compensation for Former Prisoners of War Act.

Economic Support

Administration of matters relating to the financial support and other special programs for veterans, their dependants and certain other specified persons.These benefits include: War Veterans Allowances and Civilian War Allowances and supplementary financial assistance on the basis of need; educational assistance for veterans and the pensioned children of deceased veterans; specialized welfare services for blind, deaf and paraplegic veterans; special housing assistance for veterans. Operation of two sheltered workshops to produce poppy emblems and memorial wreaths for the Royal Canadian Legion Poppy Day Campaign and various memorial occasions.

Health and Social Services

The provision to qualified veterans of hospital, medical and domiciliary care, out-patient medical and dental treatment, health care assessments, social welfare counselling, prosthetic services and related training, allowances and ancillary benefits.

Management of Property Contracts

Provision of property management and other services including post-loan counselling, real estate appraisals, and the administration of sale contracts relating to properties the titles to which are in the name of the Director, the Veterans' Land Act.

Departmental Administration

Operation of the offices of the Minister, Deputy Minister, two Assistant Deputy Ministers and the managerial support functions of financial management, personnel management, management services, legislation review, corporate planning, public affairs, the Departmental Secretariat, audit and evaluation services, and the coordination of access to information and privacy .

Canadian Pension Commission Program

Objective

To award disability pensions and associated benefits provided by the various statutory instruments under which it operates as compensation for disability or death related to military or other qualified service.

Activity Description

Pensions

Adjudicates and sets adjudicative policy under the Pension Act, the Compensation for Former Prisoners of War Act, the RCMP Superannuation and Pension Continuation Acts, Parts I to X of the Civilian War Pensions and Allowances Act and various other Acts, Orders and Regulations. The Commission also administers and manages the War Veterans Distress Fund, the Florence Martineau Fund and other trust funds.

Bureau of Pensions Advocates Program

Objective

To ensure that persons seeking to establish claims under the Pension Act and related statutes or an appeal under the War Veterans Allowance Act have access to an independent professional legal service providing a solicitor and client relationship.

Activity Description

Pensions

This Bureau provides legal aid to persons seeking to establish claims under the Pension Act, R.S., c. 207, s. 1. and allied statutes and orders or an appeal to the War Veterans Allowance Board. This service is provided by professional advocates and support staff in 19 locations throughout Canada. The Bureau must accept all requests for assistance from eligible veterans or dependants of deceased veterans. The services of the Bureau are free but applicants may employ a private lawyer at their own expense or be represented by a service officer of an accredited veterans' organization.

Veterans Appeal Board Program

Objective

To provide a system of appeals to ex-members of the Armed Forces, and RCMP, certain civilians and/or their respective dependents in order to ensure they receive the full benefits they are entitled to under the Pension Act, the War Veterans Allowance Act, the Civilian War Pensions and Allowances Act and related statutes.

Activity Description

Economic Support

Provision for the expenses of the War Veterans Allowance Board which adjudicates appeals related to the rulings in cases of applicants and recipients made by the Department of Veterans Affairs under the War Veterans Allowances Act and the Civilian War Pensions and Allowances Act, Part XI, and related instruments, reviews rulings of the Department, adjudicates eligibility in specific cases and interprets the acts and regulations.

Pensions

Provides for the adjudication of appeals made before it on decisions rendered by the Entitlement and/or Assessment Boards of the Canadian Pension Commission and for the determination of all matters of interpretation of the Pension Act, and for the adjudication of appeals under the Civilian War Pensions and Allowances Act, Compensation for Former Prisoners of War Act, Flying Accidents Compensation Regulations, RCMP Pension Continuation Act, RCMP Superannuation Act and other related statutes.

INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 55 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts

The Public Accounts is produced in three volumes. **Volume I** presents a summary analysis of the financial transactions of the Government while **Volume III** contains an annual consolidated report on the businesses and activities of all parent Crown corporations together with a listing of all Crown corporations and other corporate interests of Canada.

Volume II is published in two parts. **Part I** presents the financial operations of the Government, segregated by ministry while **Part II** presents additional information and analyses. The content of **Part II** is summarized as follows:

- financial statements of revolving funds (Section 1);
- financial statements of departmental corporations and other entities (Section 2);
- supplementary information required by the Financial Administration Act (Section 3);
- accounts receivable (Section 4);
- professional and special services (Section 5);
- construction and acquisition of land, buildings, works, machinery and equipment (Section 6);
- transfer payments (Section 7);
- public debt charges (Section 8);
- payments of damage claims, ex gratia payments, Federal Court awards and nugatory payments (Section 9);
- federal-provincial shared-cost programs (Section 10);
- other Government-wide information (Section 11); and,
- other miscellaneous information (Section 12).

Defence Production Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Defence Production Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, the Defence Production Act, and reporting requirements and standards of the Receiver General for Canada.

These financial statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with ministerial statements. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements.

The primary responsibility for the integrity and objectivity of data in these financial statements rests with the Finance and Administration sector. This responsibility is discharged by the Comptroller's Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1988

1. Purpose and authority

The Defence Production Revolving Fund has been authorized by Section 15 of the Defence Production Act. It was established in 1951 for the purpose of:

(a) financing the stockpiling of defence supplies or strategic materials;

(b) making loans or advances to aid in defence procurement such as working capital loans as advance payments on contracts but not including loans or advance payments for capital purposes; and

(c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The Adjustment of Accounts Act (S.C. 1980, c. 17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a continuing non-lapsing authority from the Adjustment of Accounts Act to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed at any time by more than $100 million the aggregate of amounts received on these two accounts. An amount of $15,408,997, representing net assets assumed by the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus in the amount of $455,935 has been transferred to the Fund's authority during 1984-85.

2. Significant accounting policies

(a) Payments to suppliers for defence supplies are billed to departments and Crown corporations at cost.

(b) Progress payments to suppliers

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by Government departments and agencies and/or for stockpiled inventories, which are in progress and located on the supplier's premises, are recorded as progress payments to suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

(c) Progress billings to customers

Billings to customers for defence supplies requisitioned which have not yet been delivered to customers are recorded in the accounts as progress billings to customers.

Note: For the years ended March 31, 1987 and March 31, 1988 there were no transactions that applied to (b) and (c).

3. Long-term receivable

In accordance with the terms of an agreement, the collection of the long-term receivable is dependent on the recipient's ability to make sales. Should the sales be insufficient to retire the debt, any balance owing will be recovered from the Department of National Defence. It is anticipated the balance owing as at March 31, 1988 will be recovered during the next fiscal year.

Environmental Studies Revolving Fund
(Energy, Mines and Resources)

MANAGEMENT REPORT

The accompanying financial statements of the Environmental Studies Revolving Fund have been prepared in accordance with Treasury Board policy and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared with objective data maintained by the Department. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Department has terminated the operations of the Fund effective April 1, 1987. The balance of the unused authority as at April 1, 1987 of this Fund has been transferred to the newly created specified purpose account, the Environmental Studies Research Fund.

1. Authority and purpose

The Environmental Studies Revolving Fund was established under the authority of Section 49 of the Canada Oil and Gas Act, which was proclaimed in March 1982. The terms and conditions of the Fund were outlined and approved by Treasury Board in February 1983. The purpose of the Fund is to finance environmental and social studies, which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands. Levies are collected from the interest owners within prescribed regions, based on a rate fixed by the Minister, and are deposited into the Fund. Payments are made from the Fund to parties carrying out such environmental and social studies within these regions, as directed by the Minister. The total amount of deposit in the Fund cannot, at any time, exceed $15 million.

As a result of management reporting structure changes, a memorandum of understanding transferred, commencing November 5, 1985, the financial administration of the Environmental Studies Revolving Fund—Indian Affairs and Northern Development to the Comptroller, Canada Oil and Gas Lands Administration.

The Canada Petroleum Resources Act dated November 18, 1986 established the Environmental Studies Research Fund. The Environmental Studies Revolving Fund ceased operations on April 1, 1987. The effective date of the transfer of the unused authority from the Environmental Studies Revolving Fund to the Environmental Studies Research Fund was April 1, 1987.

Government Telecommunications Agency Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Government Telecommunications Agency (GTA) Revolving Fund have been prepared as required by and in accordance with the policy and procedures of the Treasury Board for revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Assistant Deputy Minister, Corporate Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. These are supplemented by additional systems and procedures developed and implemented by the Fund's Finance and Administration Division. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by frequent contacts with departmental financial and internal audit officers.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified accounting staff, by organizational arrangements that provide appropriate divisions of responsibility and by a high standard of internal communications aimed at ensuring that its regulations, policies, procedures and managerial authorities are understood throughout the Agency.

The accounting systems and financial statements of the Fund have evolved over the years to meet changing conditions. A new integrated financial information system, utilizing state-of-the-art financial systems software and technology, was installed during fiscal year 1987-88 and is in place for fiscal year 1988-89. The new system is required to handle the increased volume and complexity of financial transactions within the Fund and the need for accurate and timely allocation and recovery of costs, accounting and control of accounts receivable, and improved financial reporting.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1988

1. Purpose and authority

The Government Telecommunications Agency Revolving Fund was originally established in 1963 to plan and provide telecommunications facilities and services at the request of federal departments and agencies. Section 23 of the Adjustment of Accounts Act authorized the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed $8,000,000 at any time. This authority was increased to $12,000,000 by Appropriation Act No. 4, 1981-82, to $15,000,000 by Appropriation Act No. 4, 1983-84 and to $19,000,000 by Appropriation Act No. 4, 1984-85. In accordance with Vote 2c, Appropriation Act No. 4, 1982-83, an amount of $1,485,822 of the accumulated deficit caused by the payment to Bell Canada for a terminated contract has been written off to the authority. An amount of $741,781 representing net assets assumed by the Fund and assets contributed to the Fund was charged against this authority when the Fund became budgetary.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1988—*Continued*

2. Significant accounting policies

(a) Fixed assets

Fixed assets are carried at cost. In most cases, depreciation is calculated using the diminishing balance method at the following rates: automobiles (30%), office equipment (20%), furniture and fixtures (10%). Telecommunications equipment constitutes a special category of assets, depreciated on a straight-line basis, over the first five to seven years of utilization of the equipment.

(b) Assets under capital lease

Leases which transfer substantially all of the benefits and risks incident to ownership of property are accounted for as acquisitions of assets and assumptions of obligations corresponding to the fair acquisition value of the asset (excluding interest charges) at the time of purchase. The asset is amortized and the obligation, including interest thereon, is liquidated over the life of the lease.

(c) Deferred charges

Service contracts amounting originally to $900,000 (1983-84) are included in this category. They relate to advance payments to suppliers for future telecommunications services and are amortized on a straight-line basis over a five year period. In 1987-88, the amortization relating to service contracts amounted to $180,000 ($180,000 in 1986-87).

Other deferred charges ($779 added in 1987-88) are linked to acquisitions of telecommunications equipment by GTA and are amortized on a straight-line basis on the same life expectancy as the asset they relate to. In 1987-88, the amortization relating to the other deferred charges amounted to $2,833.

(d) Deferred revenue—Service contracts

Advance payments from client departments and agencies for future telecommunications services are recorded as deferred revenue and are included in revenue on an equal basis over a five to seven years period. In 1987-88, $334,315 was recognized as revenue. An amount of $27,429 was also added to the deferred revenue in 1987-88 and will be amortized over the remaining life expectancy of the asset.

(e) Accrued revenue—Long-term

Monthly payment plans are offered to departments and agencies to cover implementation costs of telecommunications services. At the end of 1987-88, the amount outstanding is equal to $67,651. The short-term portion of the accrued revenue (due in 1988-89) represents $13,887 and is included in the accounts receivable—Government of Canada in the balance sheet.

(f) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Fixed assets and accumulated depreciation

Acquisitions of telecommunications equipment during 1987-88 include the purchase of a telecommunications system amounting to $1,029,542 at the end of the fiscal year which was not depreciated in 1987-88. The depreciation of this asset and the corresponding recovery from the client department will begin as of April 1, 1988.

4. Obligation under capital lease

On June 1st, 1986, the Government Telecommunications Agency Revolving Fund entered into an agreement with BTE (Business Telecom Equipment) to rent telecommunications equipment under capital lease. The asset was capitalized at $177,000 using an interest rate of 13.63%. The related obligation is liquidated over the lease term of 3 years and is segregated between current and long term portions on the balance sheet. Lease payments during 1987-88 totalled $72,208 including interest of $14,882 charged to operations (Local).

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements have been examined by the audit Committee and presented to the Board of Trustees.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgement and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director of Administration and Financial Services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where contacts are maintained between our internal auditor and staff of the Auditor General's Office. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have been examined by the Auditor General, his role being to express an informed judgement as to whether the financial statements present fairly the financial position of the Board as at March 31, 1988 and the results of its operations and the changes in its financial position for the year ended in conformity with generally accepted accounting principles.

AUDITOR'S REPORT

TO THE MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the National Film Board as at March 31, 1988 and the statements of operations, accumulated deficit and accumulated net charge against the Revolving Fund's authority for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1988 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, I report, as mentioned in Note 9 to the financial statements, that the Board has exceeded its parliamentary appropriation, which is contrary to the provisions of the Financial Administration Act.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1988

1. Authority and purpose

The National Film Board was established in 1950 under the National Film Act to initiate and promote the production and distribution of films in the national interest and in particular to:

produce and distribute, and to promote the production and distribution of, films designed to interpret Canada to Canadians and to other nations;

represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;

engage in research in film activity and to make available the results thereof to persons engaged in the production of films;

advise the Governor in Council in connection with film activities; and

discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

National Film Board—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988—*Continued*

The Board, through the operation of a revolving fund having a permanent continuing authority from Parliament, can make payments out of the Consolidated Revenue Fund for working capital and the interim financing of operating costs and the acquisition of fixed assets and can record the increase in the net book value of fixed assets against this authority, which provides that the aggregate of admissible working capital and net book value of fixed assets is not to exceed $20 million at any one time. A parliamentary authority, to replenish the revolving fund for net acquisitions of fixed assets and the admissible cost of operations, is voted annually and recorded in the year to which it applies. Any unused balance lapses.

2. Significant accounting policies

Production of films and other forms of visual presentation

All production costs are charged to operations in the year in which they are incurred and shown in the statement of operations as follows:

Board's program
All costs incurred for unsponsored productions, the Board's share in coproductions and the excess of costs over the sponsor's contribution for partially-sponsored productions.

Sponsored production
All costs incurred for fully-sponsored productions and the sponsored costs of partially-sponsored productions.

Revenues from production of films and other forms of visual presentation are accounted for at an amount equal to the sponsored production costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Film prints

The cost of prints made for sale purposes is recorded as inventories. The cost of other prints is expensed on a current basis.

Inventories

Productions in progress are carried at the cumulative amount of costs incurred for each production exceeding advances invoiced, up to the amount of the sponsored unbilled balance. On the other hand, any cumulative excess of advances invoiced over costs incurred is recorded as advances on productions.

Materials and supplies are carried at the average cost.

Film prints and other forms of visual presentation held for sale are carried at the lower of the average direct cost of production and net realizable value.

Fixed assets

Technical equipment, data processing equipment, office equipment and furniture and rolling stock are carried at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, generally 3 to 20 years.

Leasehold improvements are charged to operations as incurred.

The Board enters into agreements to acquire the exclusive use of certain fixed assets through leasing arrangements. Rentals are charged to operations in the year to which they apply.

Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

Pension plan

All employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

	13,292,388	3,610,533	2,844,032	14,058,889

During the year, the Board conducted a complete physical inventory of its fixed assets and has established new estimated useful lives of these assets. As a result, it wrote-off some fixed assets, with a cost of $3,513,266, including items with initial cost of between $200 and $500. The accumulated depreciation of these assets amounted to $2,706,357.

Furthermore, the Board has recalculated the previous years' depreciation of its fixed assets, according to the new estimated useful lives and, in this respect, recorded this year an additional expense of $928,950 which is included in the depreciation expense of $3,610,533.

8. Expenses to obtain programming licences

During previous years, the Board advanced $790,179 to a non-profit organization, in connection with an application to the Canadian Radio-Television and Telecommunications Commission (CRTC) in view of obtaining licences to offer programming intended for Canadian youth. During the year an additional advance of $17,944 was made for a total of $808,123.

Moreover, during the year, the Board incurred expenses of $342,874 for research and preparation of a second application to the CRTC in view of offering programming to a larger audience.

During the year, the CRTC rejected these two applications. The Board has thus charged operations for a total of $1,150,997 as expenses to obtain programming licences, including the write-off of the advance which has become uncollectable.

9. Amount spent in excess of parliamentary appropriation

During the year ended March 31, 1988, admissible costs exceeded the allowable parliamentary appropriation by $838,371.

10. Contingent liability

The Board is the defendant in certain pending claims and lawsuits for amounts totalling $2,116,130. It is the opinion of Management that these actions will not result in any substantial liabilities to the Board.

Passport Office Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Passport Office Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements have been prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund's division for financial administration complies with departmental financial management and accounting policies, develops those specific to the Fund's requirements and issues manuals and directives which maintain these policies and which describe procedures. The Fund maintains systems of financial management and internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. These systems are augmented by the departmental internal audit program.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988

1. Authority and purpose

   The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin.

   The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,000,000 at any time. An amount of $745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

   (a) Inventories

   The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

   (b) Fixed assets

   Leasehold improvements are amortized on the straight-line basis over the term of the appropriate lease. Other fixed assets are depreciated from the year of acquisition on the straight-line basis over their estimated useful lives as follows:

Furniture	16 years
Electronic data processing (EDP) equipment	5 years
Other equipment	10 years

Passport Office Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31,1988—*Concluded*

(c) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(d) Revenue from passport fees is prepaid on application and accounted for on an accrual basis. Deferred revenue represents the fees received for which the services have not yet been provided.

Public Works Revolving Fund— Services and Management Account

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Public Works Revolving Fund—Services and Management Account as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Furthermore, certain transactions of the Revolving Fund have been examined by the Auditor General as part of his annual audit of the Public Accounts.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfil this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund's management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting systems have evolved over the years to meet changing conditions. The cost accounting system was implemented during the 1987-88 fiscal year providing a better allocation and measurement of costs and enhancing management reporting.

Effective April 1, 1988 the Fund moved to a market based charging mode of operation. New financial accounting policies have been adopted and Treasury Board has approved revised terms and conditions effective that date.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988

1. Purpose and authority

Under revised terms and conditions of TB Minute 793370, the Construction Services Revolving Fund became the Public Works Revolving Fund—Services and Management Account as at April 1, 1985. The Fund was established for the purpose of funding undertakings by the Department of Public Works on behalf of other Government departments and agencies, other governments and private sector tenants of federally owned or leased property.

The Adjustment of Accounts Act (Bill C-22 dated July 3, 1980) authorized the operation of the Construction Services Revolving Fund in the current and subsequent years with a statutory limit of $55 million.

In accordance with Section 33 of the Adjustment of Accounts Act and through the 1983-84 Supplementary Estimates B, the Construction Services Revolving Fund was amended to include charges to be made to PWC's departmental programs and to increase the financial authority from $55 million to $150 million.

In the 1984-85 final Supplementary Estimates, the Construction Services Revolving Fund draw-down authority was increased from $150 million to $300 million.

Public Works Revolving Fund—
Services and Management Account—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988—*Concluded*

In accordance with Section 33 of the Adjustment of Accounts Act and through the 1987-88 Supplementary Estimates (E), the Public Works Revolving Fund—Services and Management Account draw-down authority was increased from $300 million to $450 million.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the necessary working capital, the total of which is not to exceed $450,000,000 at any time.

2. Significant accounting policies

The Public Works Revolving Fund—Services and Management Account provides interim financing on a direct cost recovery basis for other Government departments and on a full cost recovery basis for third party clients. The recoveries are always equal to the expenditures hence no profit is realized. All operating expenditures of the Services Program are charged to the Public Works Revolving Fund—Services and Management Account, and the Fund is credited with the recovery from all clients for the services rendered.

The financial statements have been prepared using the following accounting policies:

(a) Recoveries recognition

Recoveries include cash receipts and receivables at year end from other Government departments in accordance with the Government's accounting policies, and payments to the Public Works Revolving Fund for operating expenditures not recovered from Government departments and agencies.

(b) Payments and charges recognition

All expenditures are recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis. Payments and charges are adjusted at year end by beginning and ending work in process.

(c) Work in process

Basis of valuation of work in process is cost incurred for work completed or services rendered and not recovered from clients at end of the fiscal year.

Race Track Supervision Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Race Track Supervision Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of the data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with stated accounting policies on a basis consistent with that of the preceding year, as set out in Note 2. Some of the information included in these financial statements is based on management's best estimates and judgements and give due consideration to materiality. Financial information presented herewith is consistent with that presented elsewhere in the Public Accounts and in ministerial statements. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

The Department's Corporate Management Branch develops and disseminates financial management and accounting policies and issues specific directives to the staff managing the Revolving Fund in order to maintain standards of accounting and financial management.

Financial management and internal control systems of the Fund are maintained through the appropriate division of responsibility, the provision of leadership and evaluation of those operating the Fund as well as internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Race Track Supervision Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988

1. Authority and purpose

The Race Track Supervision Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $2,000,000 at any time.

Charges to the Fund are to include administration expenses of race track supervision and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

The use of the Fund's authority is monitored through the accumulated net charge against the Fund's authority account. Its balance, shown on the Balance Sheet under Equity of Canada, represents the financial position of the revolving fund. It is composed of the cumulative net cash transactions through the Consolidated Revenue Fund, the original net assets transferred to the Fund at inception and any subsequent write-offs of deficit or surplus. The change in this account during the year represents the net financial resources used or provided by the Fund.

2. Significant accounting policies

(a) Fixed assets

Fixed assets, acquired from parliamentary appropriations prior to April 1, 1970 are recorded in the Fund in accordance with Treasury Board Circular 1970-7 at values determined as at that date by officers of the Department. Subsequent acquisitions are recorded in the Fund at cost and are depreciated from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 years
Electronic data processing equipment	5 years
Automotive	3 years
Buildings	25 years

(b) Pension plan

Employees of the Race Track Division operating the Supervision Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Account.

(c) Vacation pay

The accrued liability on the Balance Sheet represents the amount of vacation pay credits outstanding at the end of the year.

(d) Employee termination benefits

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of thirteen weeks' pay.

The provision at the end of the year consists of one half week's pay at current salary rates for each complete year of service to a maximum of thirteen weeks' pay.

Self-supporting Airports and Associated Ground Services Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Self-supporting Airports and Associated Ground Services Revolving Fund in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year. The responsibility for the integrity and objectivity of the data in these financial statements rests with management.

Some of the information included in these financial statements is based on management's best estimates and judgements, which give due consideration to materiality. To meet the reporting requirements, separate accounts are maintained on a decentralized basis for each of the airports funded by the Revolving Fund, under the functional authority of the Director, Financial Administration Branch, and are submitted to Ottawa Headquarters for review and consolidation. A Commercial Accounting System is under development and will be installed at all nine airports to provide more timely information.

Those airports in the Fund are subject to the departmental systems of financial management and internal control and such additional policies, practices and procedures as are necessary to facilitate financial reporting for the Revolving Fund, in accordance with the requirements of the Treasury Board and Receiver General for Canada. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are recorded to maintain accountability of Government funds and to safeguard the assets of the Revolving Fund.

Management seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization. In addition, the financial management and internal control systems are augmented by the maintenance of internal audit programs.

The accounting system and financial statements of the Fund have evolved over time in conjunction with changing conditions, the evolvement of financial reporting in Canada and, in response to the reporting requirements of Treasury Board and the Receiver General for Canada.

The airports in the Revolving Fund are operated and maintained in accordance with nationally promulgated policies, standards and procedures, on a cost-recoverable basis, so as to provide safe and efficient facilities and services consistent with the protection of the environment. Certain essential services provided by the Aviation Group for the approach, landing and take-off of aircraft are charged to the airports in the Fund.

As requested by the Deputy Minister of Transport, these financial statements have been examined by the Auditor General of Canada. The Auditor General's role is to express an opinion as to whether the financial statements present fairly the financial position of the Fund and the results of its operations and the changes in its financial position in accordance with generally accepted accounting principles applied on a consistent basis.

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of the Self-supporting Airports and Associated Ground Services Revolving Fund as at March 31, 1988 and the statements of operations, accumulated surplus, contributed capital and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at March 31, 1988 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1988

1. Authority and purpose

These financial statements disclose the financial position of the Airports Revolving Fund and the results of its operations within the established parliamentary authority. In addition, these financial statements demonstrate the extent of cost recovery in the operations of the airports within the Airports Revolving Fund, on the basis of allowable costs as explained in Note 2 on significant accounting policies.

The Airports Revolving Fund was established in 1969 by an Appropriation Act for the purpose of financing the operation and development of certain airports.

Effective April 1, 1980, Parliament through the passage of the Adjustment of Accounts Act established the Self-supporting Airports and Associated Ground Services Revolving Fund as a budgetary entity with a statutory drawing authority of $80 million. In addition to this authority the Fund has the authority to spend accumulated cash receipts in excess of cash disbursements. As at the end of the 1987-88 fiscal year, the Fund had accumulated cash receipts in excess of disbursements of $129 million, for a total unused authority of $209 million.

In 1984, the Treasury Board approved revised terms and conditions governing the operation and financing of the Fund, including the requirement for an annual financial plan to be approved by the Treasury Board. The Treasury Board also provided authority for a $1 item in the 1984-85 Supplementary Estimates (C) to amend certain provisions of the Adjustments of Accounts Act to provide specific authority, subject to normal Treasury Board approval, for:

the making of capital expenditures within the Fund; providing capital funds from revenues, appropriations or from the drawdown authority; and providing annual compensation for costs incurred in fulfilling objectives not directly related to the operation of airports as a self-supporting entity.

The revised terms and conditions state that the basic principle underlying the Fund is that it shall be operated as a financially self-supporting entity, in accordance with the following:

(1) The Fund shall operate on the basis of financial plans to be submitted annually for approval by the Treasury Board. Financial plans will include, inter alia, a review of past performance with respect to approved financial and management objectives; proposed performance targets, fee changes, capital expenditures, and allocations of revenues, overhead and indirect costs; a five-year forecast of revenues, expenditures and profitability; and, recommendations as to source and application of funds for the upcoming year.

(2) The Fund shall recover all its expenses through revenues, subject to the following:
   (a) capital funds will be provided from revenues, appropriations, or the statutory authority, as determined in the approved financial plan;
   (b) capital appropriations to the Fund are to be recovered under terms and conditions to be approved by the Treasury Board in the annual financial plan;
   (c) subject to approval by the Treasury Board, the Fund will be eligible for payments, through appropriation in Main Estimates, for costs incurred in support of activities, the costs for which are not to be recovered from users (these provisions were not enforced during the year); and,
   (d) in any given year, revenues of up to 110% of those forecast in Main Estimates may be expended without further reference to the Treasury Board.

(3) As approved in the financial plan, surplus monies generated by the Fund in a given year may be used to repay any outstanding drawdown against the non-lapsing statutory authority, to pay a return to the Consolidated Revenue Fund (CRF) on capital payments made through appropriations, or be retained in the CRF as a credit to the Fund if no drawdown exists.

(4) Airports shall be eligible for inclusion in the Fund if deemed capable of recovering on average, 90% of operating costs, including depreciation, over a five-year forecast period, either as individual entities or as complementary airports serving the same geographic area.

(5) Capital funds within the Fund will be subject to allotment control in accordance with Treasury Board policy.

(6) Subject to these terms and conditions, it is expected that the Fund will operate within the limits of the statutory drawdown authority approved by Parliament.

2. Summary of significant accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada.

(a) Valuation of inventory of materials and supplies

Inventory of materials and supplies, held for repair and maintenance purposes at the airports, is valued at the lower of cost and net realizable value.

(b) Fixed assets

Fixed assets purchased by the Fund are recorded at cost. Fixed assets transferred to the Fund prior to April 1, 1979 are recorded at appraised values established by the Department of Transport in accordance with Treasury Board Circular 1970-7 of January 8, 1970. Fixed assets transferred to the Fund as at April 1, 1979 are recorded at their depreciated value at that date. Subsequently, all transfers of fixed assets from and to Canada are recorded at net book value at the date of transfer.

Project administration costs, including interest incurred during the construction of new airports, are capitalized and included in airport development costs to the extent that these costs are not readily identifiable with specific fixed assets. Additions, renewals and betterments which extend the economic lives of the assets are capitalized. Maintenance and repairs are charged to operations.

(c) Depreciation of fixed assets

Depreciation is charged on a straight-line method based on the estimated useful life of the asset.

The depreciation rates used within the major classes of assets are as follows:

Terminal and facilities	2.5% to 5.0%
Runways and other paved surfaces	3.3% to 5.5%
Machinery and equipment	4.0% to 20.0%
Airport development costs (excluding interest)	10.0%

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1988—*Continued*

(d) Air transportation tax

Air transportation tax is levied under the Excise Tax Act, Part II. The tax is collected by the Department of National Revenue—Customs and Excise which transfers funds equivalent to the tax collections to the Department of Transport. The method of allocating the tax revenue between the Fund, the Federal Dependent Airports and Air Navigational Services is under review. Sufficient tax proceeds are allocated to the Fund in Main Estimates to cover the estimated shortfall between site-generated revenue and operating costs, depreciation and interest.

(e) Interest associated with capital contributed to the Fund

Interest is allocated on the capital contributed to the Fund. The interest rate (10.36% in 1987-88, 10.32% in 1986-87) is based on Crown Corporation borrowing rates weighted against the net book value of capital acquisitions for the last 20 years. An average of the contributed capital balance less surplus in the accumulated net charge against the Fund's authority balance at the beginning and the end of the year is used to calculate the allocated interest.

(f) Net services provided to and received from Government departments without charge

The Fund accounts for the net cost of services received from and provided to the Department of Transport and other Government departments without charge as an expense. The offsetting entries are to contributed capital.

(g) Terminal control costs

Terminal control costs are those air navigational services associated with the approach, landing and take-off of aircraft at an airport and the control of enroute flights while traversing a terminal control area. The costing of terminal control includes direct and indirect costs and depreciation for air traffic services, flight service stations, technical support services, flight calibration, and meteorological services. The amount of terminal control costs allocated to the Fund is fixed annually in the Main Estimates and is used in determining certain revenues of the Fund. The method of allocating terminal control costs to the Fund is presently under review.

(h) Management services charges

The management services charges reflect the charges by the Department of Transport for the estimated costs of technical and administrative services provided to the Fund. Since these expenditures are not readily identifiable with specific services, the charges are allocated to the Fund as a percentage of direct operating and maintenance expenses.

(i) Grants in lieu of taxes

Grants in lieu of taxes, imposed on airports of the Fund, are accrued based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid by the Department of Public Works and recovered from the Fund.

The grants are not finalized until they have been audited by the Department of Public Works, often several years in arrears. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(j) Employee benefits

Department of Transport employees operating the airports of the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of their pension cost is included in the employee benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation Retirement Benefits Account.

Termination benefits accrue to Department of Transport employees operating airports of the Fund. Payment of these benefits is made to employees on separation or retirement. The cost of these benefits is expensed in the year in which they are earned.

3. Fixed assets

	1988		1987	
	Cost and appraised values	Accumulated depreciation	Cost and appraised values	Accumulated depreciation

Net book value	973,875		937,075	

4. Equity of Canada

(a) Accumulated net charge against the Fund's authority

The accumulated net charge against the Fund's authority at the end of the year, shown as part of the Equity of Canada, represents the net accumulation of all cash transactions made through the Consolidated Revenue Fund.

The Consolidated Revenue Fund is the central account through which all Government receipts and disbursements flow. All cash transactions of the Fund are therefore made through the Consolidated Revenue Fund. By virtue of the Fund's mandate, it receives credit for all revenues generated and is empowered to draw funds under statutory authority from the Consolidated Revenue Fund for any shortfalls.

A drawdown on the Fund's authority occurs when accumulated cash disbursements exceed accumulated cash receipts (credit balance) and bears interest at a rate determined by the Minister of Finance. An accumulated excess of cash receipts over cash disbursements (debit balance) represents an addition to the drawing authority of the Fund.

(b) Contributed capital

Contributed capital includes the amounts representing the values assigned to assets transferred from and to Canada, services provided and received by Government departments without charge, interest associated with capital contributed to the Fund and reimbursement by Canada for projects undertaken under the Special Recovery Capital Projects Program.

(c) Accumulated surplus

The accumulated surplus account at the end of the year represents the net accumulation of surpluses and deficits since the establishment of the Fund.

Subsequent to a Treasury Board decision, Royal Canadian Mounted Police security costs are no longer charged directly to the Airports Revolving Fund. These security costs have therefore been included as services provided without charge in 1987-88. These charges were paid directly by the Fund in 1986-87 when an amount of approximately $22 million was included in materials, supplies and services.

6. Development Agreement—Terminal 3, Lester B. Pearson International Airport

On November 20, 1987, the Department of Transport entered into a development agreement under which a developer will construct and operate a third terminal building at Lester B. Pearson International Airport in Toronto. A ground lease and related agreements were entered into in April 1988 after the completion of certain conditions required by the November 1987 development agreement. The ground lease is for a term of 40 years and the Developer has the option of renewing the lease for a further term of 20 years. If the Developer exercises the option to renew the lease for the further term of 20 years, the Department of Transport has the option to purchase the terminal building at the end of the 40 year lease term for the market value at that date. Title to the terminal building reverts to the Department of Transport, at no cost, automatically at the end of the 20 year renewal term, or at the end of the 40 year lease term if the Developer does not exercise his option to renew.

The Developer paid $2 million on entering into the lease agreement in April 1988 and is required to pay a further $28 million on completion of the terminal building. These payments will be recognized as revenue over the 40 year lease term.

The Department of Transport has agreed to provide, under certain specified conditions, loans to the Developer during the first 15 years of the lease. The principal and accumulated interest on these loans may not exceed $70 million and in any one year no more than $8 million may be loaned. An amount of 25% of the value of any loans made to the Developer will be charged to the Airports Revolving Fund and will be set aside as a reserve against defaults.

7. Contractual obligations

As at March 31, 1988, the Fund was committed to expenditures totalling approximately $43 million under fixed asset construction and maintenance contracts.

8. Contingent liabilities

The Department of Transport is a defendant in certain pending and threatened litigations related to the operations of the Fund. The aggregate amount of claims in respect thereof as at March 31, 1988 is approximately $167 million. These claims include a legal suit filed in the Federal Court of Canada by a group of major international air carriers challenging the legality of the Air Services Fees Regulations related to the transoceanic landing fee levied under Section 5 of the Aeronautics Act. They have claimed reimbursement of all transoceanic landing fees paid since 1974. A favourable judgement to the Fund was rendered when the action was heard in February 1987, but there is still a contingency pending due to the filing of a notice of appeal by the air carriers. Any settlement resulting from the resolution of these contingent liabilities will be accounted for as a prior period adjustment.

9. Comparative amounts

Certain 1987 comparative amounts have been reclassified to conform to the presentation adopted in 1988.

Public Service Commission—
Staff Development and Training Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year. Some of these policies are further explained in the notes which form part of these statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with the information presented in these financial statements, unless indicated otherwise.

The Financial Services Directorate and the Fund's Comptroller, who reports functionally to the senior full-time financial officer, develops and disseminates financial management and accounting policies, and issue specific directives which maintain standards of accounting and financial management. Systems of financial management and internal control are maintained for the Fund at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by on-going monitoring activities by the Fund's Comptroller, financial services officers and by the Financial Services Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Public Service Commission—
Staff Development and Training Revolving Fund—
Concluded

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988

1. Authority and purpose

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971, for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c. 17, to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,500,000 at any time. In accordance with Vote 115a (1980-81) and Vote 35c (1981-82), accumulated deficits of $4,573,071 have been deleted from the accounts. An amount of $1,915,571 representing net liabilities assumed by the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(b) Fixed assets and depreciation

Effective April 1, 1984 the Staff Development and Training Revolving Fund adopted the accounting policy of capitalizing fixed asset purchases and charging operations for the use of these assets. These fixed assets are depreciated on the declining balance method from the year of acquisition at the following rates:

Office and classroom furniture	10%
Office and classroom equipment	15%
EDP and word processing equipment	25%

(c) Prepaid expenses

Under the terms of two contracts, advance payments are made to suppliers for the provision of video learning tapes and are recorded as prepaid expenses on the balance sheet. The operations of the Fund are charged with expenses coincident with the provision of services.

(d) Deferred revenue

Consists of amounts received from clients for services to be rendered.

3. Subsidized operations

Appropriation funds in the amount of $2,885,000 were paid to the Staff Development and Training Revolving Fund for the 1987-88 fiscal year. These funds were approved to cover the cost of the activities that should not be borned by the user which are not cost recoverable. The comparative figure for 1986-87 is $2,885,000.

Supply Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Supply Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, and reporting requirements and standards of the Receiver General for Canada.

These financial statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with ministerial statements. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Changes in financial statement presentation have been made as disclosed in Note 3 and therefore some previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for the integrity and objectivity of these financial statements rests with the Finance and Administration Sector. This responsibility is discharged by the Comptroller's Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial managements. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1988

1. Purpose and authority

The objective of the Fund is to acquire and provide goods and or services required by departments and agencies, taking into account the contribution of procurement to the realization of national objectives, and to provide services for the disposal of Crown owned materiel, all in the most economical manner.

The Supply Revolving Fund was authorized by Supply and Services Vote L6, Appropriation Act No. 1, 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976, and with the Expositions Revolving Fund effective April 1, 1977.

Supply Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1988—*Continued*

Effective April 1, 1980, Parliament, through the passage of the "Adjustment of Accounts Act", repealed all votes in respect of the accounts of the Supply Revolving Fund. Section 29 of the Act established the Supply Revolving Fund as a budgetary entity with a statutory non-lapsing drawing authority of $150 million. The authorized limit of the Fund was subsequently increased from $150 million to $200 million through the Appropriation Act No. 4, 1981-82.

An amount of $44,171,345, representing net assets assumed by the Fund and assets contributed to the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus has been transferred to the Fund's authority.

2. Significant accounting policies

(a) Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting with the following variations:

(i) The accrual policy for recording certain acquisition revenue is based on detailed and validated statistical analysis of the procurement work-load. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching cost and revenue.

This policy was revised June 1, 1987. As a result, on contracts ranging from $240,000 to $60 million, an initial fee equal to 50% on science and engineering acquisition contracts and 65% on commercial acquisition and printing acquisition contracts is charged at the date of contract issuance and the balance of the fee is charged over the life of the contract. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to contract award date but is of the opinion that the accounting principle of matching cost and revenue is not materially violated.

(ii) Employee benefits (termination benefits and vacation pay) accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The total liability of these benefits is not accrued; however, the actual expenses are recorded in the period in which they are incurred. The unaccrued liability is reflected in Note 9.

(b) Depreciation

Leasehold improvements are amortized on the straight line basis over the term of the lease with a maximum of 10 years. Other fixed assets are depreciated commencing the year after acquisition on the straight line basis over their estimated useful lives as follows:

Leasehold improvements	10 years
Furniture	5 years
EDP equipment	5 years
Automotive	5 years
Warehouse equipment	10 years
Printing equipment	8 years
Audio-video	10 years

3. Changes in financial statements presentation

(a) The grouping of sales by output services has been restated in accordance with the activity reporting requirements outlined in the 1987-88 Estimates.

(b) The 1987 figures have been restated to conform with 1988 presentation requirements.

4. Inventories

Work-in-process	1,553,503	979,617
	18,589,548	17,874,253

5. Net investment in EDP equipment leases

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase designated EDP equipment approved by Treasury Board for client departments. The capital, interest and any other costs are recoverable from departments over a one to five year period under direct financing leasing agreements. Title to the equipment remains with the Supply Revolving Fund until the cost of the equipment is paid in full. Payments by the client departments for the long-term investment in leases are due—$1,651,903 in 1989-90, $1,990,888 in 1990-91 and $297,631 in 1991-92.

6. Fixed assets and accumulated depreciation

Depreciation in the amount of $2,118,603 in 1988 and $1,432,096 in 1987 has been included in the cost of sales in the statement of operations.

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year

7. Sales and cost of sales

For consolidation purposes, sales and cost of sales in the amount of $21,399,595 ($20,763,265 in 1987) have been eliminated.

8. Deferred acquisition contract fees

In accordance with the revised Department's policy on smoothing revenue for certain types of contracts as detailed in 2(a)(i), the value of deferred acquisition fees on uncompleted contracting work as at March 31, 1988 amounted to $12,256,688 ($12,388,161 in 1987).

9. Employee benefits liability

The unaccrued liability for employee benefits consists of termination benefits and vacation pay.

	1988	1987
	$	$
Termination benefits	27,262,266	29,873,081
Vacation pay	6,432,442	6,660,145
	33,694,708	36,533,226

10. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the Government's policy of self-insurance.

FINANCIAL STATEMENTS OF DEPARTMENTAL CORPORATIONS

Agricultural Stabilization Board

MANAGEMENT REPORT

In connection with the recording of financial transactions in the Accounts of Canada and the reporting of financial information to be included in the Public Accounts, relating to the Agricultural Stabilization Board for the year ended March 31, 1988, we make the following representations, based on the best of our knowledge and belief.

We have prepared the accompanying financial statement of the Agricultural Stabilization Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The responsibility for the integrity and objectivity of data in this financial statement rests with the Board.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of its financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement.

The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by periodic internal audits. The Board also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988
(unaudited)

1. Authority and objective

The Board, which was established in 1957 and operates under the authority of the Agricultural Stabilization Act (the "Act"), consists of three members appointed by the Governor in Council. The Board is a departmental corporation named in Schedule B to the Financial Administration Act.

The objectives of the Board are to stabilize the prices of agricultural commodities in order to assist the agricultural industry to realize fair returns for its labour and investment and to maintain a fair relationship between prices received by farmers and the costs of goods and services that they buy.

The Board's administration expenditures and contributions for designated commodities and for named commodities in excess of the minimum provisions of the Act, are funded by a budgetary lapsing authority. Contributions for named commodities pursuant to the minimum provisions of the Act and for commodities covered by price stabilization agreements established pursuant to the Act are funded through a statutory authority.

2. Significant accounting policies

(a) Expenditure recognition

Administration expenditures and contributions for designated commodities and for named commodities in excess of the minimum provisions of the Act are recorded on a cash basis except that disbursements for which payment claiming documents have been received within 45 days after the year end are accrued in accordance with the Government of Canada accounting policy for recording Payables at Year End. Contributions funded by a statutory authority, termination benefits and vacation pay are recorded on the cash basis.

(b) Refunds of previous years' expenditure

Refunds of previous years' annually voted expenditure are recorded as revenue when received.

(c) Capital purchases

Acquisitions of capital assets are charged to administration expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in administration expenditures.

5. National tripartite price stabilization accounts

During 1987, the Governments of Canada and certain provinces signed agreements pursuant to the Agricultural Stabilization Act establishing national tripartite price stabilization schemes for white beans, other dry edible beans, sugar beets, and apples. Agreements for hogs, beef (feeder/slaughter cattle and feeder-calves) and lamb were signed in 1986 and are ongoing. Funding for each scheme is shared equally by Canada (as represented by the Board), participating provinces and participating producers. Producer premiums and provincial and federal Government contributions received and made by the Board are deposited to a stabilization account for each scheme in the Consolidated Revenue Fund of Canada. Stabilization payments to producers are made from these accounts. The Minister of Finance for Canada has authorized the payment of interest on the amounts standing to the credit of the stabilization accounts which are administered by the Board.

The transactions relating to the stabilization accounts as at March 31, 1988 are as follows:

Atomic Energy Control Board

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Atomic Energy Control Board (AECB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the AECB.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the AECB maintains a set of accounts which provides a centralized record of the AECB's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The AECB Planning and Administration Branch develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The AECB maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the AECB's assets. The AECB also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the AECB's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the AECB's financial transactions. It should be noted that the net cost of operations ($24,485,010) and the use of appropriations ($22,876,532), which appear in the Accounts of Canada, are each $81 less than the net cost of operations and total appropriations used figures shown in Note 3 to the statement of operations. It should also be noted that on the statement of operations, $644 was charged to utilities, materials and supplies rather than information.

The accounting system and financial statement of the AECB have evolved over the years to meet changing conditions and, more recently, to initiate a departmental recommendation to improve the cost accounting system. This improvement will, if required, provide the basis for accurate billings for licencees and other Government departments. There is also in progress a preliminary study of possible fee structures and rates.

AUDITOR'S REPORT

TO THE ATOMIC ENERGY CONTROL BOARD
AND THE
MINISTER OF ENERGY, MINES AND RESOURCES

I have examined the statement of operations of the Atomic Energy Control Board for the year ended March 31, 1988. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of the operations of the Board for the year ended March 31, 1988 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and purpose

The Atomic Energy Control Board (AECB) was established in 1946 by the Atomic Energy Control Act. It is a departmental corporation named in Schedule B to the Financial Administration Act and currently reports to Parliament through the Minister of Energy, Mines and Resources.

The objective of the AECB is to control nuclear energy in the interests of health, safety and national security. The AECB achieves this objective by controlling the development, application and use of nuclear energy in Canada, and by participating on behalf of Canada in international measures of nuclear energy control.

The AECB also is responsible for the administration of the Nuclear Liability Act, including the designation of nuclear installations, the prescription of basic insurance to be carried by the operators of such nuclear installations and the administration of supplementary insurance coverage premiums for these installations. The sum of the basic insurance and supplementary insurance totals $75 million for each designated installation (see Note 8). The number of facilities requiring insurance coverage is 14.

The AECB's grants and contributions, operating and administration expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's accounting policy, with the exception of employee termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(f) Contributions to superannuation plan

AECB employees participate in the superannuation plan administered by the Government of Canada and contribute equally with the AECB to the cost of the plan. Contributions by the AECB are charged to expenditure when disbursed.

Salaries payable	1,776	358,245
	2,063,500	1,822,711

The costs represented by the accounts and salaries payable are reflected in the statement of operations.

	1988	1987
	$	$
(b) Other liabilities		
Vacation pay	928,414	885,331
Employee termination benefits	1,470,746	1,376,046
	2,399,160	2,261,377

The costs associated with other liabilities are not included in the statement of operations. These costs are recognized only when paid (see Note 2(a)).

The vacation pay represents the amount of vacation pay credits outstanding at the end of the year.

The employee termination benefits are calculated on the basis of one half week's pay for each complete year of continuous service to a maximum of 13 weeks' pay.

5. Obligation under capital lease

The AECB entered into an agreement to lease a computer system effective May 1, 1984. The system was valued at $298,959 using an implicit interest rate of 12.5%, and the obligation is liquidated over the lease term of five years. Lease payments during 1988 totalled $79,200 (1987—$79,200) including interest of $17,728 (1987—$22,427) charged to operations.

The AECB amended the agreement to enhance the system effective August 1, 1986. The additional equipment leased was valued at $102,112 using an implicit interest rate of 10.0%, and the obligation is liquidated over the lease term of 33 months. Lease payments during 1988 totalled $40,988 (1987—$23,909), including interest of $7,623 (1987—$5,933) charged to operations.

The future minimum lease payments under capital lease are as follows:

	1988	1987
	$	$
Year ending March 31		
1988		120,188
1989	120,188	120,188
1990	60,138	60,138
Total future lease payments	180,326	300,514
Less: amount representing interest	32,192	57,543
Present value of obligation	148,134	242,971
Less: current portion	105,746	94,837
Long-term obligation	42,388	148,134

6. Contingent liabilities

At March 31, 1988, the AECB was defendant in lawsuits amounting to $600,000 (1987—$13,950,000). The lawsuits are seeking damages for breach of statutory duties related to radioactively contaminated soil. Any settlement resulting from the resolution of these actions will be paid from the Consolidated Revenue Fund.

7. Related party transactions

AECB administers a special program jointly with Atomic Energy of Canada Limited (AECL) for research and development in support of the safeguards program of the International Atomic Energy Agency. For 1988, AECL charged $659,421 (1987—$500,000) to this program.

On the statement of operations, expenditure is net of $55,530 (1987—$293,980) and revenue includes $6,804 (1987—$41,667) for services provided by the AECB's Orientation Centre to the Department of External Affairs and AECL.

8. Nuclear liability reinsurance account

Under Section 17 of the Nuclear Liability Act, all premiums paid by the operators of nuclear installations for supplementary insurance coverage are credited to a Nuclear Liability Reinsurance Account. The Account forms part of the Consolidated Revenue Fund. Any claims against the supplementary insurance coverage are payable out of the Consolidated Revenue Fund and charged to the Account. There have been no claims against or payments out of the Nuclear Liability Reinsurance Account since its creation. The balance of the Nuclear Liability Reinsurance Account as at March 31, 1988 is $531,142 (1987—$529,742).

The supplementary insurance coverage provided by the Government of Canada under the Nuclear Liability Act, as of March 31, 1988 is $641,600,000 (1987—$641,600,000). Insurance coverage, by the Government of Canada, also includes a class of risks excluded as a liability of the principal insurers.

9. Prior year adjustment

It should be noted that the amounts reported for 1987 Net cost of operations and 1987 Total appropriations used, are each $5,000 higher than reported last year. This difference is the result of the Accounts of Canada not recording a $5,000 interdepartmental credit to professional and special services before year end. This transaction is recorded in 1988 as a refund of previous year's expenditure.

Canada Employment and Immigration Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canada Employment and Immigration Commission (CEIC) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of CEIC. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the Senior Management of CEIC.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CEIC maintains a set of accounts which provides a centralized record of the CEIC financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement, unless indicated otherwise.

Financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The CEIC maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard CEIC assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. CEIC also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and objective

The Canada Employment and Immigration Commission was established under Section 7 of the Employment and Immigration Reorganization Act, 1977 and is a departmental corporation named in Schedule B to the Financial Administation Act. All the Commission's operating, contributions and grants expenditures are funded by budgetary lapsing authorities whereas employee benefits, annuities agents supplementary retirement benefits and the Government's contributions to the Unemployment Insurance Account and in respect of fishermen's benefits are authorized by statutory authorities. The Commission is divided into three program areas and their objectives are as follows:

Corporate and Special Services Program—To ensure the development and implementation of policies and programs, to provide strategic, operational and administrative support to enable Employment and Immigration Canada to carry out its mission and to provide for such other functions allocated to it.

Employment and Insurance Program—To further the attainment of national, economic and social goals by realizing the full productive potential of Canada's human resources, while supporting the initiatives of individuals to pursue their economic needs and more generally, their self-fulfillment through work.

Immigration Program—To administer the admission of immigrants and visitors in accordance with the economic, social, humanitarian and cultural interests of Canada.

Loans to immigrants and other classes of persons for the purpose of paying the costs of admission, transportation and reasonable living expenses are made under a non-budgetary statutory authority advanced by the Minister of Finance pursuant to the Immigration Act, Section 121. The total amount of loans outstanding shall not, at any time, exceed $90,000,000.

2. Significant accounting policies

The statement of operations was prepared using the following accounting policies:

(i) Expenditure is recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay.

(ii) Revenue is recorded on a cash basis in accordance with the Government's accounting policies.

(iii) Acquisitions of capital assets are charged to operating expenditure in the year the expenditure is incurred.

(iv) Estimated amounts for services provided without charge from other Government departments are disclosed in the statement of operations.

(v) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

5. Trust funds and specified purpose accounts

The Canada Employment and Immigration Commission also has the responsibility to administer and control the following trust funds and specified purpose accounts.

(a) Unemployment Insurance Account

The Unemployment Insurance Act provides for a compulsory contributory unemployment insurance program applying to all employees, subject to minor exceptions.

The Act authorizes an account in the Accounts of Canada to be known as the Unemployment Insurance Account.

The Act provides for the following to be credited to the Account: (a) premiums, fines, penalties and interest; (b) the Government share of benefits paid; (c) refunds of overpayments of benefits, and benefit repayments; (d) amounts for services rendered to other Government departments or agencies, or to the public; (e) amounts provided for any other purpose related to unemployment insurance and authorized by an appropriation administered by the Canada Employment and Immigration Commission; and (f) interest on the balance of the account at such rates as the Minister of Finance may authorize. The Act also provides that the following be charged to the account; (a) benefits paid under the Act; (b) the costs of administering the Act; and (c) the interest on advances made by the Minister of Finance.

Interest bearing loans are made to the Unemployment Insurance Account, under Section 137(1) of the Unemployment Insurance Act, as a result of deficiencies in contributions from employers and employees. The loan balance outstanding as at March 31, 1988 bears interest at rates between 7.6% and 8.9% per annum, and is repayable between April 30, 1988 and March 31, 1990.

[2] Interest bearing loans under Section 137(1) of the Unemployment Insurance Act in the amount of $1,954 million (1987—$3,606 million) were made to the Unemployment Insurance Account leaving a net deficit balance as at March 31, 1988 of $235 million (1987—$291 million).

(b) Government Annuities Account

This account was established by the Government Annuities Act, and modified by the Government Annuities Improvement Act, which discontinued sales of annuities. The account is valued on an actuarial basis each year, with the deficit or surplus charged or credited to the Consolidated Revenue Fund. The accounts of the Government Annuities Account are maintained on an accrual basis.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years, by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts, and discontinued sales of annuities.

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously unlocated annuitants, earned interest and items transferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, and actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities, related to annuitants who cannot be located, are transferred to non-tax revenue.

Canadian Aviation Safety Board

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Aviation Safety Board (CASB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Board.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CASB maintains a set of accounts which provides a centralized record of its financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The CASB's financial services division develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The CASB maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. The CASB also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the Board's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the CASB's financial transactions.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and objective

The Canadian Aviation Safety Board was established in 1984 under the Canadian Aviation Safety Board Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Board is to advance aviation safety by: identifying safety deficiencies as evidenced by aviation occurrences; conducting independent investigations and, if necessary, public inquiries into aviation occurrences in order to make findings as to their contributing factors and causes; and reporting publicly on its investigations and public inquiries and on the findings in relation thereto and by making recommendations designed to eliminate or reduce safety deficiencies. The Board's expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(d) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(e) Services provided without charge by Government departments

Estimates of amounts for services provided without charge from Government departments are included in expenditures.

Canadian Centre for Occupational Health and Safety

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Centre for Occupational Health and Safety in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Centre. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the audit committee of the Centre.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgement and gives due consideration to materiality. To fulfill this reporting responsibility, the Centre maintains a set of accounts which provides a centralized record of the Centre's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Centre's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Centre maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Centre's assets. The Centre also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the Centre's financial statement, considered in its entirety, presents fairly, in accordance with stated accounting policies, the Centre's financial transactions.

1. Authority and purpose

The Centre was established on April 20, 1978 under the Canadian Centre for Occupational Health and Safety Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers. The Centre's operating expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Centre contribute equally to the cost of the Plan. The Centre's contributions are charged to expenditure on a cash basis.

Economic Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Economic Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the Chief executive officer of the Council.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement.

The Council's financial services division develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by an internal audit function, established in compliance with the Treasury Board/Office of the Comptroller General standards for internal audit in the Government of Canada. The Council also seeks to ensure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General of Canada, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions for the year ended March 31, 1988.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions and reporting requirements, both internal and external. With an internal computerized financial reporting and control system, the Council has realized achievements in more accurately forecasting for future initiatives and in the provision of financial information for decision-making purposes.

Fisheries Prices Support Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Fisheries Prices Support Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Board's financial service group develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have not been examined by the Auditor General. The Auditor General has however, examined financial statements of the Board prepared on an accrual basis of accounting and has expressed the opinion that such financial statements present fairly, in conformity with stated accounting policies, the Board's financial position as at March 31, 1988.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1988

1. Authority, objective and operation

   The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule B to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board. Funding of Board operations is done under lapsing authority from Parliament.

2. Significant accounting policies

   The financial statements have been prepared using the following accounting policies:

   (a) Expenditure recognition

   All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

6. Canned mackerel program

In 1987-88, the Board's only activity was to act as an agent for the procurement of canned mackerel. Unlike 1986-87 this program was funded in its entirety in 1987-88 by way of an advance from the Canadian International Development Agency(CIDA). CIDA provided an advance of $3,500,000, the Board paid $2,212,718 for the acquisition, storage and delivery of the mackerel, and the balance of $1,287,282 was returned to CIDA.

Due to the nature of this agency relationship with CIDA, the Board carried out the transactions on CIDA's behalf and for CIDA's use and thus, did not hold lawful possession of the goods. As such, no sales, cost of goods sold or warehousing and handling transactions are recognized in the March 31, 1988 statement of operations in relation to this agency arrangement, except for the disposition of the opening inventory of $3,376.

7. Accounts receivable

During 1985-86, an account receivable for $168,645 was converted from a trade account receivable to a long-term receivable. A signed agreement between the producer and the Board calls for equal repayments of principal over 5 annual payments commencing in December 1987.

The agreement calls for interest to be paid from December 1984 on the outstanding balance owed to the Board. Interest is due annually on December 31 of each year and the Board has received $58,657 in interest as of December 31, 1987.

AUDITOR'S REPORT

TO THE FISHERIES PRICES SUPPORT BOARD
AND THE
MINISTER OF FISHERIES AND OCEANS

I have examined the balance sheet of the Fisheries Prices Support Board as at March 31, 1988 and the statements of operations and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1988 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1988

1. Authority, objective and operation

   The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule B to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Accounting policies

   The Board follows the accrual basis of accounting.

   Administrative services provided without charge by the Department of Fisheries and Oceans are included in the cost of operations.

   Inventories are recorded at the lower of cost and net realizable value.

3. Canned mackerel program

   In 1987-88, the Board's only activity was to act as an agent for the procurement of canned mackerel. Unlike 1986-87 this program was funded in its entirety in 1987-88 by way of an advance from the Canadian International Development Agency (CIDA). CIDA provided an advance of $3,500,000, the Board paid $2,212,718 for the acquisition, storage and delivery of the mackerel, and the balance of $1,287,282 was returned to CIDA.

   Due to the nature of this agency relationship with CIDA, the Board carried out the transactions on CIDA's behalf and for CIDA's use and thus, did not hold lawful possession of the goods. As such, no sales, cost of goods sold or warehousing and handling transactions are recognized in the March 31, 1988 statement of operations in relation to this agency arrangement, except for the disposition of the opening inventory of $3,376.

   The Board has agreed to act as an agent for CIDA again in 1988-89.

4. Accounts receivable

   During 1985-86, an account receivable for $168,645 was converted from a trade account receivable to a long-term receivable. A signed agreement between the producer and the Board calls for equal repayments of principal over 5 annual payments commencing in December 1987.

   The agreement calls for interest to be paid from December 1984 on the outstanding balance owed to the Board. Interest is due annually on December 31 of each year and the Board has received $58,657 in interest as of December 31, 1987. Interest earned by the Board but not paid by the producer has been accrued in these financial statements. Interest earned from January 1, 1988 to March 31, 1988 amounted to $4,629.

   A final payment of $173,523, covering principal ($168,645) and interest was received on April 5, 1988.

Medical Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Medical Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a detailed record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's Corporate Management Branch develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and purpose

The Medical Research Council was established in 1969 by the Medical Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services. The Council's operating and grants expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure when disbursed. All operating expenditure is recorded on the accrual basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis. This practice is in accordance with the Government's PAYE accounting policy.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

4. Trust funds

As provided for in Section 15.1 of the Medical Research Council Act, the Council administers a number of trust funds separately from its activities funded through parliamentary appropriations. The purpose and accounting for these funds is described below. The balance of these funds is represented by deposit with the Receiver General for Canada.

(a) In 1974, the Council received $75,000 from an anonymous donor to establish a fund. The interest received is used for the payment of grants for research in the fields of dyskinesia and torticollis. Other donations received in prior years not earmarked for specific projects have also been credited to this fund.

(b) In 1985, the Council received a distinguished award entitled "The St. Boniface General Hospital Research Foundation Award" which included an amount of $20,000. In recognition of the importance of the award, the Council, in agreement with the Foundation, decided to use the monetary portion of the award to establish a trust fund from which it could provide summer research scholarships to encourage graduate high school students, first year pre-med students and first and second year medical students to become involved in biomedical research. These awards are called "Farquharson Research Scholarships".

(c) In February 1986 the Federal Government announced, as part of a new "Matching Policy", that private sector contributors who wish to provide funds for medical research can channel their money either through universities or through the Medical Research Council. When the Council receives such monies, they must be placed in trust and disbursed in accordance with agreements between the contributor and the Council.

The transactions relating to these three funds are as follows:

6. Travel

Expenditure for travel charged to operations is related to the peer review process and was incurred by the members of 25 grant committees, 9 award committees and the staff of the Council to meet, assess and rate grant and award applications. In addition, travel expenditure incurred by the Council, its executive and standing committees and other non-staff advisory personnel is also charged to operations.

Expenditure for travel charged to administration is for the general support of the Council's administrative activities and includes meetings of ad hoc advisory groups established to study specific issues for the Council. Details are as follows:

National Museums of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Museums of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Corporation. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements was derived from the financial statements as of March 31, 1988 as published in the annual report of the Corporation and that were audited by the Auditor General of Canada.

These financial statements were prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Corporation's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by frequent contacts between staff of the Corporation and of the Auditor General's Office. The Corporation also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1988

1. Authority and objective

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

Operations, capital and grants and contributions are funded by budgetary lapsing authorities and employee benefits are authorized by statutory authorities.

2. Accounting policies

(a) Expenditure

Expenditure is accounted for on the accrual basis of accounting, except for employee termination benefits, vacation pay, and trust account transactions which are accounted for on the cash basis of accounting.

(b) Revenue

Revenue is accounted for on the cash basis of accounting in accordance with Government of Canada accounting policies.

(c) Capital purchases

Capital acquisitions are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in the operating expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the plan. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to past service, contributions are expensed when paid.

(g) Publishing and boutique operations

Operating expenditure of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

AUDITOR'S REPORT

TO THE CHAIRMAN OF THE BOARD OF TRUSTEES
OF THE
NATIONAL MUSEUMS OF CANADA

I have examined the balance sheet of National Museums of Canada as at March 31, 1988 and the statements of operations, equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1988 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988

1. Authority, objective and operations

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

2. Accounting policies

(a) Basis of accounting

Expenses and revenue are accounted for using the accrual basis of accounting, except for refunds of previous years' expenditure and the trust account which are recorded on a cash basis. Parliamentary appropriations are recorded in the year to which they apply.

(b) Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

(c) Property and equipment

Property and equipment are carried at cost and depreciated using the straight-line method over their estimated useful lives as follows:

Equipment	5 to 12 years
Building renovations	25 years
Office furniture	5 to 10 years

Expenses related to the design and development of exhibits, and the fit-up of new accommodations excluding property and equipment, are charged to operations in the year they occur.

(d) Collections

Collections constitute the major portion of the Corporation's assets but are shown at a nominal value of $1,000 on the balance sheet because of the practical difficulties in reflecting them at a meaningful value. Objects purchased for the collections of the Corporation are recorded as expenses in the year of acquisition. Objects donated to the Corporation are not recorded in the books of accounts.

(e) Services provided without charge

Amounts for services provided without charge by Government departments are included in operating expenses.

National Museums of Canada—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988—*Continued*

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to admissible past service, contributions are expensed when paid; the terms of payment are set by the applicable purchase conditions.

(g) Publishing and boutiques operations

Operating expenses of publishing and boutiques, including costs relating to personnel, travel, transportation, advertising, building maintenance, rent and utilities, are included in general operating expenses.

(h) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under their collective agreement and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

3. Devolution

On May 21, 1987, the Minister of Communications announced the Government's decision to proceed with the phasing out of the National Museums of Canada (NMC). Consequently, the responsibilities, authority and accountability of the directors of the National Gallery of Canada, the National Museum of Science and Technology, the Canadian Museum of Civilization and the National Museum of Natural Sciences will be increased. Furthermore, legislation will be proposed to create four new institutions.

In addition, the majority of the staff, functions and resources of Corporate Services were devolved to the four museums as of April 1, 1988.

The National Programmes and associated support services provided by Corporate Services were transferred to the Department of Communications as of September 1, 1987 pursuant to a Privy Council Order (PC 1987-1776).

Appropriation Act No. 4 of 1987 authorized the transfer of $11.4 million from Vote 70 ($8.3 million) and Vote 80 ($3.1 million) of NMC to the Department of Communications. Commitments of $5.1 million were also transferred to the Department of Communications. These commitments are not reflected in the financial statements for 1987-88.

In addition to the appropriations transferred for operating expenses and grants, assets with a net book value of $2,039,000 were also transferred to the Department of Communications.

9. Purchase of a major collection

During the year, the National Museum of Natural Sciences entered into a number of agreements to purchase a privately-held mineralogical collection. The potential total cost of the project including the cost of the collection, the services of professional fund-raisers, and related developmental costs could reach $7,000,000 over a period of three years if all purchase options are exercised. In 1987-88, the actual expenditures associated with the project totalled $402,986.

10. Commitments

In addition to the agreements mentioned in Note 9, at March 31, 1988, the Corporation had entered into various agreements for a total of approximately $7,945,687. The future minimum payments during the next 2 years are as follows:

	$
1989	5,065,494
1990	2,880,193

11. Fit-up of new accommodations

(a) The Corporation has received Treasury Board approval for fit-up and exibit development funds associated with a number of new building projects. A summary of actual and approved levels of expenditures is set out below:

National Research Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the National Research Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in this financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's finance branch develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and to safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting system and financial statement of the Council continue to evolve to meet the challenges of our changing environment. The Council's finance branch made further strides this past year to better its cash management practices and financial management reporting.

A new automated accounts receivable system was implemented, improving the management of the Council's receivables and speeding up the collection process through better reporting. The NRC also participated in a pilot project to test some of the latest in relational database technology. The results so far look very promising and should lead to more flexible and timely financial management reporting.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and purpose

The National Research Council of Canada was established under the National Research Council Act 1966-67 and is a departmental corporation named in Schedule B to the Financial Administration Act. The objectives of the Council are to create, acquire and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development and to promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development. The Council's operating, capital and grant expenditures are funded through budgetary lapsing appropriations and revenue credited to vote. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Natural Sciences and Engineering Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement, unless indicated otherwise.

The Council's directorate of finance and administration develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE NATURAL SCIENCES AND
ENGINEERING RESEARCH COUNCIL
AND THE
MINISTER OF STATE FOR SCIENCE AND TECHNOLOGY

I have examined the statement of operations of the Natural Sciences and Engineering Research Council for the year ended March 31, 1988. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Council for the year ended March 31, 1988 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1988

1. Authority and objective

The Council was established in 1978 by the Natural Sciences and Engineering Research Council Act, and is a departmental corporation named in Schedule B to the Financial Administration Act. Its objective is to promote and support both research and the provision of highly qualified personnel in the natural sciences and engineering. The Council's grants and scholarships and operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure as disbursed. All other expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge

Estimates of amounts for services provided without charge from Government departments and agencies are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

(e) Contributions to the Public Service Superannuation Plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Council. Contributions with respect to current service are expensed in the current year. Contributions with respect to past service benefits are expensed when paid, generally over the remaining service lives of the employees.

Science Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Science Council of Canada (hereafter called Council) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the audit and review committee of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement and the notes have been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions. Council is constantly reviewing its policies and practices in order to improve its standards of accounting and financial management.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and objective

The Council was established in 1966 by the Science Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The Council's operating expenditure is funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

The objective of the Council is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

2. Accounting policies

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of office furniture and equipment are charged to expenditure in the year of purchase.

(c) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as non-tax revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and objective

The Council was established in 1977 by the Social Sciences and Humanities Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to promote and assist research and scholarship in the social sciences and humanities.

The operating and grants expenditures are funded by budgetary lapsing authorities. Employee benefit plans contributions are authorized by a statutory authority.

2. Accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants are charged to expenditure when disbursed. Operating expenditure is recorded on an accrual basis, in accordance with the Government's Payables at Year End accounting policy, except for employee termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisition of office furniture and equipment is recorded as operating expenditure in the year of purchase.

(c) Services provided without charge by other departments

Estimates of amounts for services provided without charge by other Government departments are included in operating expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Council's contributions are charged to expenditure on a current basis.

4. Supplementary information

(a) Accounts receivable

Accounts receivable from award holders amounting to $93,423 (1987—$148,530) are not included in the statement of operations.

(b) Queen's Fellowship Fund

The Queen's Fellowship Fund consists of $250,000 which has been deposited in an interest bearing trust account. The interest earned is used for fellowships to graduate students in certain fields of Canadian studies. The operations of the Fund, which are not included in the statement of operations, are as follows:

	1988	1987
	(in thousands of dollars)	
Balance, beginning of year	290	295
Add—Interest earned	21	22
Less—Fellowships paid	(40)	(27)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	271	290

(c) Special Trust Fund

This trust fund was established for the receipt and disbursement of private donations for the purpose of special projects in the field of social sciences and humanities research activities. The operations of this special trust fund, which are not included in the statement of operations, are as follows:

	1988	1987
	(in thousands of dollars)	
Balance, beginning of year	18	41
Add—Donation received	25	13
—Interest earned		2
Less—Fellowships paid	(37)	(38)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund in the name of the Council	6	18

(d) Matching grants: Incentive payment

The Government's objectives in introducing the matching policy are to increase, in partnership with the private sector, the level of funding for university research, and to encourage stronger research collaboration between the two sectors.

When the matching funds policy was developed, the Social Sciences and Humanities Research Council indicated its intention to pay the universities an incentive based on the matching grants claimed by the Council for the first two years of the program. For the first year (1987-88) these incentive payments to universities totalled $841,000.

5. Commitments

Payment of grants and scholarships extending in future years are subject to the provision of funds by Parliament. Future years awards adjudicated prior to March 31, 1988 are payable as follows:

	(in millions of dollars)
1989	53.9
1990	14.7
Subsequent years	5.2
	73.8

The National Battlefields Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the National Battlefields Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. Management is responsible for the integrity and objectivity of the financial information in this report. The role of the commissioners is to ensure that management fulfills its duty regarding financial information and internal control.

This financial statement was prepared according to the accounting policies set out in Note 2 on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill its reporting responsibility management maintains a system of internal control to assure that the financial information is reliable and that the assets are safeguarded. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement, unless indicated otherwise. The Commission also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Auditor General performed an audit on the financial statement for the year ended March 31, 1988 according to generally accepted auditing standards, his role being to express an informed opinion to see if the financial statement presents fairly the financial transactions of the National Battlefields Commission for this period.

The opinion of the Auditor General is attached.

The National Battlefields Commission—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and objective

The Commission was established in 1908 under an Act respecting The National Battlefields at Quebec for the purpose of acquiring, preserving and developing an historic battlefields park at Quebec.

The Commission is a departmental corporation named in Schedule B to the Financial Administration Act.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the following accounting policies:

(a) Expenditures are recorded on an accrual basis, except for employee termination benefits and annual leaves which are accounted for when paid.

(b) Acquisitions of fixed assets, supplies and small tools are charged to operating expenditures in the year of purchase.

(c) Expenditures include estimated amounts for services provided without charge by a Government department and for contributions to employee benefit plans funded by the statutory vote of the Parks Canada Program.

(d) Receipts are recorded on a cash basis.

(e) Contributions to the superannuation plan administered by the Government of Canada, in respect of current and admissible past services, are charged to expenditures when paid. All employees of the Commission participate in this plan. The employees and the Commission contribute equally to the cost of the plan. The contributions represent the total liability of the Commission under the plan.

3. Parliamentary appropriation

	1988	1987
	$	$
National Battlefields Commission—Operating expenditures		
Vote 30	2,055,000	2,332,000

Less: non-tax revenue	(21,984)	(37,280)
Net cost of operations	2,168,394	2,298,966

4. Supplies inventory

As at March 31, 1988, the supplies inventory held by the Commission was valued at $37,635 ($37,352 as at March 31, 1987). The value of the inventory has been established using the weighted average cost method.

5. Fixed assets

The cost of fixed assets under the responsibility of the Commission is as follows:

	March 31, 1987	Additions	Disposals	March 31, 1988
	$	$	$	$
Land	724,710			724,710
Roadways, driveways and landscaping	1,029,431	64,673		1,094,104

	2,975,258	160,371	12,795	3,122,834

6. Special land and historical object purchase fund

Funds have been received from provincial and municipal governments and other administrations for the purpose of acquiring certain land and historical objects. These funds, together with revenue earned from the investment of such funds, are recorded in a special fund. As at March 31, 1988, the balance of this special fund amounts to $141,917 ($132,041 as at March 31, 1987) and is on deposit with the Receiver General for Canada. Interest earned during the year then ended amounted to $9,876 ($9,281 in 1987).

7. Ex-gratia payments

It has been decided to retain the exemption from grants in lieu of real estate taxes on federally owned park land in urban areas contained in the Municipal Grants Act. To compensate for the cessation of grants previously paid, the Treasury Board has approved ex-gratia payments corresponding to the 1985 municipal taxes for the year 1985-86, no more than 2/3 of those taxes for the year 1986-87 and no more than 1/3 of those taxes for the year 1987-88, with payments to cease thereafter.

8. Contractual obligation

In the course of its activities, the Commission has entered into a maintenance contract of a total value of $372,800 including the renewed option year. The annual payments under this agreement are as follows:

	$
1988-89	119,000
1989-90	123,800
1990-91	130,000

9. Contingent liabilities

In connection with its operations, the Commission is the defendant in certain pending claims and lawsuits. It is the opinion of management that these actions will not result in any material liabilities to the Commission.

Agricultural Products Board

MANAGEMENT REPORT

In connection with the recording of financial transactions in the Accounts of Canada and the reporting of financial information to be included in the Public Accounts, relating to Agricultural Products Board for the year ended March 31, 1988, we make the following representations, based on the best of our knowledge and belief.

We have prepared the accompanying financial statements of the Agricultural Products Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The responsibility for the integrity and objectivity of data in these financial statement rests with the Board.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements are based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by periodic internal audits. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1988

1. Authority and objective

   The Agricultural Products Board (the Board), which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises four members appointed by the Governor in Council.

   The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

2. Accounting policies

   The financial statement has been prepared using the following accounting policies:

   (a) Expenditure recognition

   All expenditures are recorded on the accrual basis, in accordance with the Government's PAYE accounting policy.

   (b) Revenue recognition

   Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

   (c) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

   (d) Refunds of previous years' expenditure

   Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

Grape products	2,028,184	3,741,332

6. Losses in excess of the amount authorized

The Board has incurred losses to March 31, 1988 of $121,000 in excess of the maximum amount authorized by the Governor in Council in respect of the Surplus 1986 Ontario Grapes Program. The Board will seek Governor in Council approval for lossses incurred in excess of the maximum amount originally approved.

Agricultural Products Board—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have examined the balance sheet of the Agricultural Products Board as at March 31, 1988 and the statements of operations and equity for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1988 and the results of its operations and the changes in its equity for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

As explained in Note 3, the Board has entered into an agreement requiring that an agent provide a trust account in a chartered bank for the receipt and disbursement of funds received from the Board and of funds received from the sale of grapes in respect of the Surplus 1986 Ontario Grapes Program. During the year ended March 31, 1987, an amount of $4,360,000, recorded as a use of parliamentary appropriation by the Board, was deposited in this trust account and disbursed for purposes of the Program. During the year ended March 31, 1988, a further $2,951,969 (1987—$1,104,251) comprising proceeds from the sale of grapes, refunds of processing costs and interest was also deposited to this account. Of this latter amount, $1,943,686 (1987—$914,939) was later disbursed from the trust account for purposes of the Program. The Agricultural Products Board Act requires that all expenditures for the purposes of the Act be paid out of moneys appropriated by Parliament. The Financial Administration Act requires that public money be deposited to the credit of the Receiver General.

In addition, as explained in Note 6, the Board has exceeded, by $121,000, the limit for losses authorized by the Governor in Council in respect of the Surplus 1986 Ontario Grapes Program.

In my opinion, because the Board has entered into an agreement which resulted in a trust account being maintained for the receipt and disbursement of public money and because the Board has exceeded the limit for losses authorized by the Governor in Council in respect of the Surplus 1986 Ontario Grapes Program as described in the preceding two paragraphs, the related transactions of the Board that have come to my notice during my examination of the financial statements have not been in accordance with the Appropriation Acts for 1987-88, the Financial Administration Act and regulations and the Agricultural Products Board Act.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1988

1. Authority and objective

The Agricultural Products Board (the Board), which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises four members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

2. Accounting policies

The Board follows the accrual basis of accounting.

Inventories are valued at the lower of cost and net realizable value.

A statement of changes in financial position has not been presented since the Board's financing activities are disclosed in the statement of equity and Note 3.

3. Monies administered in trust

The Board has entered into agreements with the Ontario Grape Growers' Marketing Board (OGGMB) requiring that the OGGMB provide, through a public accounting firm, accounting services to the Board and trust accounts in a chartered bank for the receipt and disbursement of funds received from the Board, funds from the sale of surplus products and funds received from the Province of Ontario in respect of the Surplus 1986 and 1987 Ontario Grapes Programs.

For the Surplus 1986 Ontario Grapes Program, an amount of $4,360,000 recorded as a use of parliamentary appropriation by the Board for the year ended March 31, 1987, and $1,793,000 received from the Province during the same year, were deposited in a trust account. For the year ended March 31, 1988, a further $2,951,969 (1987—$1,104,251) comprising proceeds from the sale of surplus products, refunds of processing costs and interest was also deposited to this account. Of this latter amount, $1,943,686 (1987—$914,939) was later disbursed from the trust account for purposes of the Program.

For the Surplus 1987 Ontario Grapes Program, an amount of $2,760,000 recorded as a use of parliamentary appropriation by the Board, and $2,760,000 from the Province, were deposited in a trust account for disbursements for the purposes of the Program. A further $410,356 comprising proceeds from the sale of surplus products and interest was deposited to separate trust accounts established for receipts and the Board's share was periodically forwarded for deposit to the credit of the Receiver General.

4. Inventories

	1988		1987	
	Cost	Net realizable value	Cost	Net realizable value
	$	$	$	$
Grape products	4,252,914	2,028,184	6,734,862	3,741,332

The provision of $2,224,730 (1987—$2,993,530) for write-down of inventories to their net realizable value is reflected in the statement of operations.

5. Long-term notes receivable

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions.

The Medical Research Council provides secretarial and other administrative and technical services to the Board, including maintaining systems of financial management and internal control. Transactions are executed in accordance with the Queen Elizabeth II Canadian Research Fund Act and are properly recorded to maintain accountability of Government funds and to safeguard the Board's assets.

These financial statements have been examined by the Auditor General, his role being to express an informed opinion as to whether the Board's financial statements, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Board's financial transactions.

AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES
AND THE
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the balance sheet of the Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children as at March 31, 1988 and the statements of operations and balance of fund and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1988 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Queen Elizabeth II Canadian Research Fund Act and by-laws of the Board.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1988

1. Authority and purpose

   The Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children was established by the Queen Elizabeth II Canadian Research Fund Act in 1959 to assist individuals or organizations to undertake or carry on research into the diseases of children, and the causes, prevention and treatment of such diseases. The Act provided for an initial one million dollar appropriation from the Consolidated Revenue Fund and established the Board of Trustees, consisting of a Chairman and six other trustees appointed by Her Majesty by commission under the Great Seal. The Board manages and administers the Fund in accordance with and subject to the Act.

2. Accounting policies

   Revenue from, and investment in, Government of Canada securities

   The investment in Government of Canada securities is recorded at cost. All gains or losses, including any premium or discount on acquisition, are recognized as revenue when the securities are sold. Interest income is recorded on an accrual basis.

   Scientist awards and other expenses

   Scientist awards are provided for in the year the awards are approved. Any subsequent increase or decrease in an award is accounted for in the year the increase or decrease is approved. Any awards cancelled subsequent to the year of approval are recognized as revenue in the year of cancellation. Refunds of unspent awards are recorded as revenue when received. Other expenses are recorded on an accrual basis.

   Services provided without charge

   The Medical Research Council provides the Board, without charge, with such secretarial and other administrative and technical services and facilities as are required for the purposes of the Act.

3. Queen Elizabeth II Visiting Professorships

   At a Board of Trustees meeting on March 20, 1985, a decision was taken not to offer any new scientist awards for the time being. At the same meeting, the Board approved the establishment of a Lectureship Award, to be known as the Queen Elizabeth II Visiting Professorship, to enable Canadian departments of pediatrics to invite scientists of international calibre to visit their departments. This is designed to help strengthen the departments' scientific and research efforts in childhood diseases. The first awards were made in 1986-87.

Under the terms of the Act, the Board may invest any moneys of the Fund in bonds or other securities of the Government of Canada and may sell any such bonds and securities. The securities held at March 31, 1988 bear interest at rates ranging from 6.75% to 11.14% a year. Since interest on Government of Canada residuals is paid only at maturity, the market price of these residuals takes into account accrued interest, current prevailing interest rates and the term to maturity.

Canadian Grain Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Grain Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Commission.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. To fulfill its reporting responsibility, the Commission maintains a set of accounts which provides a centralized record of the Commission's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement, unless indicated otherwise.

The Department of Agriculture's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Commission maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Commission's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Commission also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Commission's financial transactions.

The accounting system and financial statement of the Commission have evolved over the years to meet changing conditions.

NOTES TO STATEMENT OF OPERATIONS
MARCH 31, 1988

1. Authority and objective

The Canadian Grain Commission was established under Section 3 of the Canada Grain Act (1970) to establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets. The Canadian Grain Commission operates under lapsing authority however, there are some personnel costs covered by statutory authorities.

The Commission exercises certain responsibilities under the following Acts and associated regulations in addition to the Canadian Grain Act:

Financial Administration Act
Grain Futures Act
Weights and Measures Act
Western Grain Stabilization Act
Western Grain Transportation Act
Inland Water Freight Rates Act

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Expenditure is recorded on the accrual basis for all goods received and services performed up to March 31, 1988, with the exception of termination payments and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash basis in accordance with Government of Canada accounting policies. Revenue is credited directly to non-tax revenue.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Amounts representing services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

NOTES TO STATEMENT OF OPERATIONS
MARCH 31, 1988—*Concluded*

4. Accounts receivable

As at March 31, 1988, accounts receivable from outside parties for services provided by the Commission were $3,648,026 (1987—$4,078,239).

5. Lease commitments

Lease commitments under operating leases with terms of more than one year total $9,416,597. The future aggregate minimum lease payments by fiscal year are as follows:

	$
1989	2,440,858
1990	2,305,441
1991	2,278,315
1992	2,179,124
1993 and on	212,859

6. Contingent liabilities

The Commission has exercised its powers under Sections 36 and 38 of the Canada Grain Act in revoking licences which included the realization of posted securities. As a result, various claims and lawsuits have been brought against the Commission.

The Commission was given notice of a statement of claim that names the Commission as one of several Government departments who allegedly were negligent in the manner of testing of toxins contained in the winter wheat crops of 1980. Damages are claimed for storage costs and transportation costs incurred by reason of the alleged negligence.

In the opinion of management and legal counsel the losses, if any, cannot be determined at this time. Accordingly, no provision has been made in the accounts of the Commission.

Settlement, if any, that may be made with respect to these actions, is expected to be accounted for as an operating expenditure in the year in which the settlement occurs.

TAXATION

Remissions of $1,000 and more:

Ascot Plaza, Hodusa Plaza, Pascoe Plaza (2)

PC 1987-2088, dated October 8, 1987, authorized the remission of income tax, interest and penalties for the 1986 taxation year and subsequent taxation years payable under the Income Tax Act to certain limited partners of Ascot Plaza, Hodusa Plaza and Pascoe Plaza who acquired an interest in named limited partnerships before November 1, 1986. It is estimated the maximum net present value of the deferred taxes is $300,000.

Ashraff, Anne E (2)

PC 1988-11/635, dated March 30, 1988, authorized the remission of income tax of $2,311 plus relevant interest on a 1981 statute-barred return. The Department had consented to a judgment relating to the deductibility of rental expenses by the taxpayer's partner. The remission was recommended to place the taxpayer on the same basis as the partner.

$

Cooke, Patrick M (2)

PC 1988-8/635, dated March 30, 1988, authorized the remission of income tax of $2,924 and $334 for taxation years 1981 and 1982 respectively. This order conditionally remitted on the grounds of administrative error statute-barred income tax on Registered Pension Plan Contributions which could not benefit from a tax free rollover to an RRSP. The condition is that the funds minus the pension deduction must be transferred to an RRSP before 1988.

Dufresne, André 1,648

PC 1987-3/1052, dated May 21, 1987, authorized the remission of 1978 income tax of $841, a penalty of $42 and interest of $765, in respect of a Workmen's Compensation award and receipt of non-taxable payments.

Ferris, Robert (2)

PC 1988-12/635, dated March 30, 1988, authorized the remission of income tax of $5,895 plus all relevant interest on a 1986 lump sum settlement received in a lawsuit concerning pension arrears. The remission was granted as the timing of the receipt was beyond the control of the taxpayer and to report the entire amount in one year would represent a significant financial setback.

Harris, G C 2,492

PC 1987-4/1147, dated June 4, 1987, authorized the remission of interest on income tax of $716, $1,496, $258 and $22 for the taxation years 1980, 1981, 1982 and 1983, because of departmental administrative error in reporting employment income, on a fiscal year basis.

Hebert, Georgie 10,201

PC 1987-5/2003, dated September 24, 1987, authorized the remission of income tax for the years 1976 to 1981 of $1,523, $967, $743, $1,556, $1,993 and $2,890 respectively plus interest of $529, with respect to disability insurance income and the application of ITAR 19(1).

Jennings, Elvin 2,492

PC 1987-4/2003, dated September 24, 1987, authorized the remission of income tax of $2,211 and interest of $281 for the taxation year 1985, with respect to the application of disability benefits.

Debts, obligations and claims written off or forgiven

There are three types of approval/authority for the write-off or forgiveness of debts, obligations and claims:

(i) Ministerial approval represents authority given to Ministers under the Financial Administration Act (FAA) or other Acts of Parliament as described in (i)(a) and (b)—

(a) Section 18(1) of the FAA gives Ministers, through Treasury Board regulations, general authority to approve the write-offs, from the memorandum departmental accounts receivable, of any debt other than overpayments of salaries, wages, and employment-related allowances, obligation or claim that does not exceed $25,000.

(b) Other Acts of Parliament (eg. Bankruptcy Act) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.

(ii) Treasury Board approval—Section 18(1) of the FAA allows a Minister, with specific Treasury Board approval, to write-off, from memorandum departmental accounts receivable, any debt, obligation or claim that exceeds $25,000. Certain debts, obligations or claims less than $25,000, such as the overpayment of salaries, wages, and employment-related allowances, may need Treasury Board approval to be written off.

(iii) Parliamentary authority—

(a) Section 18(2) of the FAA requires that where a debt, obligation or claim included in the Statement of Assets and Liabilities of Canada is to be written off, the write-off must be authorized by Parliament as a budgetary item in an Appropriation Act or some other Act.

(b) Section 18(5) of the FAA specifies that any debt, obligation or claim of a Crown corporation due to the Government may be forgiven by being included in a budgetary vote of an Appropriation Act.

(c) Ministers may also be given specific approval to forgive a debt, obligation or claim as provided by Parliament in a specific Act.

Statement of accounts receivable

In accordance with its accounting policy, the Government generally reports revenue in the year in which it is received. Therefore, amounts representing billed but uncollected and/or unbilled and accrued financial claims arising from amounts owed to a Government body for self-assessed taxes, use of its assets or from proceeds for provision of services and interest capitalized, deferred, due and accrued, are not recorded as accounts receivable in the accounts of Canada, nor are they reported as assets on the Statement of Assets and Liabilities. These items, however, are controlled through memorandum accounts kept by Government bodies and are presented in this statement.

Outside parties represents accounts receivable from outside the Government. Allowance for doubtful accounts represents the total accounts receivable which are scheduled for write off or forgiveness plus an allowance for doubtful accounts based on the best estimate of all or any amounts which may not be collected. Internal to the Government are amounts of accounts receivable collectable from Government bodies. A Government body is an organization which is part of the Government of Canada as an accounting entity.

Items shown as Internal to the Government do not represent cash to be received. They are memorandum amounts and are not included in the total net accounts receivable.

Accounts receivable written-off or forgiven are included in Section 3 of this volume (Statement of debts, obligations and claims written-off or forgiven).

Accounts receivable as at March 31

Notes to statement of accounts receivable

(1) Included in the statement is corporate Part VII tax of $13,506,122 which is refundable when investment tax credits or share-purchase tax credits are earned by the corporations.

(2) This statement includes receivables of the Unemployment Insurance Account. National Revenue—Taxation has reported $50,845,562 in Unemployment insurance accounts receivable as at March 31, 1988 ($49,516,146 as at March 31, 1987) which represent deductions at source.

(3) Not included in the statement are contingent receivables estimated at $27,735,919 for customs duties and excise taxes relating to motor vehicles and motor vehicle parts imported by vehicle manufacturers who have not fully complied with conditions specified under automotive incentive programs.

(4) The excise taxes and duties accounts receivable (outside parties and internal to the Government) amount to $285,357,000 and are summarized in the following table:

	Customs	Excise	Total
	$	$	$
Active	155,178,000	95,515,000	250,693,000
This category represents accounts other than bankruptcies and receiverships upon which collection action is being taken, and accounts being disputed or appealed which are awaiting a decision under governing acts or regulations. There are 27,921 such accounts.			
Active/uncollectable	1,793,000	32,871,000	34,664,000
This category includes accounts in bankruptcy or receivership awaiting finalization by trustees or receivers, and accounts awaiting approval for deletion by the Departmental Uncollectable Accounts Committee. There are 1,803 such accounts.			
	156,971,000	128,386,000	285,357,000

(5) During the year, total write-offs and forgiveness of accounts receivable as detailed in Section 3 amounted to $2,289 million. That statement also includes Parliamentary write-offs and forgiveness of loans, investments and advances which totalled $1,934 million.

Construction and acquisition of land, buildings and works

This statement provides total current year's expenditure by program, with details for contracts of $250,000 or over ($25,000 or over for cost plus contracts). In this statement:

— one asterisk (*) adjacent to amounts in the expenditures to date column indicates that amounts reported in previous year's Public Accounts have been amended in the current year;
— two asterisks (**) adjacent to name and location of contractor indicate the contracts that have been awarded through the Department of Public Works;
— three asterisks (***) adjacent to amounts in the amount of contract column indicate cost plus contracts; and
— an (*f*) adjacent to amounts in the expenditures to date column indicates the contracts completed in the current year.

A summary of total current year's expenditure (standard object 08) by department and agency is provided in Section 1 (Table 5) of Volume II (Part I).

* Amends reporting in previous year's Public Accounts.
** Awarded through Public Works.
*** Cost plus contract.
(*f*) Contract completed.
(1) Agriculture, a contract related to an other contract greater than $250,000.
(2) The amount of $592,937 in the Department of Environment represents a joint project between Administration Program and Parks Program. Current year expenditures by Administration Program were $13,729 and by Parks Program $579,208.
(3) Joint project between Fisheries and Oceans and Transport Canada. Expenditures by Fisheries and Oceans were $8,601,588 and by Transport Canada $2,960.
(4) Current year expenditures for XV Olympic Winter Games Program in the Department of National Health and Welfare are reported on a gross basis. The department received donations in the amount of $5,407,714 which have been credited to standard object 08, but cannot be allocated to the individual contracts.
(5) The amount of $363,520,399 includes the Public Works Revolving Fund. Since the Public Works Revolving Fund provides construction services on a cost recoverable basis to other programs, departments and agencies of the Government of Canada, detailed information for inclusion in this statement is therefore reported by the entities that received such services.

Construction and/or acquisition of machinery and equipment

This statement provides an analysis of the current year's expenditure (standard object 09) by main category of machinery and equipment for the year ended March 31, 1988. A summary of total current year's expenditure by department and agency is provided in Section 1 (Table 5) of Volume II (Part I).

Transfer Payments

A transfer payment is a grant, contribution or other payment made by the Government for which no goods or services are received, and which is made for the purpose of furthering program objectives. This Section presents, for each program, the total expenditure by recipient or class of recipients, together with a detailed listing of individual payments of $50,000 or over. A summary of total current year's expenditure (standard object 10) by department and agency is provided in Section 1 (Table 5) of Volume II (Part I).

Federal contributions in respect of provincial and territorial health care services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. Total entitlements for each province are based on a per capita amount prescribed in legislation. The amount is escalated annually in line with the growth of the gross national product and population. The tax contribution is the current value of a legislatively prescribed number of tax points (and the fiscal equalization associated with them). Cash payments are the difference between total entitlements and the tax contribution plus adjustments related to prior years payments. The equalization associated with the tax transfer is paid under the fiscal equalization program administered by the Department of Finance. The amount of these cash and tax transfers in 1987-88 is shown above.

The payment of cash contributions is also subject to provisions of the Canada Health Act. The Act requires that the provinces not permit extra billing by a medical practioner or a dentist or the assessment of specified user charges by an hospital. Should a province fail to comply with these conditions, the Act provides for automatic deductions from the cash contributions. However, if prior to March 31, 1987, a province eliminates extra-billings or users charges, the amount deducted was to be refunded. During 1987-88 New Brunswick received a refund of $353,000.

Federal contributions in respect of provincial and territorial health care services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. These contributions take the form of a transfer of a predetermined number of tax points (and associated equalization) which are estimated at 5.8 billion in 1987-88, together with the payment of a predetermined base amount of cash escalated on the basis of growth of the gross national product and population (as shown above). The payment of cash contributions is also subject to various provisions of the Canada Health Act. In order that a full cash contribution may be paid, provinces must satisfy program criteria respecting public administration, comprehensiveness, universality, portability and accessibility throughout the fiscal year, and in addition, give recognition to the contributions and payments made by Canada under the Canada Health Act.

Additionally, the Act requires that the provinces must not permit extra billing by a medical practitioner or a dentist or the assessment of user charges by a hospital. Should a province fail to comply with these conditions, the Act provides for automatic deductions from cash contributions.

The Act also provides that if, prior to March 31, 1987, a province eliminates extra-billing or user charges, the amounts deducted shall be refunded to the province.

All provinces have taken action to eliminate extra-billing or user charges as defined under the Canada Health Act. All refunds have been made.

The transaction during the year with respect to the reimbursement of extra-billing was as follows:

The Canada Assistance Plan Act authorizes the government to enter into agreements with provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

(1) The Province of Quebec has opted to receive special funding in lieu of cost sharing under the Canada Assistance Plan, in accordance with Part VII for Special Welfare programs of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. Under these provisions, the Province of Quebec is entitled to receive a combination of cash and tax abatement units equivalent to the transfer payments which would have been made had it opted to participate in the Canada Assistance Plan.

The amounts received by Quebec were:

The New Horizons Program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished by providing professional assistance and financial contributions to help groups of seniors to plan and develop projects in keeping with their interests and talents. These projects help participating seniors to remain socially active and provide them with an opportunity to become involved in community service projects which help many seniors to prolong an independent life-style.

APPENDIX 5

Summary of payments under the Family Allowances Act (National Health and Welfare)

Year ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1988	3,666	6,597	2,564
1987	3,659	6,592	2,534
1986	3,645	6,585	2,501
1985	3,635	6,586	2,418
1984	3,638	6,622	2,326

Federal Family Allowances are paid in respect of dependent children under age 18. Although payment is normally made to the mother, it may be made to any person who has assumed responsibility for the maintenance of the child. Special Allowances are paid for children who are maintained by agencies or institutions. The legislation provides for annual escalation of the allowance in January of each year based on increases in the Consumer Price Index in excess of 3%. The federal monthly rate of family allowances per child was $31.93 in 1987 and $32.38 in 1988. Special allowances were $47.64 a month in 1987 and $48.31 in 1988.

A provincial government may request the federal government to vary the federal family allowances rate payable in that province on the basis of the age of the children or the number of children in the family, or both, provided that the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province for a specific four year period is equal to the average monthly federal rate over the same period. The provinces of Alberta and Quebec have exercised this option.

In March 1988, there were 3,666,262 families and agencies receiving an average of $59.05 on behalf of 6,596,745 eligible children.

Child Tax Credit is an income-tested benefit designed to assist low and middle income families with children. The basic amount of 1987 Child Tax Credit was $489.00 per child. The total credit payable was reduced by 5% of net family income above $23,760. Payments applicable to taxation years 1985, 1986 and 1987 made from April 1, 1987 to March 31, 1988 amounted to $19,516,236, $1,052,753,957 and $565,537,991 respectively, a total of $1,637,808,184.

A full or partial basic Old Age Security pension is payable at age 65 or later to everyone who has met certain residence requirements.

A Guaranteed Income Supplement is an additional amount payable to pensioners who have little or no other income apart from the Old Age Security pension. Entitlement is normally based on income in the preceding calendar year, computed in accordance with the Income Tax Act. Where a married couple is concerned, each is considered to have one half of their combined income.

Spouse's Allowance is payable to the spouse of a pensioner if the spouse is age 60 to 64 and to widows and widowers aged 60 to 64. All recipients must meet certain residence requirements. Entitlement is based on income.

All benefits under the Old Age Security program are subject to change in January, April, July and October of each year based on increases in the Consumer Price Index.

The benefits in effect as at April 1, 1988 were as follows:

Monthly benefits	$
OAS (basic)	313.15
GIS (maximum)	
Single person or a married person whose spouse is not in receipt of OAS or SPA	372.16
Married couple, both pensioners—Each	242.39
Spouse's Allowance (maximum)	555.54
Widowed recipients	613.33

In March 1988, there were 2,835,107 old age security pensioners, of whom 1,356,672 or 48% were also receiving a supplement; the average supplement paid was $228.33. In addition, there were 140,159 spouses of pensioners in receipt of spouse's allowance. The average spouse's allowances benefit was $295.76.

[1] For unmatured debt, the amount of principal represents the closing balance as at March 31, 1988. For the specified purpose accounts and the other accounts, the amount of principal represents the net closing balance as at March 31, 1988.

[2] Amounts reported in this column represent interest (i.e. interest on unmatured debt (including Treasury bill and Canada bill discounts), on specified purpose accounts and on other accounts) unless otherwise indicated.

[3] Converted to $1 US = $1.2349 Canadian.

[4] These amounts include charges and receipts for swap agreements which correspond to these debt issues.

[5] Converted to 1 DM = $.7446 Canadian.

[6] Converted to 1 SF = $.9043 Canadian.

[7] Converted to 1 Y = $.009931 Canadian.

[8] Term to maturity is 20 years, or such lesser period as may from time to time be fixed by the Minister of Finance on recommendations of the Chief Actuary of the Department of Insurance, redeemable in whole or in part before maturity only at the option of the Minister of Finance.

[9] Interest on this balance is distributed to the Provinces of Ontario and Quebec on a basis of population.

Payments of damage claims

This statement provides, by ministry and program, details for all payments of damage claims of $1,000 or over. Payments of less than $1,000 are reported as one amount at the end of each program, together with the total number of such claims. A damage claim is a claim for damages for which the Crown was liable under the Crown Liability Act.

Ex gratia payments

This statement provides, by ministry and program, details for all ex gratia payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a payment for which no liability is recognized, whether or not any value or service has been received, and that is made as an act of benevolence in the public interest.

Nugatory payments

This statement provides, by ministry and program, details for all nugatory payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, a nugatory payment is a payment for which no value or service has been received but for which a liability is recognized.

FEDERAL-PROVINCIAL SHARED-COST PROGRAMS

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, and this even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

This Commission was established under the Pacific Salmon Convention Act, 1957, c. 11, s.1 as amended and consolidated in RSC 1970, c. F-19, s.1, and Order in Council 1986. The Treaty provides a unique opportunity to resolve stock interception problems, reduce the overfishing of internationally exploited stocks and open new avenues to increase salmon production through enhancement, stock conservation and rebuilding. The Treaty establishes a new institutional framework for coordinating Canadian and US salmon management, enhancement and research. The Treaty establishes specific limitations on key interception fisheries, commits both countries to additional research activities, mandates an ongoing negotiation process to implement Treaty objectives and establishes an independent arbitration mechanism to settle technical differences. The life of the Commission is ongoing.

Financial assistance given to railways by the Government of Canada in 1987-88 (with cumulative figures to March 31, 1988)

The 1952 Canadian National Railways Capital Revision Act stated that "The Minister shall include annually in the Public Accounts a summary statement of all assistance, including land grants, guarantees and capital subsidies but not including grants made pursuant to statutes for the relief of unemployment, that has at any time been given by the Government of Canada to each of (a) the National System (Canadian National Railway System), including its predecessor companies; (b) the Pacific Railways (Canadian Pacific Limited) as defined in the 1952 Canadian National-Canadian Pacific Act, including its predecessor companies; and (c) any other railway".

The following statement presents the budgetary and non-budgetary financial assistance showing annual and cumulative payments. Cumulative budgetary assistance includes miscellaneous program expenditures in which the corporations have benefited. Only individual payments of $50,000 or over are reported in this statement.

Railways have been interpreted to include the following for purposes of this statement: (i) for Canadian National Railways—all companies owned, operated or managed by Canadian National, (ii) for Canadian Pacific—only companies engaged in transportation, communications and hotel activities.

Non-budgetary assistance represents the net increase or decrease to loans, investments and advances.

Budgetary assistance represents a charge to budgetary appropriations which affect the annual deficit or surplus of the Government.
